The death of a Boston man from overexertion in playing ping-pong is announced. That is no reflection upon the game. Out West many a man has died suddenly at poker.—Minneapolis Tribune:

The Crown Prince of Slam and the heir to the throne of Japan talk of visiting the United States. If this business keeps on we shall become so haughty presently that there really won't be any living with us.—Chicago Record Herald.

If the political leaders in Coos county have the welfare of the taxpayers at heart they would better study the methods employed in Marion county, where the county administration, all Republican except the sheriff, have in the last three wiped out a debt of nearly \$100,000, in the fulfillment of pre-election pledges.

Why do the disgruntled Republicans boom Fulton for Governor, when they know it will mean the defeat of Secretary of State Dunbar, who has been one of the most economical officers Oregon has ever had? He has kept out hundreds of small grafts and thereby saved the taxpayers thousands of dollars. If these would-be benefactors to the Republican party regard the welfare of the taxpayers they will do all in their power to return F. I. Dunbar the present incumbent.

Captain A. M. Simpson of San Francisco is reported as saying that the small and medium sized saw mills are more profitable than the very large ones. This has been held by many practical men for many years, both in the white pine and Coast operations. The small mill often fails to make a good showing by its owners inability to realize full value for his stock, while the larger mill owners are in better touch with the markets.—Puget Sound Lumberman.

A Printer Greatly Surprised

"I never was so much surprised in my life, as I was with the results of using Chamberlain's Pain Balm," says Henry T. Crook, pressman of the Asheville

N. C. Gazette. "I contracted a severe case of rheumatism early last winter by getting my feet wet. I tried several things for it without benefit. One day while looking over the Gazette, I noticed that Pain Balm was positively guaranteed to cure rheumatism, so bought a bottle of it and before using two thirds of it my rheumatism had taken its flight and I have not had a rheumatic pain since."—Sold by John Preuss.

Competing Freighter

The Pacific Navigation Co., which has monopolized the trade between Tillamook and Astoria for many years will have a competitor in the Geo. R. Vosburg, a tug well known here. The Vosburg will make regular trips between Astoria and Tillamook.

Vicious Law Knocked Out

Judge R. P. Boise, of the Second Judicial District has pronounced unconstitutional the law giving a monopoly of logging streams to any one who would do improvement work on them. It was a vicious law. This thing of giving some corporation a franchise on every gift of nature that can be corralled has been carried to extremes already.

Kodol Dyspepsia Cure

Digests what you eat.

This preparation contains all of the digestants and digests all kinds of food. It gives instant relief and never fails to cure. It allows you to eat all the food you want. The most sensitive stomachs can take it. By its use many thousands of dyspeptics have been cured after everything else failed. It prevents formation of gas on the stomach, relieving all distress after eating. Dieting unnecessary. Pleasant to take.

It can't help but do you good
Prepared only by E. C. DeWitt & Co., Chicago
The 81. bottle contains 2 1/2 times the 50c. size.

Cedar Scarce

Evidently a goodly number of Eastern lumbermen do not believe that cedar timber is already becoming difficult to obtain along the coast. Some of them perhaps believe that statements made are for boomish reason only.

A trip and an inspection proves that all men are not liars in this century, no matter what they might have been when the sweet singer of Israel was throwing mud at his fellow men.—Puget Sound Lumberman.

Good Channel

Captain Sears, of the South Portland, reported on her arrival here that he sounded carefully in crossing in over the bar and the least water he found was 45 feet. It seems as though the captain's leadman must have mis-counted the knots in his line, as no such depth of channel was ever known here before.

No doubt the high tides have scoured out the channel to an unusual depth, and it is to be hoped that it will be maintained. It seems that the chances for an appropriation at this session of congress are pretty slim, and we will have to depend for a couple of years longer on what is left of the jetty, which itself seems to be more effective than has been expected.

Smashed Plate Glass

DISCHARGED SAILOR NOW A SECTION HAND

Breaks Both Windows in Flanagan & Bennetts Bank—No Motive Known For the Crime

About 7 o'clock Tuesday evening John J. Cozad, a man employed on the section gang of the railroad, deliberately smashed both windows of the Flanagan and Bennett bank, throwing a brick through one, and through the other a heavy watch case, without works, which he used as a match safe.

After throwing the brick he walked away a few steps, then returned and threw the watch case through the other window, using force enough to make a clean round hole. He then entered a saloon near by and seated himself in a chair, where he was found a few minutes later by Marshal Carter and placed under arrest.

The man was not intoxicated, and his motive for the crime seems to be a mystery. So far as his history is known, he hails from San Diego, where he has a wife and family. His age is about 24 years and in appearance he is of medium height, very heavy set, with dark hair and moustache.

He came here as a sailor on the schooner Una, which arrived on the 14th of February. He did not belong to the Sailor's Union and while the vessel lay here pressure from some source was brought to bear on the captain of the schooner and Cozad was discharged.

The man came ashore and soon got employment on the section, where he has put in some 12 days, boarding at the Blanco hotel.

He seemed a quiet, well-behaved fellow and his act was a surprise to his acquaintance.

He would not talk last evening or give any explanation.

ALL WOMEN

Wine of Cardui is the guardian of a woman's health and happiness from youth to old age. It helps her safely into womanhood. It sustains her during the trials of pregnancy, childbirth and motherhood, making labor easy and preventing flooding and miscarriage. It gently leads her through the dangerous period known as the change of life.

WINE OF CARDUI

cures leucorrhoea, falling of the womb, and menstrual irregularity in every form. It is valuable in every trying period of a woman's life. It reinforces the nervous system, acts directly on the genital organs and is the finest tonic for women known. Ask your druggist for a \$1.00 bottle of Wine of Cardui.

Batesville, Ala., July 11, 1900.
I am using Wine of Cardui and Theodor's Black-Draught and I feel like a different woman already. Several ladies here keep the medicines in their homes all the time. I have three girls and they are using it with me.
Mrs. KATE BROWDER.

For advice and literature, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Company, Chattanooga, Tenn.

He will have an opportunity to explain himself to Recorder Hyde today, on a criminal charge, which may send him to the penitentiary.

The windows broke are large single panes of plate glass, and the cost of replacing them will be about \$250.

A WORTHY SUCCESSOR.

"Something New Under The Sun"

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and speciality of the treatment of CATARRH, has at last perfected a Treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES the GUARANTEED CATARRH CURE" and is sold at the extremely low price of one Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the "GUARANTEED CATARRH CURE."

Sent prepaid to any address in the United States or Canada on receipt of one Dollar. Address Dept. 4657, EDWIN B. GILES & COMPANY, 2330 and 2332 Market Street, Philadelphia.

Bandon

The late storms on the coast have given rise to much uneasiness on the part of shipowners and others interested in water front matters. There has been a long list of "overdues" which was broken only today by the arrival of the schooner Albion, 40 days out from San Francisco. The Mayflower is out 46 days bound here, while the Coquille, bound down, is 47 days without reporting. The Del Norte left Rogue river, more than 50 days out, bound down.

The schooner Corinthian and the gasoline schooner Monterey have been at the dock 30 days unable to get to sea, but will probably sail tomorrow morning.

The town has taken on a semblance of its old self since the quarantine was raised; but it will be some time yet before conditions are normal. Neighboring towns seem to have taken umbrage at Bandon's course in the matter of the late prevailing epidemic, but this feeling has doubtless been based, not so much upon the quarantine itself, as upon unfounded rumors as to the reasons which impelled the establishment of the embargo. We were more or less prepared for the hostile expressions from Coquille, but we had expected better prediction from Marshfield. However, its "all off" now, and we expect an immediate resumption of kindly relations. It as a "closed incident." As President Johnson once said in a message to congress, "We are at peace with all the world and the balance of mankind."

W. J. Butler of Marshfield, has been with us for a number of days. In the capacity of Deputy Grand Master, A. F. & A. M., he is said to be caring for the interest of the order hereabouts.

Dr. Prentiss is here, much to the satisfaction of a large number of our people who have been anxiously and painfully waiting his coming for some time.

Mrs. H. R. Reed, of Marshfield is visiting her daughter, Mrs. J. M. Upton.
