MARSHFIELD, COOS COUNTY, OREGON, MAR. 15, 1902.

NO 1

## Cream of the Week's News.

Published Every Day in the Daily Coast Mail.

Washington, Mar. 14—Chairman Knox of the committee on territories has been authorized to introduce an omnibus bill providing for the admission of Oklahoma, Arizona, New Mexico, and giving Indian territory a territorial form of government, changing the name of the territory to Jefferson.

A committee of beet sugar Republicans went into conference this afternoon with a committee of Ways and Means Republicans in the hope that they might arrange some conclusion of the vexed problem.

The committees seem as far apart as ever and the beet sugar men have almost lost faith in the Sibley compromise which provides for twenty per cent reduction on Cuban sugar for a term of two years.

### GEER CARRIES MARION

BY GOOD MAJORITY

Salem, Mar. 14—Marion county primaries were held today and the indications are that Geer carries Marion county by a big majority. There was a hot fight.

### LORD WOLFLEY GOES

TO SOUTH AFRICA

London, Mar. 14—Field Marshal Lord Wolsey of the British army will embark for South Africa tomorrow.

### Clam Husking Bee

About fifteen ladies and gentlemen gathered at L. H. Heiser's last evening and held an old-fashioned husking bee, husking clams for the clam social this evening.

### BIG BOSTON STRIKE

REACHES SUDDEN END

Boston, Mar. 14—The big strike of freight handlers, etc. was compromised last evening, and this morning most of the men returned to work.

### DANISH CHAMBER ENDORSES

SALE OF THE ISLANDS

Copenhagen, Mar. 14—The second chamber has passed the bill providing for the sale of the Danish West Indies to the United States. The bill now goes to the chamber.

### Official Mourning Ends

Washington, D. C., March 14.—The official period of mourning for President McKinley came to an end today. About the only noticeable change is a return to the use of the customary stationery at the White House and at the state department in place of the black bordered paper and envelopes which have been used for the last six months.

### Shamrocks From The "Old Sod"

New York, March 14.—In the mails from Europe this week were many packages of shamrocks sent to Irishmen in America to aid in the proper celebration

of St. Patrick's day. The shamrocks were packed in damp earth in tin boxes and were found when opened to be as fresh as when packed. The packages were consigned not only to New York but to Chicago, Denver, Minneapolis, St. Louis and other cities throughout the country.

### Florida Endeavorers

Tallahassee, Fla., March.—The state convention of the Christian Endeavor Society which opened in Tallahassee today is the largest in point of attendance ever held by the organization in Florida. Delegates are present from Jacksonville, Pensacola, Tampa, Ocala and other cities of the state. The programme, which covers three days, contains the names of a number of prominent divines, educators and others who are to present papers and addresses to the convention.

### Big Western Oil Syndicate

San Francisco, Cal., March 14.—The great purchase of oil lands by the American Consolidated Oil Co., which was announced some days ago, is the largest deal in the accumulation and transfer of Western oil property ever undertaken. By it, 108,000 acres of oil land, 25,000 of which are proved to have oil, are turned over to a combination of syndicates composed of men prominent in the oil business in New York, Chicago, Omaha and California. The price paid was nearly \$6,000,000. The company will commence immediately the construction of a large system of pipe-lines and the erection of refineries.

Washington, Mar. 13—The postoffice department is preparing to issue a new stamp, designed especially for the foreign mail service. It is to be a denomination new to the postal service—13 cents. At present it is impossible to send a registered letter through the foreign mails without using two stamps, one of five cents to pay the postage, and one of eight cents to pay the cost of registration. When the 13-cent stamp is on sale this will be obviated by the use of one stamp. The new stamp will bear a portrait of Ex-President Harrison, shown seated at his desk, in the executive mansion.

Salem, Mar. 13—Both factions of the Republican party will have tickets in the field at the primaries Friday. In many precincts the delegates on both tickets are said to be for Geer. The usual charges of colonization of voters are made.

San Francisco, Mar. 13—The schooner Reporter loaded with lumber from Grays Harbor, went aground this morning one mile south of the Cliff House. The crew were safely landed. The vessel is fast breaking up.

She is the property of the E. K. Wood Lumber Company of this city. The crew was saved after several attempts of the Life Saving station crew. The vessel is a total wreck, with a cargo valued at \$10,000.

The Dalles, Mar. 13—The Umatilla Republican convention met yesterday and declared for Furnish for governor and Williamson for congress.

The Kind You Have Always Bought

New York, Mar. 11—Prince Henry's last day in New York began much like other days during his visit to America. He slept about the Deutschland and had hardly finished his morning meal when the mayor of Hoboken was announced. The Prince received him immediately, and arrangements were made for the last fetter to be given the Prince.

The mayor told the Prince that the German singing societies of Hoboken and Jersey City would assemble during the afternoon and give him farewell.

During the morning a number of the letter carriers' association presented him with a bronze tablet with the heads of the martyred presidents upon it in his relief.

After the letter carriers left, the Prince received a number of visitors. Shortly after noon the Prince gave a farewell luncheon to President Roosevelt's representative on his tour. After the last course the Prince arose, and picking up an American Beauty rose he said "This is a badge of what I have been admiring on this trip through the United States: American beauty." The dock was crowded when the Deutschland pulled into the stream.

Washington, Mar. 11—Senators Perkins and Bard have received telegrams from the California miners' association requesting an investigation of the report that scrippers of the Bakerfield oil district are trying to secure the removal of Land Commissioner Kernan, and that Secretary Hitchcock, who made findings against the scrippers, had secured the appointment of men favorable to the scrippers.

Senator Bard replied that he thinks such a movement is under way; Senator Perkins replied that there is nothing in it.

The House committee on judiciary today authorized a favorable report on Grosvenor's bill to limit the meaning of the word conspiracy and the use of restraining orders and injunctions in certain cases. The bill aims to do away with the indiscriminate issuing of injunctions against labor unions during strikes.

Washington, Mar. 12—The President today appointed Charles Gorham, of California, smelter and refiner at the U. S. mint in San Francisco.

Joliet, Mar. 12—Former Governor John P. Altgeld died this morning from a stroke of apoplexy received last night while he was delivering a pro-Boer lecture at the opera house.

Washington, Mar. 12—The movement for a compromise between the advocates of Cuba tariff reduction and beet sugar Republicans of the House took a tangible form this afternoon when a formal proposal emanated from the Ways and Means men. The plan offered is that of Sibley, leaving a 20 per cent reduction on Cuban sugar, the reduction to expire December 1903.

Washington, Mar. 13—The Democrats have decided to make a strenuous effort to secure control of the next House. In furtherance of this they propose to ignore Bryan, abandon the silver issue and appeal to the country on the tariff question and the conduct of affairs in the Philippines.

They propose to confine the campaign to congressional districts in the Northern states, trusting to hold the solid South.

To carry out this programme the committee are now looking for a leader to make the campaign. The name which meets with most favor is Gorman's. The committee has asked him to accept but as yet has received no definite answer.

The desire of having Gorman at the head of the national committee arises from the fact that he is recognized as one of the best organizers in the party and he would be able to secure a liberal campaign fund in the Northern states.

Seattle, Wash., March 13.—Another direct steamship service between Seattle and Honolulu is about to be inaugurated. As a result of the absorption of the American-Hawaiian steamships by J. L. Lapham, there will ensue a vigorous fight for the trade between the Pacific coast, the Hawaiian Islands and the Orient. The points of warfare on the coast will be Seattle and San Francisco. This city will have two direct steamers, and San Francisco will have two. The new steamship line operating from this city will employ two 5,000 ton steamers, for both passengers and freight. The contracts for the vessels have been let in the East.

Washington, Mar. 12—President Roosevelt has decided to appoint a commission to negotiate for the purchase of the Friars' lands in the Philippines. The matter will be taken up by the President and Governor Taft, as soon as the latter has sufficiently recovered from his recent illness.

Washington, Mar. 12—The Senate committee on interoceanic canals at a special meeting this afternoon it was decided to report without amendment the Hepburn bill providing for the construction of a trans-isthmian canal by the Nicaragua route.

The House committee on immigration authorized the chairman to report favorably the new immigration bill. The bill raises the poll tax from \$1 to \$1.50, provides for keeping out alien anarchists, compels the steamship companies to return immigrants even after they have been in this country five years, if they prove undesirable acquisitions.
