The house which was upon this lot will be moved to the south end of the lot and used as a manse, and the church will stand on the corner, facing Fourth street. The west half of the old lot has been sold to E. G. Flanagan, and the east half, joining the new lot gives the property a frontage of 75 feet on A street and 100 feet on Fourth. The rearrangement of the buildings is now under way by Christensen & Johnson and will probably be completed next week. The property at the corner of A and Third streets has been sold to Renard Oisen.
