LET WELL ENOUGH ALONE

There is a cry from the politicians of Oregon, and they assume a considerable degree of dissatisfaction at the present governor. They wish to see him turned down at the coming state convention. Egged on by the discordant element, these trimmers and leaches of the Grand Old Party are seeking to stir up opposition to the re-nomination of Governor Geer. They claim that no Republican governor of Oregon has ever been elected to a second term and that "History will repeat itself," etc., in the coming struggle.

The people generally are well pleased with the present state officials and especially Gov. Geer. It has been impossible for this board of suckers to make an impression on the governor and instead of being a tool of jobbing politicians, he has gone on giving the people the best possible state government. He performs his official duties fearlessly and hews to the line always. He more fully represents the stalwart Republicanism of the present Administration and should be given the opportunity to more fully carry out the improvements he has already inaugurated in the various institutions.

The people of Oregon are satisfied that the state is at present in better hands than for many years and will be wise enough to let well enough alone when the next state convention meets. History will not repeat itself this time by the will of the people.

There is no reason why one of the Coos river steamers can not just as well pull down \$75 a month by instituting a rural free delivery mail route. Coos county is entitled to some of the good things. All that is required is to get after it properly. It cannot be argued by the businessmen that rural mail delivery will injure their business here as they do in some places. It would work fine

Risking Life

To make a living! And we stand stare up at the man in the clouds, wondering that any man can be so fool-hardy. But what of the business man, who has barely time to snatch a hasty meal, and gulps down a lunch of pie and milk in a few minutes? He too, is risking his life to make a living. Life is sustained by food properly digested and assimilated. The result of hasty eating and irregular meals is "weak" stomach, and a "weak" stomach means a weak man. When the stomach is "weak" the food eaten is not properly digested and cannot be perfectly assimilated, so that there is a daily loss of nutrition, which in time will result in physical collapse.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the assimilation of all the nutritive values of the food eaten, and so builds up the body into sound health and strength.

Mr. Ned Nelson, the celebrated Irish Conjuror and Mimic, of 277 Broadway Street, Camden, N. J., writes: "We fulfilled an engagement of eleven weeks and the constant traveling gave me a bad touch of that dreaded disease called dyspepsia. I had tried everything possible to cure it but in vain, while playing at B. F. Keith's Bijou Theatre, Philadelphia, in the Nelson Revue, a professional friend of mine advised me to try Dr. Pierce's Golden Medical Discovery. I tried it and, thank God, with good results."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 27 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

No matter how dull business gets the editor must get out a paper just the same, even if he were to be so rash as to indulge in an outing, so while you are languishing in the shade taking your outing don't criticise him too harshly.

All the steel mills can be in the steel trust, but not all the workmen should be in the labor trust. This is the position of the employing factories, but whether it can be established as logical remains to be seen.—Oregonian.

The discordant element of the Republican party are already at work fixing up slates in the various counties. It is to be hoped the infection will not spread to Coos county.

It is not necessary to have your store location in the principle part of town just so it is convenient. Printer's ink properly used will bring customers.

The merchandise house of A. H. Black & Co. was closed Tuesday by the Sheriff upon an attachment of the business by the firm's creditors. The firm has gone into bankruptcy and a receiver has been appointed, who will arrive today to take charge of the business. Messrs Black & Co. suffered large losses the past year or two through R. A. Graham and on their apple deals, which is probably responsible for their failure. The firm was one of the leading business houses of Coos county and did much for this section of the county, having dealt heavily in all kinds of produce, thereby opening up the market for the farmers and distributing many dollars among them. The members of the firm were honest, accommodating and enterprising, and their failure is regretted by all.—Myrtle Point Enterprise.
