**Won't Follow Advice After Paying For it.**

In a recent article a prominent physician says, "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach & Liver Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by John Preuss.

Notice the new ads of H. Bengtacken and Wm. Nasburg. Neither will run forever without change, as Marshfield merchants are adopting the modern idea in advertising—frequent changes.
