## Coast Mail.

MARSHFIELD OREGON

### ADDITIONAL LOCAL

Mr. and Mrs. J. W. Leneve, of Myrtle Point, returned to their home Saturday, accompanied by Alton Grimes.

This office is in receipt from H. Sengstacken, agent for the Pacific Clipper Line, of a large map of Alaska, showing all points in the gold fields and on the coast of that territory; also a smaller map of Katzebue sound and adjacent country. The steamers of the P. C. Line are some of the finest on the route. Mr. Sengstacken has just taken the agency and sells tickets to all points.

We note that the Myrtle Point Enterprise is supporting the Democratic nominee for assessor. Where are all our Republican papers at, any way?—Coast Mail. The editors of the Coast Mail are evidently not posted on the politics of the Enterprise. We have always posed as independent, though we don't seriously object to being classed with the Republicans. They are good enough company for us.—Myrtle Point Enterprise.

### Whooping Cough

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.—JESSIE FISHER HALL, Springville, Ala. This Remedy is for sale by John Preuss.

J. W. Tibbets received a telegram Saturday from San Diego, of the death of his father, Henry Tibbets, aged 70 years.

J. J. Owings and his brother, who have been looking up a location on Coos river left this morning for Myrtle Point. Mr. Owen takes with him a fine new screen for his gallery W. A. Woolfever did the painting.

Captain Burns came up yesterday from the Baroda bringing word that the vessel made 53 feet out to sea on the preceding night with out any assistance other than the action of the surf. We understand that he has now succeeded in moving her as far seaward as he desires until she is ballasted and conditions are favorable to towing. She is now out to a point at which the high tides of June, which take place about the 6th, will easily take efficient effect and if the sea is just right, that is not too rough, she will in all probability be floated at that time.—Bandon Recorder.

### Won't Follow Advice After Paying For it.

In a recent article a prominent physician says, "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach & Liver Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by John Preuss.

### STORY OF OUTRAGE

VIGOROUSLY DENIED

O'Brien's Statement Pronounced a Lie  
---Spanish Women Not Violated  
By Americans.

Washington, May 26—Fred MacDonaid, ex-captain of the Twenty-sixth Volunteer Infantry, who was charged by Ex-Corporal Richard O'Brien, of his company, with having violated Spanish women in the town of Icabarra, appeared before the Philippine committee today and made a complete denial.

He pronounced O'Brien's statement a lie, and said he never knew of a Spanish woman being violated by any American while in the Philippines.

### Ex-Senator McBride's Bride.

New York, May 26—Ex-Senator Geo. W. McBride and Mrs. Laura Schwechtlenburg were married here Saturday.

### TWO STONES THROWN

AT KING'S TRAIN

Rome, May 26—The Civilian police consider an attempt against King Victor Emmanuel's life yesterday, when two stones were thrown at his train when it stopped at Naples, as the result of an immature anarchist plot.

Strength is given the idea by the fact that the authorities have strong evidence of a plot against the Pope.

As a result there is renewed vigilance at the imperial palace and the vatican.

How Are Your Kidneys?  
Dr. Hobbs' Spangus Pills cure all kidney ills. Sample free. Add. Sterling Remedy Co., Chicago or N. Y.

### DIED.

KEFN—At Blue Lake, Humboldt Co., Cal., May 23, 1902, Helen, wife of Wm. Kern, aged 25 years, 10 months and 17 days.

Deceased was the daughter of S. J. Steckel, of Bay City, and was born at Blackwell, Josephine Co., Or., July 6, 1876. She came to the Bay with her parents in 1888, residing at Bay City and in that vicinity. She was married to Wm. Kern, at Eagle Point November 1st, 1892. They removed to Humboldt county in the spring of 1895. The cause of her death is not yet known here, a telephone message Saturday night bringing simply the news of her death. A letter received from her a few days before by her sister, Mrs. Wm. Richards, told of getting a fall from a step ladder, which may have been the cause. She leaves four children, the youngest two years of age and the oldest nine.

### Bright's Disease

The largest sum ever paid for a prescription, changed hands at San Francisco, Aug. 30, 1901. The transfer involved in coin and stock \$112,500.00 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases.

They commenced the serious investigation of the specific Nov. 15, 1900. They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also got physicians for judges. Up to August 24, eighty seven per cent of the test cases were either well or progressing favorably. There being only thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address John J. Fulton Company, 423 Montgomery St., San Francisco, Cal.

### YOUR FAITH

will be as strong as

# Shiloh's Consumption Cure

and ours is so strong we guarantee a cure or refund money, and we send you free trial bottle if you write for it. SHILOH'S costs 25 cents and will cure Consumption, Pneumonia, Bronchitis and all Lung Troubles. Will cure a cough or cold in a day, and thus prevent serious results. It has been doing these things for 30 years. S. C. WELLS & CO., L. E. ROY, N. Y.

Concluded from Fourth page.

They are not to blame in not being acquainted with all of the difficulties that are met with at this end of the line. I have tried in part to point them out. It was simply an effort to lay the facts before the people of that County.

It is nonsense, Mr. Editor, to intimate that I have hostility to the people of that county. Any public man prefers to please his constituents. It is as important to him as to a physician or a lawyer to be successful. A sense of having met their approval is the principal reward in public life. It is essential to his continuance in public life. A man occupying a public position who should not do everything in his power to secure this approval, to satisfy the legitimate wants and desires of his constituents, would not only be unworthy but ungrateful, but would be little less than an idiot. There could be no excuse for neglecting your wants other than sheer laziness and inattention. Nobody who knows me ever accused me of that.

but has rather decreased since 1890. Since that time there has been expended in the improvement of Coos Bay \$675,000.

Now I am not referring to this for the purpose of saying a word derogatory to Coos Bay, but am simply showing you one of the difficulties that had to be contended against. The Committee called attention to the fact that the expenditure of that much money had not increased the commerce. The object of the improvement of rivers and harbors by the government is to provide for an increase in trade between different ports.

You sneer, somewhat, Mr. Editor, about what you call "my thinking it necessary to write a long winded article eulogizing my efforts." Nothing of the kind. Yourself and others made the attack. I have simply endeavored to defend. The attack was unjust, was in disregard of the facts, many of which, doubtless, however, were not known to yourself and the people of Coos County.

This is not a political question, Mr. Editor, and there ought not to be misunderstandings, and certainly ought not to be misrepresentations in reference to it. Were this a political question, I should leave the discussion of the matter entirely in the hands of others.

One word more. Every River and Harbor bill has been the joint work of house and senate. The house passes one bill, the senate adds. This time the senate has added about \$1,000,000. Coos Bay receives its share. We are all doing the best we can to "hold on to it." We may succeed. If we do, Coos Bay will be the only place in the United States receiving that much money where the chief engineering officers say it is not needed, and will not increase the depth of water.

Respectfully yours,  
THOS. H. TONGUE.

## TOWN SWEEP BY FIRE

\$100,000 Blaze Takes Valuable Property

TWO PLANING MILLS AND SIX HOUSES BURNED

Most of the Losses are Partly Covered by Insurance—One Man Injured

Grants Pass, May 27—This town was swept by a \$100,000 fire at 6 o'clock last night. Two planing mills and six houses being burned. The mills were owned by the Sugar Pine Floor & Lumber Co., and Williams Bros. Door Company. Loss \$75,000, Williams Bros. \$10,000. Both were partly insured. J. A. Turner was severely hurt.

### SENATORS PREFER THE LEGISLATURE

Election by Popular Vote Again Turned Down in the Upper House

Washington, May 27—In the senate this morning Chairman Burrows of the Committee on Privileges and Elections, announced that he was authorized to report adversely on House resolutions, providing for amending the constitution, to provide for the election of United States senators by popular vote.

### MILL OWNERS NOW INCLINED TO CRAWFISH

Hold Conference With Executive Committee of the Building Trades ---Injunction Suit

Portland, May 26—There seems a prospect that the planing mill strike may be settled sooner than expected.

A conference is being held this afternoon between Attorney Fenton, representing the mill owners and the executive committee of the building trades.

This meeting, coming as it does, after the mill men have announced that they would concede nothing, is significant. The hearing of an injunction suit against the strikers came up this morning before Judge Sears and was continued until tomorrow afternoon.

### ALL THE STRIKERS EXCEPT WOODWORKERS

Portland, May 27—All strikers with the exception of the Amalgamated Woodworkers returned to work this morning by order of the Federated Trades. A few plumbers are locked out by efforts of masters to compel journeymen to sign a certain agreement which they refused. There are only a few hundred members of the Woodworkers Union out and they will soon be employed in the mill operated by the Federated Trades.

It is stated that an effective boycott will be pushed against all non-union mills.
