There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I am for the good derived from it. I was a slave, chained with putrid sore throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment the trial acted like a charm. Send me a full sized bottle."

DR. TAFT BROS. MEDICINE CO.

Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your window on 130th street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the 1st of November. I very soon noticed a radical improvement. After using one bottle her asthma has disappeared and she is entirely free from all symptoms. I feel that I can conscientiously recommend the medicine to all who are afflicted with this distressing disease.

Yours Respectfully,

O. D. PHELPS, M. D.

Rescued from Starvation

In Thursday morning's issue of the MAIL we mentioned the fact that some vandal had caught a seagull and tied its bill together in such a way as to deprive it of the means to obtain food. That the story reached one kindhearted person was proven Saturday morning when a longshoreman brought to this office the string that had been tied around the gull's bill. The gentleman who brought the string to this office is a hard working man and is compelled to put in all his time working to earn his daily bread, yet he could spare a full half day in trying to catch and save a helpless gull from a death by starvation, and in the end his efforts were crowned by success and the poor bird was given his freedom. Such an act of mercy deserves the highest commendation and proves the old saying that "often under a ragged coat there beats a true warm heart."

Back Talk

The Myrtle Point Enterprise copies part of our article about the muddy streets of that town, and then comes back as follows: "It is true that our streets have come mud in them but we have never heard of any one being compelled to travel the back street to keep from miring—especially an old 'clam digger' who has waded through the swamps and slough (that sticky slimy mud) on Coos bay, these many years. Mr. Yoakam might have traveled the back street, but it was not made necessary on account of mud. However, admitting that we have a little mud, we much prefer it to 250 cases of smallpox, Mania Itch, chickenpox, measles, seven-year itch, scarlatina or some other contagious disease like Marshfield has had the past few months."

Welch Found Guilty

L. J. Welch was tried Wednesday and found guilty on a charge of rape. The history of the case is briefly as follows: Welch, who is a married man, seduced Miss Edie McCulloch, of Roseburg, who was under 15 years of age and who did not know that Welch was a married man. Welch's wife, who lived in Albany, heard of his doings and had him arrested on the charge of adultery. The McCulloch girl then committed suicide. The charge against Welch was later changed to rape. He was to be sentenced yesterday. Welch formerly resided at Salem.

KICK A DOG

Kick a dog and he bites you. He bites you and you kick him. The more you kick the more he bites and the more he bites the more you kick. Each makes the other worse.

A thin body makes thin blood. Thin blood makes a thin body. Each makes the other worse. If there is going to be a change the help must come from outside.

Scott's Emulsion is the right help. It breaks up such a combination. First it sets the stomach right. Then it enriches the blood. That strengthens the body and it begins to grow new flesh.

A strong body makes rich blood and rich blood makes a strong body. Each makes the other better. This is the way Scott's Emulsion puts the thin body on its feet. Now it can get along by itself. No need

of medicine. This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle. Send for free sample. SCOTT & BOWNE, 409 Pearl St., New York. 50c. and \$1. all druggists.
