MAKES CONCESSIONS WAR IS OVER AGAIN

STREET CAR COMPANY IS GIVING WAY

Will Pay 25 cents an Hour—Strike Expected to be Declared off Last Night

San Francisco, April 26—The directors of the United Railroads are now closeted with the strikers' committee discussing peace terms. No news of the result will be made public until the terms have been fully agreed upon. It is expected that the strike will be declared off tonight.

The company has offered the following concessions to the men: A flat rate of 25 cts an hour without bonuses or 23 1/2 cts with bonuses; reinstatement of discharged union men. The offer is made on the part of the company that when any grievances arise it will receive a committee from the union or one from the employees.

These concessions will be submitted to the car men this afternoon.

ANOTHER STRIKE NOW IMMINENT

Complete Deadlock Between the Anthracite Coal Miners and Operators

New York, April 26—All signs this afternoon point to a great strike of the anthracite coal miners. After a three hours conference between the representatives of the miners and operators and the conciliation committee of the national civic federation, it was announced by Bishop Potter, who is a member of the committee, that a complete deadlock existed.

Schley Goes to Tennessee

Washington, April 26—Admiral Schley left Washington today for a week's visit to Tennessee. In response to invitations he will visit Memphis, Nashville, Chattanooga and several other cities, where elaborate preparations have been made to receive him.

IN OLD AGE the question of health becomes mainly a question of nutrition. If the stomach and other organs of digestion and nutrition are kept in a healthful condition there will be a well-nourished body, and little liability to disorders of the liver, bowels or such other disorders as may result from in-nutrition and lack of exercise.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, and also diseases of other organs which are caused by the diseased condition of the stomach. By enabling the perfect nutrition of the body it increases the vital power and promotes a vigorous old age.

"I was a sufferer from chronic diarrhea for five years," writes Mrs. Mary A. Aaron, of Rolla, Phelps Co., Mo. "I tried different remedies, which would give me relief for a short time only. My trouble would return as bad as ever. I consulted you in July, 1900, and by your advice commenced using Dr. Pierce's medicine. I took two bottles of the 'Golden Medical Discovery,' three vials of the 'Pellets,' and some of the 'Extract of Smart-Weed,' as you advised. I have not had any return of my trouble since using your medicines. Am now seventy-one years old and I never had anything to relieve me so quick. I think Dr. Pierce's medicines the greatest on earth. Should I ever have any return of my trouble shall use your medicine. My thanks to you for your advice and thanks to Almighty God for restoring me to health through your hands."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Pleasant Pellets, the best laxative for old people. They cure constipation and biliousness.

GUEVARRA'S SURRENDER ABOUT FINISHES IT

Losses of Our Army in Action by Wounds and by Disease

Washington, April 29—With the surrender of Guevarra to General Grant in Samar, the war department officials believe that the most serious portion of the army's work in the Philippines is over, unless the trouble with the Moros should increase.

In subduing the Tagal insurrection, according to the latest official figures, the United States army employed 3477 officers and 108,800 enlisted men. Of these 694 men and 50 officers were killed in action, 12 officers and 170 men died of wounds and 309 officers and 2110 men died of disease.

WHITE STAR LINE NOT SOLD

Liverpool, April 26—The Managing Director Ismay, of the White Star line, today emphatically denied that the line had been sold to Morgan or any other interest.

Automobile Endurance Test

New York, April 26—Fourteen gasoline carriages, a dozen steam vehicles and a number of electric machines made the start from Jamaica today on the one hundred-mile endurance run under the auspices of the Long Island Automobile Club. Every one interested in automobilism is discussing the probable result of the contest as it is certain to demonstrate the reliability of the automobile in general and furnish valuable information regarding the worth of the various types of power-driven vehicles.

Delegates Start for Los Angeles

Chicago, April 26—A large delegation of club women from various parts of Michigan, Indiana, Wisconsin and Illinois left Chicago by special train today for Los Angeles to attend the convention of the General Federation of Women's Clubs. The tourists have planned to stop at the Grand Canyon and other places of interest both on the journey to and from Southern California. Another large party is scheduled to leave Chicago tomorrow.

Grant Birthday Banquet

New York, April 26—The Grand Monument Association has completed arrangements for its annual banquet at the Waldorf-Astoria tonight in celebration of Grant's birthday. General G. M. Dodge will preside and the speakers will include Senator Burrows of Michigan, Representative J. E. Watson of Indiana, Representative Charop Clark of Missouri and General Thomas H. Hubbard of New York.

Brownsville, Or., April 29—The bank here was robbed this noon of \$1600 to \$1800 while the cashier was at dinner. A burglar entered breaking the bolt of the rear door, and made good his escape. Brownsville is greatly excited.

PACKED MEAT UP BUTTER WAY DOWN

Portland, April 29—Hams and Eastern packed meats advanced here today one-half cent per pound, and lard one-fourth cent. Butter is the lowest price it has reached this season, the best creamery selling at 17 1/2 cents.

SAW MILL MEN CALLED OUT BY UNION

General Lockout Feared—Laundries Also Closed by Employees Walking Out

Portland, April 29—The Sawmills Union has called out the employees of the Jones mill here because Jones refuses to recognize the union's demand and to raise wages. It is feared that this may result in a general lockout, in which case 10,000 men will be affected.

All laundries here have been closed by a strike of union employees. Three hundred are out, 200 of whom are women and girls. The strikers demand recognition of the union and better prices for their work.

BROWNELL COMES OUT FOR U. S. SENATOR

Geer's Name to go on Ballots to be Voted for in the June Election

Portland, April 29—Gov. Brownell state senator from Clackamas county is announced a candidate for United States senator. Governor Geer is also clearly a candidate. The governor's name will go on the ballots to be voted for for senator at the June election expecting an election by the legislature if the people give him a majority over G. E. S. Wood the Democratic nominee.

F. held its first annual meeting here today in celebration of the 83d anniversary of the founding of the order. L. B. Owen of Arlington presided over the meeting. Delegates were present from Wickliffe, Lexington, Bandana and Lovelaceville.

Children's Fertilizer

That's a good name for Scott's Emulsion. Children are like young plants. Some will grow in ordinary soil. Others need fertilizers.

The nature of some children prevents them from thriving on ordinary food. Such children grow right if treated right. All they need is a little fertilizer—a little extra richness. Scott's Emulsion is the right treatment.

Fertilizers make things grow. That's just what Scott's Emulsion does. It makes children grow in flesh, grow in strength, grow rich blood, grow in mind, grow happy. That's what we make it for.

ARE SHINERS YOUNG SALMON?

State Fish Warden Appealed to and Samples Sent For His Inspection

Considerable complaint has been made lately among the fishermen of Coos bay about the catching of "shiners" in the bay and tributaries, which they claim are young salmon from the hatchery.

Complaint of the same kind was made to H. G. Van Dusen, Master Fish Warden of Oregon, while he was in Coos county last year, but he was doubtful as to the fish being caught being Salmon.

J. W. Bennett of this city received a letter from Mr. Van Dusen, Friday, requesting him to secure and send to him at Astoria, specimens of the fish, and accordingly Mr. Bennett sent two specimens, preserved in Alcohol, to him Saturday, which he had secured in Coquille.

The Salmon experts of Coos Bay seem to be about equally divided in their opinion, as to whether the fish being caught in such large quantities are or are not young salmon.

Inquiry among the fishermen brings out the fact that these fish were never seen on Coos Bay until last year, soon after the young salmon were turned out of the hatchery, and although they will rise to the fly in very clear water, the usual method used in catching them is by the use of earth worms. They seem to be all about the same size, between 5 and 7 inches in length.

Even if these fish are young salmon from the hatchery, as claimed, it is not likely that all the hook-and-line fishing will cut much figure. It will be pretty hard to convince people that they mustn't go fishing for fear of catching a young salmon who might grow up to fill several cans.

FORK AND MUTTON AGAIN ADVANCE

All Staple Foods Increasing in Price—Highest Level Since the Civil War

Chicago, April 26—Pork and mutton showed another advance today. Beef is unchanged. The special attention of the public has been directed to the advance in the price of all meats. Prices of other necessities of life have been jumping. Flour, beans, potatoes and all the staple canned goods show an increase of from 15 to 50 per cent. Dealers say prices were never so high since the civil war.

Contest for Dispensary

Warrenton, Va., April 26—One of the most exciting election contests in the history of Warrenton is in progress today, the issue being the dispensary question. Ever since the legislature gave the town permission to vote on the question both sides have been marshalling their forces with the result that an unusually heavy vote is being polled. If the dispensary becomes operative April 30 will mark the closing day of the retail whisky business here.

Eulogies for Dead Congressmen

Washington, April 26—This afternoon was set aside in congress for memorial services of the late Representative Stokes, of South Carolina, and the late Representative Crump, of Michigan. After several eulogistic addresses the session was adjourned as a further mark of respect to the memory of the deceased members.

OAKLAND COMPANY RAISES WAGES

Oakland, April 26—The Transit Company today voluntarily raised the wages of the street car men from 21 cents an hour to 24 cents. The change affects 350 employees.

BEEF TRUST CORNERING EGGS

Chicago, April 29—Recent rumors to the effect that the packers would attempt to corner eggs were substantiated today when buyers alleged to be acting for the beef trust went into the market and bought every thing in sight, also placing orders for future delivery.

Dealers say the intention of the packers is to put the eggs into cold storage until next winter when they will be able to sell at high prices.

LUMBER NOTES

(Puget Sound Lumberman)

The growing demand for fir eaves from the east can be accounted for in two ways: It is the best wood in use for that purpose and it can be obtained in good lengths, making frequent splicing unnecessary. In the eastern woods the lengths are short and therefore objectionable.

A party of Illinois capitalists, consisting of A. G. Van Patten, Edgar Woods and E. Bell, in connection with some local men at Astoria, have located a large tract of coal land near Tillamook, and will soon begin developing it. They expect to be able to ship coal by barges to Portland by September 1.

If any lumberman felt that the merging of railroad interests meant lower rates he should be pretty well satisfied by this time that this belief was erroneous. Railroad magnates are human; they work for their roads and salaries, not for the public. The Coast has had a few unhappy practical hints recently of how the tide runs.

A raft of cedar logs has recently been sold in Everett, Washington, by a logger, at \$15. This price sounds exceedingly fictitious, but when sales are made at \$13, these figures do not seem so far out of reach. Logs at such prices on Puget Sound indicate an exceedingly heavy if not an abnormal demand.

WOMAN'S RELIEF

A really healthy woman has little pain or discomfort at the menstrual period. No woman needs to have any. Wine of Cardui will quickly relieve those smarting menstrual pains and the dragging head, back and side aches caused by falling of the womb and irregular menses.

WINE OF CARDUI

has brought permanent relief to 1,000,000 women who suffered every month. It makes the menstrual organs strong and healthy. It is the provision made by Nature to give women relief from the terrible aches and pains which blight so many homes.

Greenwood, La., Oct. 14, 1900.
I have been very sick for some time. I was taken with a severe pain in my side and could not get any relief until I took a bottle of Wine of Cardui. Before I had taken all of it I was relieved. I feel it my duty to say that you have a wonderful medicine.

Mrs. M. A. Young.
