A Portland parrot prophesied a fire last Monday, several hours before it occurred, and the owners say this is the third time that "Bright Eyes" has turned that trick. This opens up great possibilities in the parrot industry.

Most of the fellows who are giving the government pointers on the Isthmian canal question would have to hire a laborer to map out a drain through their back yard.—Plaiudealer.

The sunken bark Henriette has been successfully floated and towed to the beach near Tongue Point, just west of the Government buoy station.

The streets of Oregon's capital city are being thoroughly cleaned. Wonder if the authorities will clean the Augean hogpen.

Deputy Sheriff Ed. Gallier came over from Coquille City yesterday, for the purpose of taking a patient to the asylum, but has delegated that duty to Grant Beale, as the sheriff's office is over run with work.

### Serious Charge

Jos. M. M. Young was arrested at Libby yesterday by Constable Bridge and brought before Justice of the Peace Hyde, to answer to the charge of rape, the complaining witness being J. W. Vineyard. His examination was set for 2 p. m. today, and will probably be conducted behind closed doors. Deputy Prosecuting Farrin will prosecute the case and C. F. McKnight has been retained by defendant.

The Coquille river is reported to be unusually high at Myrtle Point. A large amount of logs are being floated down to the mills in the lower river.

The merchant who sends away for printing that can be done in his own town has no kick coming when other people send away for goods which they could buy of him. And don't you forget it.

### Long Trip

The schooner Del Norte arrived in Rogue river this week after being out 66 days from San Francisco. Much anxiety had been felt for the schooner's safety, but she came through without damage and all well on board. Clarence Woodward, formerly of this place was aboard, and a letter from him has relieved the anxiety of his relatives here, who had heard a report some time ago that he was drowned.

## Schley; Santiago

BY GEORGE EDWARD GRAHAM.

The Intrepid Associated Press war correspondent, who was aboard the U. S. S. Brooklyn during the entire five months of the campaign. Illustrated with photographs taken by the author during the fight.

**The Most Sensational Book of the Day.**

The true story of the famous cruise of the Flying Squadron under Commodore Winfield Scott Schley, including the blockade and destruction of the Spanish fleet, TOLD FOR THE FIRST TIME.

Contains an autograph endorsement and personal account of the battle by Rear-Admiral Schley.

"The facts of the story of the movements and operations of the Flying Squadron as the author tells them in this book are correct."  
—W. S. SCHLEY.

An interesting narrative of facts. Explains the so-called "retrograde movement," the "Loop," the "Coaling Problem," and settles conclusively every adverse ruling of the Court of Inquiry.

PRESIDENT ROOSEVELT, when Governor of New York, said:—"Mr. Graham's story is the best account I have heard or read of the naval fighting during the war. It needed just as much courage to go about taking photographs as it did to work the guns."

THE NEW YORK HERALD says:—"Mr. Graham, in the telling of facts, leaves the reader free to make the deduction that a naval officer's need a Court of Inquiry to re-establish their reputations, if they can be re-established."

No subject has ever been before the public that has interested everybody as the manner in which Admiral Schley has been treated, and the American people demand the full recognition of the Hero of Santiago. This book tells everything just as it occurred and as the eyewitnesses saw it. Book is selling like wildfire. Liberal commissions. Outfit and books now ready. Send seven 2-cent stamps for canvassing outfit. ACT QUICK. Now is the time to MAKE MONEY.

Price \$1.50, \$1.75, \$2.25, \$2.75, according to style of binding desired.
