NO 17

Cream of the Week's News.

Published Every Day in the Daily Coast Mail.

San Francisco, April 25—The Geary street road resumed operations this morning, the strikers having returned to work on that line on the company's acceptance of their terms.

The directors of the United railroads are in session again, awaiting advice from the Eastern owners. It is understood that they will concede the majority of the strikers' demands except the recognition of the union.

It is expected that the strike will be settled by night. There is no disturbance and no attempt has been made to operate cars.

Washington, April 25—The following from General Chaffee was made public this morning: "Before Baldwin could be communicated with he had taken the fort at Pulas, Mindanao, after slight resistance and no casualties.

Very soon afterward the town of Ganasi hoisted a white flag. Its Datto, with a strong following, asked permission to call and make peace. The Sultan of Ganasi asked Baldwin to come to his camp.

I have instructed Baldwin not to move. Our purpose is to show considerable force of troops to the Lake Moros and to converse with their Dattos.

The troops will be retired by different trails, and thereafter we will send expeditions occasionally to the Lake.

Every effort will be made to prevent a general war.

General Davis says the situation at this time is very favorable."

Grants Pass, April 25—The citizens of this place have accepted the proposal of Col. Draper, to furnish right-of-way and terminal facilities for the new Oregon & Pacific railway. The survey is to be started Monday.

The road will extend from Grants Pass to Crescent City, Cal., passing through the Waldo copper mining regions.

Capt. T. Wain-Morgan Draper, of San Francisco, who arrived on Tuesday evening and is prominently connected with the Waldo copper properties, says there is now a movement on foot to put in an electric road from Waldo to Crescent City, Cal. He says if rights of way and terminal grounds can be secured from Grants Pass to Waldo a road may be built from Grants Pass to Crescent City.—Oregon Mining Journal.

Washington, April 24—Representative Richardson, Democrat, today announced his intention of pushing a resolution demanding an investigation of the alleged beef trust.

It is expected that he will be assisted, not only by members of his own party, but by some leading Republicans.

During the past few days the mails of congressmen have been flooded with letters from their constituents pleading for some action relative to the country's present situation as regards the price of meats.

San Francisco, April 24—The directors of the United railroads have been in session all day considering the demands made by the strikers.

Pending a settlement of the strike, according to an agreement with the strikers, the company will make no effort to move cars until the directors decide upon the strikers' demands.

There are no disturbances, the city is peaceful and the situation is unchanged. The United railroad offer the men the same terms as the Union street and Presidio line now has in force. The probabilities are that the Geary street road will be in operation tonight.

Denver, Colo., April 24—A local newspaper credited Funston today with having said regarding the rebuke administered to him by President Roosevelt for criticizing Senator Hoar, that it complimented him.

He is quoted as having said the following: "I made a distinction between two classes of people. First demagogues who did not believe what they were saying, and another class of people, that which Hoar belongs to, who did believe what they were saying, and were perfectly sincere but were suffering from overacted consciences, that is, too sincere."

Copenhagen, April 24—The sale of the Danish West Indies to the United States has been agreed to by the Landsting.

Washington, April 19—The Beet Sugar Republicans declare today that Cuban reciprocity is dead, as a result of the vote in the House Friday, removing the differential on refined sugar. They are confident that in its present shape the bill can never pass the Senate.

Republican insurgents and Democrats, in addition, are expressing great satisfaction over their victory and rejoicing because they have made it possible to accentuate the differences in the Republican camp.

This portends, if nothing else, a great contest in the next House if it be Republican.

Speaker Henderson, it may safely be said, will have to fight for the receptor if he wants to retain it. Littlefield, of Maine, is now mentioned as the most available timber for the proposition.

Salem, Apr. 21.—Petitions are in circulation in Clackamas, Yamhill and several Eastern Oregon counties to place the name of Governor Geer on the Republican ticket as a candidate for United States Senator.

When his attention was called to the matter today, Governor Geer said he had seen none of them, and would not say whether he would make a canvass for the office.

He did say, however, that he would make a few Republican speeches in several counties where he had been invited to do so.

Portland, Or., Apr. 21.—A steamer line will be established between Portland and Alaska by local merchants, aided by the O. R. & N. and the Harriman roads. A weekly service will be established.

Amsterdam, April 19—The queen passed a fairly quiet night. No complications have supervened although her majesty's strength is diminishing slightly in proportion to the duration of her illness. The queen was slightly worse this morning.

Washington, Apr. 21.—Colonel Crowder, who was assigned to investigate the alleged violations of the neutrality laws by the British at Port Chalmette, La., submitted his formal report to President Roosevelt today. It will be referred to the attorney-general for his opinion.

It is not believed that Crowder obtained evidence to substantiate the charge that arms and ammunition are being surreptitiously sent from this country to South Africa on British transports.

The Supreme Court this afternoon handed down a decision giving the state of Washington the right to file suit against the Northern Securities Company.

A request for leave to file was orally issued last week by Attorney-General Stratton, of the state of Washington.

The case will be at once filed and a date set for hearing.

Senator Hanna today issued a call for a meeting of the representatives of the operators and miners of the National Civic Federation, to whom the trouble in the anthracite coal region has been referred. The conference takes place next Saturday in New York.

Brussels, April 19—Three more deaths have resulted from the conflict between civilians and the civil guards at Loubaize last night, making a total of eight deaths.

Extreme excitement prevails. The police have discovered strikers distributing pistols to young boys, promising them thirty cents each for every shot fired against the guards.

After a conference with the Liberal Progressive party leaders, the Socialist leaders ordered the strike to end.

If You Could Look
into the future and see the condition to which your cough, if neglected, will bring you, you would seek relief at once—and that naturally would be through

Shiloh's Consumption Cure
Guaranteed to cure Consumption, Bronchitis, Asthma, and all Lung Troubles. Cures Coughs and Colds in a day. 25 cents. Write to S. C. WELLS & CO., Le Roy, N. Y., for free trial bottle.

SAN FRANCISCO STREET CAR STRIKE

Lines Tied up—Mayor Refuses to Stand in With the Company.

San Francisco, Apr. 21.—The second day of the street car strike opened peacefully, up to noon there being no disturbance of any kind. Every line in the city, except on Union and California street is idle. The companies are finding it impossible to get men.

The Mayor's action in refusing to detail police to accompany the cars except in cases of violence will probably be the controlling feature in determining the strike.

UNION LEATHER WORKERS STRIKE

Portland, Apr. 21.—Sixty union leather workers are on strike here because proprietors refuse to sign the price list. Three houses have granted the demands of the strikers, others may follow.

WATSON WILL GO INSTEAD OF CLARK

Washington, April 22.—Captain Clark having declined the appointment as naval representative at the coronation of King Edward, Rear-Admiral Watson was today appointed to the place.

MEN IN CONTROL AND NO CARS MOVED

Officials Fail to Keep Appointment at the Mayor's Office

San Francisco, April 23—The peace conference arranged for this morning between the striking car men and the United railroad officials failed to materialize.

The strikers' committee waited an hour at the mayor's office, but the railroad officials failed to appear.

Later they sent word that they would confer at the company's office but the strikers refused to go there, stating that they prefer neutral ground.

No attempt was made today to move cars. The situation is unchanged and the strikers in control.

NORA'S MURDERER REPORTED CAPTURED

San Francisco, April 19—The local police claim this morning to have discovered the missing Charles B. Hadley, for fourteen years employed as accountant on the Examiner, who is wanted as the slayer of Nora Fuller, who was murdered in a vacant house last November.

TO MEET IN SQUARED CIRCLE

San Francisco, April 22—Young Gibbs and Tom Tracy are to meet in a twenty-round go before the Acme Club at Oakland tonight and considerable interest is manifested in the result. Both men are fast and clean fighters and are expected to put up a good fight.

Washington, April 22—Senator Hanna says he will take steps to show the world that his friend Rathbone, the Cuban postal thief, is an innocent man, and that he was deliberately prosecuted by Governor General Wood. He says he has documentary evidence to prove that Wood swayed the court that convicted Rathbone.

By the new army bill the Lieutenant General is to be charged with the instruction, discipline and distribution of the army and with the preparation of plans for the mobilization of forces and for offensive and defensive operations. It makes it his duty to see that the army is at all times properly equipped and that mentions of war are of the best. He is also to recommend promotions, military honors and rewards.

An important conference is to be held at the White House tonight to discuss the report of Col. Crowder on the alleged military operations of the British at Fort Chalmette, La. From an authoritative source it is learned that Crowder found no evidence that in the opinion of the state department would prove a violation of the neutrality laws by England.

REPRIMANDED FOR DISRESPECT TO HOAR

Roosevelt Orders Vigorous Measures in Island of Mindao—Two Fights With Moros

Washington, April 23—General Fred Funston has been officially reprimanded by President Roosevelt for saying in a recent speech that Senator Hoar was "officially with an overheated conscience." He is also ordered to cease any further public discussion of the Philippine question.

The following letter of reprimand was made public by the war department this morning.

"I am directed by the president of the United States to instruct you that he wishes you to cease further discussion of the situation in the Philippines. Also to express his regrets that you should make a senator of the United States an object of public criticism. Signed WM. CAREY SANGER, Acting Secretary of War."

President Roosevelt has instructed General Chaffee that if the demands for the surrender of the Moros who are wanted for wantonly murdering American soldiers is not complied with, he shall act upon lines that in his judgment will be strong enough to bring about peace and order in the island of Mindao.

Two engagements have been fought between the American troops and the Moros during the last 24 hours. Brigadier General Davis in command at Seamboango, Island of Mindanao, acknowledged the receipt of instructions to withdraw troops from Mindanao, but urged that owing to the present state of affairs such withdrawal will result in absolute loss of Americans' prestige among the Moros of Mindao.

NOTORIOUS COUNTERFEITER RELEASED

Atlanta, April 22—T. K. Hall, the only man ever sentenced to the state penitentiary by the state courts for the crime of counterfeiting, was released today by order of the Prison commission. Hall has served four years in the mines at Cole City. Counterfeiters are invariably dealt with by the federal courts, and just why the particular case of Hall was handed by the state courts has never been explained to the prison officials.

ATTEMPTS TO RUN CARS ARE UNSUCCESSFUL

Strikers Persuade Men to Quit as Fast as They Are Hired.

San Francisco, April 22—Last night the United railway announced that an attempt would be made today to operate the Filmore street line.

At the company's request 50 policemen were sent to the barn but had orders not to ride on the cars. Early this morning a covered wagon deposited seven men with provisions for a continued stay at the Turk street barn.

They were induced by an offer of twenty-five dollars to take out a car. At 5:17 they started with the car which was also boarded by a committee from the strikers to entreat the men to join the union.

After a trip of three blocks the car returned, five men having joined the union.

At nine another car left on the Ellis street line manned by four men. It was also boarded by the strikers who by using peaceable means induced the men to quit.

With cheers from the crowds on the street the drivers on the stub California street horse car line laid down the reins at 11 a. m. joining the ranks of the strikers.

Attempts to operate the car system this morning were confined to sporadic attempts to run cars over the Turk and Ellis street lines.

One car made three trips, the conductors and crew deserting at the end of each trip.

On the corner of Ellis and Market streets a mob of five hundred attacked a car with the intention of wrecking it, but were dissuaded by members of the strikers' peace committee who accompanied the car.

The general situation is unchanged and there is no disturbance.

Mayor Schnitzler this morning refused another request from the United railway company for a detail of policemen for each car. The mayor issued a formal communication this afternoon stating that the strike is orderly, police guard is not necessary.
