EDITOR COAST MAIL:—

"It is a great pleasure to a resident of this county to note the energy and ability displayed by the little daily Coast Mail. Its daily editions is a great benefit to hundreds of families and brings us the vital news of the day ahead of all other mediums. For instance your news about the Mt. Pelee eruption, the strikes, and your fine report about the new railroad, were strokes of enterprise. Your management of a clean conservative Republican paper is a credit to Marshfield, and its influence has been good in every sense. What is more, the good Republican majorities in this county are largely the result of your good work. Newspaper discussion that inspires confidence makes votes, and that is what the Coast Mail did."

Read It In His Newspaper

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for 75c a bottle, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born new,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering like wise will hear of her wonderful recovery. This valuable liniment is for sale by—John Preuss.

The Afflicted

Mrs. John Bar received a letter Saturday from her son Charles Jensen, who has been seriously ill with la grippe or some such trouble, which has been going the rounds at San Jose, where he is attending business college and announces that he is very much improved. His many friends here will be glad to hear of his recovery.

Mr. F. M. Miller who has been seriously ill at the home of his son-in-law, F. N. Hofer, is slightly improving.

It is reported that Mrs. E. M. Lockhart, who is quite sick at the residence of H. Sengstacken is not improving.

Marshfield Beaten.

The baseball game on the depot grounds Sunday between Bandon and Marshfield teams resulted in a victory for the visitors by a score of 6 to 3. The attendance was large, but the playing was not of the best.

Church Improvement.

The underpinning of the Swedish Church has badly rotted out and the building is being raised and will be moved forward to the sidewalk. It will be raised about two feet and good heavy sills put in, this making an additional improvement on the church property. This church is prospering finely under the supervision of the new pastor.

Bright's Disease

The largest sum ever paid for a prescription, changed hands at San Francisco, Aug. 30, 1901. The transfer involved in coin and stock \$112,500.00 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases.

They commenced the serious investigation of the specific Nov. 15, 1900. They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also got physicians for judges. Up to August 23, eighty seven per cent of the test cases were either well or progressing favorably.

There being only thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address John J. Falton Company, 421 Montgomery St., San Francisco, Cal.
