MR. TONGUE AND SOUND MONEY

The Oregonian and some of the Republican leaders of this state express doubts as to Congressman Tongue's soundness on the currency question because he opposed that section of the Hill bill which requires the secretary of the treasury to redeem silver dollars in gold on presentation.

It is argued that this measure is necessary to the preservation at all times of the parity between our gold and silver coins, and that therefore any one who opposes the measure is not entirely loyal to the gold standard.

It is well enough sometimes in considering even the currency question to use a little common sense. There is now in use in this country some \$530,000,000 in full legal tender silver dollars, circulating either as coin or certificates. It answers every legitimate purpose of gold, while at the same time it can not embarrass the treasury in time of panic.

What can be gained by making this redeemable in gold like the greenbacks has not been made apparent. It requires \$150,000,000 gold to act as a reserve for the redemption of \$380,000,000 of greenbacks and treasury notes. It would require \$300,000,000 more of gold to furnish a reserve for this silver, were it made directly redeemable in gold on demand. How would this gold be obtained? Undoubtedly by the issue of bonds. That little fact

Just within her grasp is safety—but she does not see it; she is looking the wrong way. There's many a woman struggling in a sea of disease who is doing the same thing—looking the wrong way—snatching at medicinal straws when the life buoy, Dr. Pierce's Favorite Prescription is within her reach. Many a woman has testified: "I know I should not be alive to-day but for Dr. Pierce's Favorite Prescription." This famous medicine establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

Weak and sick women, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I take pleasure in writing to let you know the great good I received from your Favorite Prescription and your Pleasant Pellets." says Mrs. Nora Gaddie, of Rio, Hart Co., Ky. "I took seven or eight bottles of Favorite Prescription and one or two vials of the Pellets." "Think I would have been in my grave had it not been for your medicine. It has been about four months since I took the medicine. I was all run down, had loss of appetite, could not sleep at night, was nervous, had backache, black spots on my limbs, and sick headache all the time. I have not had sick headache since I took your medicine."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets cure dizziness and sick headache.

is not advertised by the promoters of the measure.

We all remember what a source of unbarassment the "endless chain" of greenbacks has been to the treasury at certain times and how it was used by Wall street to force bond issues at will. Why put into the hands of the bond sharks another endless chain proposition equally as efficacious as the greenbacks.

There is this much sense in it: It is a part of the plan to retire all government currency except gold and substitute a national bank currency. There are not bonds enough to furnish a basis for the volume necessary; so "bank assets" would be made a basis for the issue of notes to circulate as money.

The name of "sound money" is being used to hasten an era of wild-cat bank currency. This is the crux of the proposition. Mr. Tongue was right and the COAST MAIL congratulates him on his courage.

DULLEY A CANDIDATE

Last Saturday in discussing county politics this paper said: "From present indications it would seem that all the officers about the court house will be up for re-election, with the possible exception of the treasurer. It is said that Mr. Dulley has been offered a better position."

Now comes the Coquille Bulletin with the following: "The Coast Mail states that J. B. Dulley, our present county treasurer will not be a candidate for renomination as he had a better position offered him. When seen by a Bulletin representative, Mr. Dulley said he knew nothing of any such offer and would be very glad indeed if the Mail would produce it. Mr. Dulley is a candidate for county treasurer, subject to the wishes of the republican county convention. He has made a good officer and deserves to be remembered by his party."

Please compare the statement we made with the one which the Bulletin says we made. There is all the difference that there is between a truth and an untruth. What we said was true; what the Bulletin says we said, it seems was not.

As we have no fondness for being placed in the position of either making a misstatement or opposing Mr. Dulley's renomination, we will ask the Bulletin to kindly tell its readers exactly what we printed.

There is no one whom the COAST MAIL would more cheerfully support for the office of treasurer than John B. Dulley. We are glad if he is still in the race, which in this case will be a procession with Dulley in the lead.

PORTLAND'S EVENING PAPER PUTS OUT FIRST ISSUE

Portland, Mar. 11—The initial number of the Evening Journal, Portland's new evening daily made its appearance today.

BIG IMPROVEMENTS

Railroad Co. to Build New Steamer

TO SAN FRANCISCO
IN THIRTY HOURS

Mine to Be Developed to a Capacity of Five Hundred Tons a Day

W. S. Chandler, manager of the C. B. R. & N. Co., who returned on the Alliance from a month's stay in San Francisco, brings good news as to the plans of his company for the development of its property and enlargement of its business on Coos Bay, and has courteously given the MAIL some particulars as to the work blocked out for this summer.

The work at the mine will now be pushed to the limit, with as many men as can be worked to advantage, and in a short time from 250 to 300 men will be employed in development work. It is intended to put the mine in shape to be shipping 500 tons of coal a day by Nov. 1st.

To handle this product two steamers will be put on. One will be the collier Carina, well known here. She carries 1150 tons of coal on 16 ft draft. The other steamer is to be built, and it is this boat which will bring in a new era in passenger travel here. She will have a length of 225 feet and 38 foot beam and will carry 1000 tons on 15 foot draft. She will have a speed of 14 knots an hour and will make the run from here to San Francisco in 30 hours, being on only one night. With accommodations for 13 first-class passengers and 20 in the steerage, she will be fitted with electric lights and all the modern conveniences, a large social hall, a smoking room, etc.

It has not yet been definitely settled where this boat will be built and it is to be hoped that she may be built here. A boat of this kind on the route will not only take away much of the terrors of the sea voyage for those who are obliged to go, but the effect will be to increase travel, and to encourage the settlement and development of this section by bringing people here who would not otherwise visit this section.

Another improvement to be inaugurated and in operation by the time shipment of coal begins in earnest will be arrangements for loading the steamers direct from the mine. Tracks will be extended north from the present wharf toward the bunker at sufficient elevation, a swinging chute will be put in and a sufficient number of cars provided so that 1000 tons can be held in readiness on the track and the boat can be loaded in 5 hours. This will save the brokerage and stacking consequent on the extra handling in the bunkers, and this is the aim of an object since the introduction of oil fuel in California has greatly curtailed the market for coal slack or inferior coal.

A minor improvement to be made at once, will be the extending of the present wharf 150 feet toward the bunkers, to give more room for the loading of vessels with lumber, which is a growing branch of the business.

This outline is sufficient to show that the people represented by Mr. Chandler intend to go ahead with enterprises which mean a great deal to the prosperity of Marshfield and the entire county. Mr. Chandler pronounces without foundation the report which is circulated in the valley papers to the effect that the railroad will be extended 20 miles this season, but it is only a matter of a short time when the road will be put through. With the development now in sight, we can afford to wait a few years for the benefits to flow from the completion of the road.

No brighter prospect ever opened out before Coos than is at closed now. Much of all this is due to the character of the men who are now managing the big enterprises here, and this section is to be congratulated more than any thing else on the good fortune that has placed them at the helm.

Kodol Dyspepsia Cure

Digests what you eat.
This preparation contains all of the digestants and digests all kinds of food. It gives instant relief and never fails to cure. It allows you to eat all the food you want. The most sensitive stomachs can take it. By its use many thousands of dyspeptics have been cured after everything else failed. It prevents formation of gas on the stomach, relieving all distress after eating. Dieting unnecessary. Pleasant to take.
It can't help but do you good
Prepared only by E. C. DeWitt & Co., Chicago
The 5c. bottle contains 2 1/2 times the 10c. dose.

BRITISH AT WORK ON TRANS-PACIFIC CABLE

Seattle, Mar. 11—Work on a British trans pacific cable from a point on the Chinese coast via Yokohama, and the Aleutian islands to Barclay sound, the terminus on this side, is actually under way.

While talk over the project has engaged the attention of this country the British government has gone to work.

For several weeks a cable ship has been engaged laying a cable from the Chinese coast terminus.

A WORTHY SUCCESSOR. "Something New Under The Sun"

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and speciality of the treatment of CATARRH, has at last perfected a Treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES" the GUARANTEED CATARRH CURE and is sold at the extremely low price of one Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the "GUARANTEED CATARRH CURE."

Sent prepaid to any address in the United States or Canada on receipt of one Dollar. Address Dept. E657, EDWIN B. GILES & COMPANY, 2330 and 2332 Market Street, Philadelphia.

MINNESOTA LEGISLATURE BACKS ATTORNEY GENERAL

St. Paul, Mar. 11—The special session of the legislature adjourned today after passing a bill appropriating the sum of \$25,000 to furnish the attorney general with funds with which to prosecute the Northern Pacific and Great Northern merger.
