

Capt. Pandergrass and George Winchester returned on the noon train Monday from Coquille where they had been as witnesses on the Norton forgery case.

The Alliance arrived Monday and was scheduled to go down the bay at 5 o'clock this morning and sail from Empire at 12.

W. O. Christensen, of the firm of Christensen & Johnson, arrived on the Alliance, from his home in Jefferson, on a short business visit to look after his interests here.

Miss F. Fahy, of Bandon, was in Marshfield Tuesday on her way home from a visit in Portland.

H. E. Philbrick, of Hoquiam, Wash., arrived on the Alliance, and will play 3d base with the Marshfield baseball team this year.

Geo. Hughes, who has been connected with the Central Hotel for some time past, expects to leave for Myrtle Point in a few days to take up his old trade that of blacksmithing. He informs that he will also be a member of the Myrtle Point baseball team this year.

Mrs. F. A. Sacchi returned Tuesday from Gardiner, where she has been in the interest of her millinery store.

John Kopp, proprietor of the North Pacific brewery, at Astoria, was in Marshfield Tuesday, in the interest of his business.

Work has been commenced on the new shipyard at the stove mill. E. O. Hall has been soliciting contributions to help along the work.

P. S. Weaver was a passenger on the Alliance to Eureka, where he goes to look after his property interests there.

Salt salmon is just the thing for breakfast. Kruse & Stauff have lots of it, cheap too!

J. H. Hibbard, teamster on the beach between ten-mile and Jarvis landing is knocked out with the grippe and was in town Tuesday for medicine.

The four-year-old boy of Matt Nelme, who was severely burned Saturday, died that evening and was buried on Sunday.

Tom Cowan and Alex Evanhoff, of Schaefer's logging camp near Allegany came down to Marshfield Tuesday.

F. M. Kelley, of Ashland, is assisting J. L. Bonds in the latter's barber shop.

Si Hoah, Wm. Ward, Thos. Blaine, Jas. Nowlin and J. J. Clunkenbeard of Coos river, were in town Tuesday.

Rev. Thos. Irvine returned from Gardiner Tuesday, where he has been supplying his charge.

A good thing for that "hungry feeling" is a breakfast made on salt salmon. Get some at Kruse & Stauff's.

Phil Wilbur, the genial clerk in Sengstacken's dry goods department, who by-the-way is an old-time printer and has not yet gotten entirely over the affliction of wanting to brace up against a case of types, snarled in last evening and fumbled up a few sticks of type just to convince himself that he still knew where they lived when they were at home. This is an almost irresistible fascination for a printer and must be gratified occasionally.

C. J. Carson, president of the Crescent Coal & Navigation Co. died of heart failure, at San Francisco hospital Tuesday, a dispatch to W. A. Maxwell bringing the news. Mr. Carson was expected to come to Coos Bay on the Arcata, but was prevented by his sudden illness. W. A. Maxwell went up to the mine Tuesday, and expects to leave for San Francisco as soon as possible, where his presence may be required.

POLITICAL NOTES

It is not likely that Hon. A. M. Crawford, candidate for Attorney General will find time to visit Coos before election, as there is a strong call for him from other parts of the state. Eastern Oregon is the home of his opponent and in that section Mr. Crawford is not generally acquainted, though he is well known by the prominent men in all parts. It is hardly necessary for him to do any electioneering in Coos. He is well and favorably known here already and will poll a great vote.

W. J. Butler, the committeeman for Coos county is doing an immense amount of preliminary campaign work for the Republican ticket. He is going into the work with force and intelligence, and will make it count.

The fact that W. J. Earnieb, Republican candidate for governor, has been successful in business is being used as an argument against his election by some of the Democratic papers. It shows the calibre of these sheets, when they condemn one of the main qualifications that a man could have for the gubernatorial office. A governor without business ability can not give a good administration of state affairs, no matter how well fitted he might be in other respects. He must have that qualification. Then he must have the moral integrity to use it for the benefit of the people of the state. If the Democrats have any proof that Mr. Earnieb will not use it, they have not produced it.

The Secretary of the state of Oregon, Mr. F. I. Dunbar, has proved himself to be an exceptionally competent, faithful and valuable officer. He has reformed and re-systematized the method of book-keeping in his office; his last biennial report was the most complete and instructive ever issued; he has been watchful, vigilant and phenomenally firm and conscientious in auditing claims against the state, allowing nothing to be paid out except clearly authorized by law; and in every respect he has performed his duties with scrupulous and remarkable ability, zeal and fidelity. Mr. Dunbar has clearly filled the bill more perfectly than it was ever filled before, and well deserves the substantial compliment and commendation not only of the renomination he has already received, but of the re-election that it is pretty certain he will receive on the first Monday in June. Bright's Disease

The largest sum ever paid for a prescription, changed hands at San Francisco, Aug. 30, 1901. The transfer involved in coin and stock \$112,500.00 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases.

They commenced this serious investigation of the specific Nov. 15, 1900. They interviewed scores of the cured and tried it out on merits by putting over three dozen cases on the treatment and watching them. They also got physicians to name chronic, incurable cases, and administered it with the physicians for judges. Up to Aug. 25, eighty seven per cent of the test cases were either well or progressing favorably.

There being only thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address: JOHN J. ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE

by our new invention. Only those born deaf are incurable.

HEAD NOISES CEASE IMMEDIATELY.
F. A. WERMAN, OF BALTIMORE, SAYS:

BALTIMORE, Md., March 20, 1902.

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.

About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.

I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and today, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain

Very truly yours,
F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation.
