Portland, Apr. 2.—Furnish was nominated for the governorship on the first ballot, receiving 248 votes, against 92 for Ankeny. Geer's name did not come before the convention.

Bean was re-nominated for supreme justice, Dunbar for secretary of state and Moore for treasurer, without opposition. The convention then adjourned until tomorrow.

Portland, April 2.—The Republican State Convention was called to order at 11 o'clock by Willis Duniway, Secretary of the state central committee.

R. A. Booth, of Lane county, was chosen chairman by unanimous vote. Harrison Allen, of Clatsop, was chosen secretary. Committees were appointed and adjournment taken until 2 o'clock.

Up to 2:30 no business of importance had been transacted, and no nomination will be made earlier than 3 o'clock. Geer's name will not be before the convention.

Furnish will probably be nominated on the first ballot.

There is no opposition to Bean, Dunbar, Moore or Ackerman.

The offices of state printer and attorney general are a matter of speculation entirely.

The platform will favor the initiative and referendum, endorse the Republican national policies, demand the enactment of the Chinese exclusion law.

Blue ribbon Furnish badges are everywhere in evidence, and everybody seems to be in the Furnish ranks.

Following the easy victory of Williamson for Congress, the Multnomah delegation last night decided on Furnish, of Yamhill, for Governor, and his nomination today is considered a foregone conclusion. The mask been thrown off and it is given out that he had been the choice of Multnomah from the start.

It was broadly stated that Furnish contributed \$15,000 to help the anti-Simon people to carry primaries against Simon, so it was a case simply of delivering what had been bought and paid for.

The real situation was that the case was not an open one so far as Geer or any other candidate was concerned.

Senator R. A. Booth, of Lane county, was decided on for chairman of the state convention, and with Furnish practically nominated, the only places left to fight over are the offices of state printer and attorney general.

Early today it was known that Governor Geer was hastening back from Salem and had drawn his name from the convention, admitting that he was out of the race.

During the noon hour of the convention an attempt was made to get the Geer forces together in caucus in favor of Henry E. Ankeny.

The governorship has so overshadowed the other nominations that a vote on them cannot be reached until late if at all this afternoon.

None of the candidates are yet in a position to announce their prospects of success, although there is a strong probability that Wrightman, of Marion, will get on the ticket. The convention seems to be for Fulton for the senatorship.

STATE CONVENTION

FINISHES ITS WORK

Ackerman, Whitney and Crawford Complete the Ticket—Booth for Chairman

Portland, Or. Apr. 3.—The Republican state convention finished its work today.

J. H. Ackermann was re-nominated for Superintendent of Public Instruction without opposition.

J. R. Whitney, of Linn county, was nominated for State Printer, and A. M. Crawford, of Douglas, for Attorney General.

R. A. Booth was elected chairman of the state central committee.

GEER TAKES HIS DEFEAT PHILOSOPHICALLY

Will Now Begin a Campaign for the United States Senate.

Salem, Apr. 2.—Governor Geer was not at the convention but has been attending to the duties of his office today.

He has authorized his friends in the convention to take the action that may seem right to them. He naturally is not feeling too well over the outcome. He says that he never had any show whatever before the Multnomah delegation, and when they decided to enforce the unit rule against his candidacy he was shut out.

He takes his defeat with good grace and for the present has nothing to say. It is generally understood among his friends that the governor will immediately begin a campaign for the United States senatorship.

Vanderbilt System Extension

Pittsburg, Apr. 3.—The Vanderbilt system of this city is to be extended through to the Atlantic Coast with a terminal at Newport News. The Pittsburg & Lake Erie railroad, operating between Cleveland and the Conneville region to Fayette City, is to be extended to Brownsville, Pa., and from there a survey of 140 miles to Staunton, Va., is being made. At Staunton the road is to connect with the Chesapeake and Ohio, partially under the control of the Pennsylvania. This will give Conneville coke and Pittsburg coal another outlet to the coast, and will give Pittsburg an ore road for Cuban and South American ores.

PRESIDENT ROOSEVELT HAS MADE UP HIS MIND

May Wait till After Congress Adjourns—Oleomargarine Bill Passes Senate

Washington, Apr. 3.—It was learned this morning from a source of unquestioned authority that the president has decided definitely to retire General Miles.

The date of the retirement is the only question not yet determined.

The president is inclined to postpone action until after the adjournment of congress, although he may decide to issue the order within the next few days.

The Oleomargarine bill passed the Senate today by a vote of 39 to 31.

Iowa Legislature Adjourns

Des Moines, Apr. 3.—The legislative machinery for 1902 ceased to revolve today when the state legislature took a sine die adjournment. The session has been one of unusual activity.

Cathedral Consecration

Vancouver, Apr. 3.—Holy Trinity Cathedral, of New Westminster, which was destroyed in the great fire four years ago, and subsequently restored at a cost of \$15,000, was consecrated today. The ceremonies were of an elaborate character and were participated in by a number of eminent churchmen.

MOTHERHOOD

The greatest ambition of American men and women is to have homes blessed with children. The woman afflicted with female disease is constantly menaced with becoming a childless wife. No medicine can restore dead organs, but Wine of Cardui does regulate derangements that prevent conception; does prevent miscarriage; does restore weak functions and shattered nerves and does bring babies to homes barren and desolate for years. Wine of Cardui gives women the health and strength to bear healthy children. You can get a dollar bottle of Wine of Cardui from your dealer.

WINE OF CARDUI

113 Market Street, Memphis, Tenn., April 14, 1901. In February, 1901, I took one bottle of Wine of Cardui and one package of Theodor's Black-Draught. I had been married fifteen years and had never given birth to a child until I took Wine of Cardui. Now I am mother of a fine baby girl which was born March 21, 1901. The baby weighs fourteen pounds and I feel as well as any person could feel. Now my home is happy and I never will be without Wine of Cardui in my house again. Mrs. J. W. C. SMITH.

THE DORATHEA DIX CENTENARY CELEBRATION

Commemorating the Life and Works of This Notable American Woman

Hampden, Apr. 3.—It was one hundred years ago today that Dorothea Dix, one of the greatest of American women, first saw the light of day in this town, and today the centenary was observed with appropriate memorial exercises under the auspices of the Dorothea Dix Memorial Association. The association has secured the site of her birthplace and hopes in the near future to make of it a memorial park.

Miss Dix, at first a Boston school teacher and later an army nurse in the civil war, was noted for a life devoted to the alleviation of the sufferings of the insane. It was on coming from church one Sunday morning that Miss Dix overheard the conversation of two men who passed her on the street. They were talking of the shocking treatment accorded lunatics in the jail where they were kept in East Cambridge, Mass. Roused by what she had overheard, she determined to investigate for herself. Her investigations and appeals to the courts resulted in a thorough work of reform, which extended throughout the entire country. When she died, a few years later, the sum of her life work included the raising of \$3,000,000 for humane purposes and the founding of 32 asylums.

Diet and Voice.

A musical writer states that fine vocalists are rare in countries where fish and meat diets prevail and that the voice depreciates as families grow rich and increase the amount of meat consumed. Naples and Genoa, where much fish is eaten, give few of Italy's singers, and the sweet voices of Ireland are found in the country, but not in the towns. In Norway too much fish is eaten for the production of singers, but Sweden is a land of grain and song. The carnivorous birds croak; grain eating birds sing.
