Next Governor Will be a Democrat

MAJORITY ESTIMATED FIVE TO TEN THOUSAND

Balance of Republican State Ticket Elected—Changes on County Ticket

Salem, June 3—Chamberlain elected by 3050 to 5000 majority.

Salem, June 3—Following are reported and estimated majorities by counties: Chamberlain; Baker 500, Benton 100, Douglas 150, Harney 50, Jackson 100, Josephine 100, Lane 200, Linn 250, Malheur 150, Marion 350, Multnomah 1000, Polk 150, Umatilla 300, Union 700, Wallowa 150, Yamhill 100. Total 4350. Furnish; Clackamas 200, Columbia 100, Coos 150, Crook 200, Curry 100, Gilliam 200, Grant 200, Klamath 200, Lake 100, Lincoln 200, Washington 200, Wheeler 100. Total 2317.

Hepner, June 3—Out of a total of nine precincts, incomplete returns from one and complete returns from eight give Chamberlain 374, Furnish 314. The legislative nominees possibly elected are Scriber and Phelps, Republicans. On congress the county goes for Williamson

Vendleton, June 3—Chamberlain's plurality in Umatilla county will be 300.

Ashland, June 3—Furnish carried Josephine by a majority of 125, falling nearly 200 behind his party vote. Tongue receives a majority of 200.

Roseburg, June 3—Chamberlain carries Douglas county by 200 to 300. Democrats elect assessor and coroner. The election was quiet with a full vote and returns slow.

Ashland, June 3—Out of 33 precincts, 15 heard from give Chamberlain 1,091 Furnish 1,000. Precincts yet to hear from will give Chamberlain a majority of 100. The Democratic legislative ticket from Jackson county is elected, excepting E. V. Carter Republican, elected over Neil for senator.

Salem, June 3—On the best available authority and a close estimate of precincts not heard from in Marion county is as follows: Chamberlain 350 majority. Republican legislative ticket 700 to 900. State printer even. Balance of Republican ticket from 500 up. Senator Kelly is reported defeated in Linn county by 12 votes. Chas. Burgraft

Republican representative elected by a small majority.

Portland June 3—Chamberlain will be the next governor of Oregon. This much is decided although many of the other officers are still uncertain.

Jackson county and old Republican strongholds like Marion and Polk have gone Democratic.

Furnish received a crushing defeat in his own county.

Republicans have long since given up all hopes of stemming the tide of defeat Multnomah county is sure to give Chamberlain at least 500 majority.

Republicans, however elect the other state officers. Chamberlain leads here 500. Inman is gaining fast, and is probably elected mayor. The Citizens' candidates generally are gaining.

Umatilla, Jackson, Polk and Josephine go for Chamberlain. Geer is getting good support for senator.

Dr. Harry Lane will likely beat McGinn for senator. Only partial returns have been received in Portland and the count is not complete, but enough is known from the interior of the state to indicate that the election is close on Chamberlain for Governor but Republicans concede his election.

The other state officers and congressmen are Republican. The accurate result will not be known before tomorrow.

Portland, June 5—Chamberlain is undoubtedly elected by at least 400 plurality. The figures are based upon returns from every county in the state, corrections being made from those given out this morning.

In a number of counties the complete count gave Chamberlain added majorities, thus disproving the published reports that he was only 10 in the lead.

Editor Scott has conceded that Chamberlain is elected by 100 to 300.

The latest figures, including Curry county which gives Furnish an estimated plurality 125, give Chamberlain 341 majority.

All doubt is removed in regard to governor and Chamberlain goes in by a plurality of 400 all counties being heard from.

Board Meeting.

The town board held a short session Tuesday evening. Among other business transacted, warrants were ordered issued for collection of assessments on Second and Third streets from A street to First street (Clement plat).

The board contemplates opening Fourth street (Clement plat) from Cedar to Myrtle streets, and the preliminary steps were taken to that end.

Force of Habit.
Gerald—Your father kicks about my calling so often.
Geraldine—Don't mind him. It's only a fake kick. He used to be a football player.—New York Times.

GREAT PLANS FOR PYTHIANS.

A Large Gathering of K. P.'s Expected at the National Conclave Biennial

San Francisco, Cal., June 3:—When the thousands of Knights of Pythias embark from their trains here next August to attend the national biennial gathering of that order it will be to gaze upon a scene of rarest splendor. Not alone the people of this city, but the people of the entire coast have joined to make this gathering the most notable in Pythian history. Requests already received for accommodations indicate that the gathering will eclipse all former attempts, so far as the attendance is concerned. Everything possible is being arranged for the accommodation and entertainment of the expected guests. The interest is not confined to the members of the order, but spreads to the ranks of merchants, manufacturers, farmers and miners. All are interested in making the affair a glorious one for California and pleasant for the visitors. The city is to be transformed into a fairyland and the night is to be turned into day. Car loads of the choicest fruits will be sent each day from different sections for free distribution. The giants of California's forests will be planted at convenient points for visitors to gaze at. Bearing trees from the citrus belt will be set along the curbs. Quarts and hydraulic mining will be seen in full operation as an object lesson to visitors, and oil wells will be bored to show the operation to those who cannot visit every section of the state to behold its wonders and glories.

Fifteen thousands Knights of the Uniform Rank will be in the parade, escorted by the militia of California and the United States troops stationed at the government reservation and the forts in the vicinity of San Francisco. Trophies made of California gold and silver, the most valuable ever offered, will be given by the citizens for the competitive drill. For the accommodation of the visiting host Congress has authorized the Secretary of war to issue 1,000 wall tents for use during the encampment, and at many more tents will be issued as may be required. These and the 5,000 banks to be placed in the great pavilion will be at the disposal of the visiting Knights who prefer outdoor life during the encampment.

NAVAL WEDDING IN NEW YORK

New York, June 2:—Naval officers in brilliant uniform were conspicuous at the wedding of Miss Lillian Wing, daughter of the late Charles Tudor Wing, and Naval Constructor Lawrence York Spear, U. S. N. The ceremony was performed by Bishop Potter this afternoon at the home of the bride's mother in West Fifty-fifth street. The bride had her sister, Mrs. Mathias Nicoll, as her matron of honor, and the best man was Lieutenant William H. Buck, U. S. N.

CHICAGO STRIKERS

Win Their Fight Over Employers

ANTHRACITE MEN CLAIMING A VICTORY

More Men Join Their Ranks—

Imported Men Persuaded to Quit

Chicago, June 5—After an all-night session between the packers representatives and the teamsters delegates at the Grand Pacific hotel, a settlement of the stockyards strike was reached this morning.

All the strikers are reinstated without prejudice. No work labor day. The packers however refused to employ only union men, but agreed not to discriminate against them.

This is considered practically a victory for the men.

In consequence of the settlement of the strike, the boycotts established by the ice and coal drivers has been declared off.

There is much rejoicing everywhere at the termination of the strike.

Wilkesbarre, June 5—More firemen, engineers and pumpmen joined the strike of the anthracite miners today.

The leaders claim their victory over the mine operators is practically complete.

The operators continue to import non-union men, but many are persuaded by the strikers to return home.

Isolated attacks upon non-union men are reported about the region. At Lykens several men stopped miners going to work and deputies have been sent to preserve order.

HANNA ADVOCATES PANAMA CANAL

Mitchell Protests Against Failure to Act Which Means Indefinite Postponement

Washington, June 5.—When the interoceanic canal bill was laid before the senate this afternoon, Senator Hanna took the floor in support of the Panama route.

Hanna was followed by Mitchell, of Oregon who said the failure on the part of the senate to pass the house Nicaraguan bill would mean the indefinite postponement of the project, and dickerings with the Panama people, which he said would lead only to complications with the French government. The Nicaraguan route was perfectly feasible.

He did not favor turning the matter over to the president, asserting that the duty of selecting the route was legislative and not executive, that duty and tremendous responsibility resting upon congress and not the executive.

Teachers Elected.

The school board, at a meeting Tuesday re-elected all the present teachers for another year with the exception of Mrs. D. L. Rood, who is going to Alaska, Miss Eavarda Erickson being elected to take her place in the 4th grade.

The next term will begin Sept. 22 and continue 9 months.

The annual school meeting will be held on Monday, June 16th.
