The work of making a reconnaissance of the route will be pushed vigorously from now on to the middle of August, by which time a report must be made that will determine whether the road will be built to Salt Lake City or not.

OHIO REPUBLICANS

ADOPT PLATFORM

Cleveland, May 28—In the platform adopted by the Republican convention here, the first plank pays a tribute to McKinley. The re-enactment of the Chinese exclusion act is commended, the Isthmian canal favored. Trusts are denounced, and reciprocity with Cuba endorsed, as is the administration Philippine policy. It says our flag is in the islands and there it must remain.

BOER PEACE

CONFERENCE ENDS

Lord Milner left for Johannesburg and the Boer delegates started for Verreniging.

The question of retention of arms is said to have been settled in favor of the Boers.

PHILIPPINES BILL

ABOUT TO PASS

Providing Civil Government for the Islands--Lodge Wants to Bestow Some Benefits

Washington, May 29—Representative Broussard, of Louisiana, who recently returned from Cuba, where he went to investigate the sugar situation spoke before the senate committee on Cuban relations this morning.

He testified that the result of his trip had convinced him that the sugar trust held all but a small portion of the sugar in the island. The only people in Cuba who would obtain benefit from legislation in the United States in reducing the tariff would be those who had worked their own crop with their own money, and they did not exceed two per cent of the whole.

He also said that he found no distress in Cuba, but on the contrary everybody seemed prosperous.

Today marked the actual beginning of the end of the battle which has been raging in the senate for six weeks over the bill providing civil government for the Philippines. The senate met an hour earlier than usual in order to clear up other business.

When the bill was laid before the senate, Lodge offered a number of amendments, one establishing the civil rights bill in the islands, with the exception of trial by jury and the right to bear arms.

J. W. Bennett Wednesday received the telegram given below from Hon. Thos. H. Tongue. While the conference committee of the House and Senate have cut down the figure in the Senate bill to two-thirds the amount, the fifty thousand allowed will prove in no wise unacceptable. J. W. BENNETT,

Conference committee report Coos Bay get fifty thousand dollars addition to ten thousand on hand.

Chicago, May 30—There is still no change in the strike situation at present.

President Mitchell of the United Mine Workers has announced that the call for the proposed convention, which it is understood five district presidents of the miners have agreed to, is not to be issued at once. Mitchell will give no opinion as to when it will be sent out.

Mr. Mitchell expressed himself vigorously as of the opinion that the men must win, and said he was prepared to fight it out to the bitter end.

PRESIDENT ROOSEVELT

SPEAKS AT GETTYSBURG

Ceremonies Were Held on the Memorable Battle Field--Graves of the Blue and Gray Treated Alike.

Washington, May 30—The national capital devoted itself to the observance of Memorial day. The departments were closed and business was generally suspended, while thousands of citizens, veterans of three wars and their descendants, paid tribute to the nation's heroic dead. The most notable ceremony of the day was at Arlington, where thousands upon thousands have their resting places marked with imperishable granite, and where still other thousands are grouped about the single imposing monument with its sad inscription, "To The Unknown Dead." At the Soldier's Home, Congressional and other cemeteries patriotic and religious ceremonies accompanied the strewing of the graves with flowers.

Gettysburg, May 30—President Roosevelt delivered the memorial address today at the annual exercises on Gettysburg battlefield. The ceremonies were held in the national cemetery, where the graves of fallen heroes were decorated with flowers and flags by school children and veterans of the civil war.

Louisville, May 30—Memorial day was appropriately celebrated by the various Louisville posts of the Grand Army. The principal exercises were at Cave Hill cemetery, where the graves of 5,000 Union soldiers were decorated. The oration of the day was delivered by Augustus E. Wilson.

New York, May 30—Today's observance of Memorial day was one of the most notable New York has had seen for a number of years. Business everywhere suspended and the holiday general.
