

Soft Harness

You can make your harness as soft as a glove and as tough as wire by using EUREKA Harness Oil. You can lengthen its life—make it last twice as long as it ordinarily would.

EUREKA Harness Oil

makes a poor looking harness like new. Made of pure, heavy bodied oil, especially prepared to withstand the weather.

Sold everywhere in cans—all sizes.

Made by STANDARD OIL CO.

COOS BAY CAMP

LOG SAWING CONTEST

The entertainment given by the W. of W. last Saturday night was a brilliant success in every way. An excellent program, a dance and a banquet at the Central Dining Room was enjoyed by the Woodmen and their guests. The log-sawing contest was the principle feature of the evening.

The log was hard fir 25 inches in diameter.

Four teams entered the contest. Their names, the kind of saw used and the time made are as follows:

- Abraham Swanbeck and Mat Yulstrom, Simonds Saw, 1.54 1/2.
- Jack McDonald and Ben Perry, Atkins saw, 1.28 1/2.
- C. L. Albrecht and Wm. Eichworth, Atkins saw, 1.52.
- Billy Doyle and Frank Smith, Simonds saw, 1.14 3/4.

The last team named, was the lightest in weight, but they struck a pace that was beautiful to see, and held it all the way through. They were declared the winners of the first prize and chose the Symonds saw. McDonald and Perry took second, the Atkins, and the other two teams took the saw-hauls.

WANTED

Reliable man for manager of a Branch Office we wish to open in this vicinity. Here is a good opening for the right man. Kindly give good reference when writing.

The A. T. Morris Wholesale House Cincinnati, Ohio.

Illustrated Catalogue 4cts. stamps.

To Fix the Bears

J. W. Catching, one of the prosperous farmers of the Sumner neighborhood was in town Thursday. He informs the MAIL that the bears have not yet resumed operations against the sheep, but that wildcats have been getting some of his lambs and some of Captain Booue's. He has had a trap out which has been sprung a couple of times, but would not hold the animal. He has now taken home a stronger one and thinks that the wildcat that gets there will be a goner.

Preparations are being made to give the bears a warm reception when they awake from their long winter lethargy. Mr. Catching has one trap out and will put out some more, and George Boone has built a timber trap of 6x16 timbers, on the route usually followed by "old clubfoot." Taking it all around, Bruin is liable to find things quite lively around Sumner when he shows up there.

Eleven Dollars

The town treasury was enriched eleven dollars yesterday by the young man who was arrested for disorderly conduct in blacking the eyes of a comparative stranger the night before.

In crossing the Coquille bar Wednesday afternoon the steamer Mandalay got too close to the South spit and struck. She swung broadside on and remained in a precarious situation for nearly a half hour when she was worked off and proceeded to sea. The Mandalay was following the tug out and it is thought that as the tug went unusually close to the spit, Capt. Batchelor miscalculated his position which accounted for the accident. The sea was very smooth, otherwise the situation would have been serious.

Epworth League Elected Officers.

The regular monthly business meeting of the Epworth League was held Wednesday evening in the league room adjoining the church.

Following are the officers elected for the ensuing year.

- President, R. C. Lee.
- 1st Vice President, Mrs. O. Hanson.
- 2d Vice President, Lillie Merchant.
- 3d Vice President, Mrs. J. W. Carter.
- 4th Vice President, Cora Chapman.
- 5th Vice President, Milo Sumner.
- 6th Vice President, Maud Brown.

Coquille Teachers' Salaries

The directors and teachers of the Coquille school held a consultation Tuesday evening and tried to come to an agreement or compromise to settle the dispute about the wages due the teachers for time lost on account of the late quarantine. The proposition was made to the teachers that their board bills and transportation to and from the separate place they went during the closed season would be paid by the school board. This was rejected by the teachers. The teachers contracts will expire Friday and a settlement will have to be brought about before that time. The outcome of the dispute is eagerly watched by the citizens of Coquille.

Bright's Disease

The largest sum ever paid for a prescription, changed hands at San Francisco, Aug. 30, 1901. The transfer involved in coin and stock \$112,500.00 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases.

They commenced the serious investigation of the specific Nov. 15, 1900. They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also got physicians to name chronic, incurable cases, and administered it with the physicians for judges. Up to Aug. 25, eighty seven per cent. of the test cases were either well or progressing favorably.

There being only thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address JOHN J. FULTON COMPANY, 420 Montgomery St., San Francisco, Cal.

Born

(Special dispatch to the COAST MAIL) Salem, Or. Mar. 12—A son was born to Mr. and Mrs. Oliver Jory today. [Mrs. Jory was formerly Miss Ella Hodson of Coos river.]

ARANT—In Marshfield, May 5th 1902, to the wife of A. T. Arant, a son.

Dora Items

Our neighborhood has been afflicted with the prevailing disease (smallpox,) but the late case was nearly two months ago so we think we have it killed here. Grandma Seofield is quite poorly.

Born—to the wife of M. C. Miller, March 2nd, a girl: it lived but a few hours and was buried next day.

Ed. Weekly, who moved to Klamath county nearly a year ago, writes, "This country is far ahead of Coos for raising cattle but if you want to raise spuds stay there."

Eugene Seofield, (the little boy who broke his arm three weeks ago,) is getting along nicely.

Born—to the wife of L. S. Minard, March 8th, a son. Mother and child doing well.

J. O. Stemmler is having about three hundred logs just in the river to be ready for the next high water, he intends taking most of them to the main river.

Mr. Shaekerford, who has been carrying mail between Dora and Sumner, is sick with the smallpox.

Clark Bunch is taking his place. Mr. D. C. Krantz is the proud father of twin boys, born—March 9th.

Mrs. Leona Harry, who has been working for Iran Seofield, returned to her home last Saturday.

Mr. Sherman Finin has rented the "Half Way House" Sitkum, of Walter Laird.

Born—to the wife of W. F. Daily (nee Edna Seofield) of Sachonish Wash. Jan 2nd: a son.

Miss Mary Black of Sumner, Or. is staying at M. C. Miller's.

The Pleasant Hill school district have hired Miss Mollie Caldwell to teach their next term of school.

The Dora district hired Miss Anna Hall.

What is the matter with the Sitkum correspondents? We miss their welcome news.

Repairing Neatly Done

Never thought of such a sign for a medicine did you? Well, it's a good sign for Scott's Emulsion. The body has to be repaired like other things and Scott's Emulsion is the medicine that does it.

These poor bodies wear out from worry, from over-work, from disease. They get thin and weak. Some of the new ones are not well made—and all of the old ones are racked from long usage.

Scott's Emulsion fixes all kinds. It does the work both inside and out. It makes soft bones hard, thin blood red, weak lungs strong, hollow places full. Only the best materials are used in the patching and the patches don't show through the new glow of health.

No one has to wait his turn. You can do it yourself—you and the bottle.

This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle.
