CHAMBER OF COMMERCE MERCE RESOLVES

At a meeting of the Coos Bay Chamber of Commerce, held on the 22d day of May, 1902, the following resolutions were unanimously passed:

WHEREAS, there has been appropriated for the improvement of Coos Bay at the present session of Congress the sum of \$20,000.00 as a result of the combined efforts of the Oregon Delegation in Congress; and

WHEREAS, owing to the adverse report of the U. S. Engineers, it has required more than ordinary efforts on the part of our said Delegation to secure recognition at this time for Coos Bay and

WHEREAS, in view of the development of extensive coal fields and general increased activity in the development of the great natural resources of the Coos Bay country, appropriations for the improvement of the Coos Bay bar and harbor at this time are of special importance;

NOW, THEREFORE, BE IT RESOLVED that this body and the people of Coos Bay in general appreciate the successful efforts of our said Delegation in securing for Coos Bay the said appropriation;

RESOLVED that the Chamber of Commerce, also representing and expressing the feelings of the citizens of Coos Bay, hereby express their gratitude to the members of said Oregon Delegation;

RESOLVED that the Secretary be and hereby is instructed to forward copies of these resolutions to the members of the said Delegation.

Shoots Twenty-One Miles.

New York, June 2:—Arrangements are being made at Ft. Hamilton for mounting the new 16-inch gun which has been in course of construction at the Watervliet Arsenal for the past four years. The gun will be placed at the fort as soon as it has been officially tested at the Sandy Hook proving ground. The test is awaited eagerly by all the gun makers of the world. It is claimed the gun will hurl a shell twenty-one miles. In order to discharge the gun it will require 1,000 pounds of powder and a 2,000 pounds projectile. The weight of the gun is 150 tons.

LORD KITCHENER SIGNS PEACE TREATY

British Will Pay Three Million Pounds For Stocking Boer Farms—The Rank and File Disfranchised.

London, June 2—In the House of Commons this afternoon Balfour said the terms of peace with South Africa are that the Boers lay down their arms and recognize the sovereignty of the king, that the Boer prisoners will be brought back as soon as possible, without loss of liberty or property.

The cabinet held a half hour session this morning to consider the form of announcement of peace terms. Dense crowds thronged Downing street and cheered the ministers enroute to the consultation. Chamberlain, secretary of war received an ovation, and cries of "You did it," were heard.

The peace terms are as follows: The Boers are to hand over all arms and ammunition in their possession or under their control.

No action will be taken against prisoners except those who broke the laws of war.

The Dutch language will be taught in the schools, where the parents desire.

Rifles will be allowed the Boers for their protection.

Military government will be withdrawn as soon as possible.

Selfgovernment will be established.

There will be no tax on the Transvaal to pay the cost of the war.

Three million pounds will be furnished by the British government for stocking the Boer farms.

Lord Kitchener, subsequent to signing the terms, informed the Boer delegates of the British intentions regarding the rebels not included in the agreement. They will be subject to trial according to the laws of the colony to which they belong. The rank and file will be disfranchised for life. No death penalty will be inflicted.

Tuberculosis Discussed.

New York, June 2:—The conference of the American Congress of Tuberculosis, which was postponed from last month, began its sessions today at the Hotel Majestic. There were present to take part in the discussions eminent physicians and surgeons, health authorities and other interested persons from nearly every part of the United States and Canada. The sessions are to continue three days, during which time the subject of the dread disease, its prevention and treatment, will be discussed from every point of view. Particular attention is to be paid to recent discoveries of so-called cures for the disease and also to the subject of government aid in the establishment and maintenance of institutions for scientific treatment.

Reduced Hours.

Ansonia, Conn., June 2:—Twenty-five hundred men are benefited by the reduced working schedule which went into effect today at the American Brass Company and the Farrell Foundry and Machine Company. The reduction, which is voluntary on the part of the companies, amounts to 5 hours a week without any decrease in wages.

Bright's Disease

The largest sum ever paid for a prescription, changed hands at San Francisco, Aug. 30, 1901. The transfer involved in coin and stock \$112,500.00 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases.

They commenced the serious investigation of the specific Nov. 15, 1900. They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also got physicians for judges. Up to August 24, eighty seven per cent of the test cases were either well or progressing favorably.

There being on only thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address John J. Fulton Company, 420 Montgomery St., San Francisco, Cal.
