Port Orford Tribune:—The Del Norte Record says the British bark Baroda, which went ashore last fall near Bandon is again in commission. Probably true. At last accounts the enterprising citizens of Bandon were about to charter her as an addition to their great attractions which Bandon beach offers to the summer visitor. Stranded whales, dead sea lions, and a British ship, with a full cargo of sand, all sailed up, and plowing the beach, will furnish irresistible attractions for the sun-scorched inlanders.

### A VALUABLE MEDICINE

For Coughs and Colds in Children  
"I have not the slightest hesitancy in recommending Chamberlain's Cough Remedy to all who are suffering from coughs or colds," says Chas. M. Cramer, Esq., a well known watch maker, of Colombo, Ceylon. "It has been some two years since the City Dispensary first called my attention to this valuable medicine and I have repeatedly used it and it has always been beneficial. It has cured me quickly of all chest colds. It is especially effective for children and seldom takes more than one bottle to cure them of hoarseness. I have persuaded many to try this valuable medicine, and they are all as well pleased as myself over the results." For sale by John Preuss.

### Claims Settled.

Capt. Ackermann has settled the claims against his vessel in Reed's yard, and the men have been made happy by the receipt of their money. It is very unfortunate that this interruption occurred in the construction of the vessel. It is understood that Capt. Ackermann will resume work on her as soon as he can make the necessary arrangements, but no date is set.

### BETTER THAN PILLS

The question has been asked, "In what way are Chamberlain's Stomach & Liver Tablets superior to pills?" Our answer is: They are easier and more pleasant to take, more mild and gentle in effect and more reliable as they can always be depended upon. Then they cleanse and invigorate the stomach and leave the bowels in a natural condition, while pills are more harsh in effect and their use is often followed by constipation. Notice our special campaign offer. DAILY MAIL from now until after election for 40 cents.

Considerable interest has been centered in a pen and ink sketch in Preuss' drug store window during the past few days. The drawing is the property of Mrs. Nellie Owen of this city, and was drawn by Frank Wortman, of McMinnville, a young man 16 years old. The sketch on exhibition is but one of many drawn by the young man that Mrs. Owen has in her possession and speaks well for the artistic ability of one so young in years.

### Those Ship Timbers.

EDITOR COAST MAIL: On the 15th inst., I noticed an item in the Coquille City Herald about many carloads of timber going over to Marshfield to be used in the construction of vessels on Coos Bay.

The above indicated that many vessels were being built on the bay and the prospect of getting employment would be good so I came over.

Well to sum up I am badly disappointed. The timber was going into vessels, truly; but the vessels were already constructed, masts, sails and crews. They were loading the lumber for shipment to San Francisco. Such misleading statements are detestable, and deserve severe condemnation.

## BEALE WILL NOT MAKE THE RACE

George Beale has handed in his resignation as a candidate for assessor on the Republican ticket, and the county central committee has been called to meet at Coquille City next Friday, at 10 a. m. to select his successor.

Having purchased a fine farm, Mr. Beale now has interests of his own which demand his entire attention, and does not care to undertake the duties of the assessor's office. His successor on the ticket is not yet looming up on the horizon.

### Sewers Needed.

The Flanagan & Bennett haul is being banked with dirt, filling up what has practically been a cesspool extending under the sidewalk. A look at the horrible mess under the bank building, arising from lack of sewer connection on other property, is enough to emphasize the need of a sewer system in the town. A new sidewalk has been laid in front of the bank.
