

DEWEY ON THE STAND

Insists Aguinaldo Was no Good

FILIPINO CHIEF WAS LOOTER AND ROBBER

Admiral Thinks Five Thousand Troops Would Have Prevented the Trouble

Washington, June 28—Admiral Dewey, resuming his testimony before the Philippines inquiry committee this morning explained that the repeated offers of the governor general to surrender Manila came in July not May.

Under cross-examination he refused to say that the trouble the United States had in the Philippines was the result of Aguinaldo's influence. Dewey insisted that if the United States had had five thousand troops at Manila at the time of the destruction of the Spanish fleet to take possession of the city he did not believe they would have had any trouble, because the Philippines were then friendly to the United States.

He thought Aguinaldo was being made too much of. That rebel chieftain was a very small part of the affair.

Going back to his statement that Aguinaldo began looting and robbing houses after his arrival at Manila he said he came there without any thing and very soon after was living like a prince at Malolos.

The statements of Generals Otis, Green, Bell and others to the effect that Aguinaldo was honest were read to the admiral but he stuck to his original belief, based upon absolute facts, that Aguinaldo was a looter and robber.

During his examination by Senator Patterson, Dewey became nettled and told the Senator that he did not like his questions. If he had had any alliance with Aguinaldo and confidence in him

THE PRISONER

Who escapes from jail is by no means free. He is under the ban of the law and punishment is written over against his name. Soon or late he will be caught again and bear added punishment for his short escape from his cell.

Those who by the use of palliative powders and tablets escape for a time from the sufferings of dyspepsia are in the same condition as the escaped prisoner. Soon or late they will go back to the old condition and pay an added penalty for temporary release.

Dr. Pierce's Golden Medical Discovery cures dyspepsia and other diseases of the stomach and organs of digestion and nutrition. Its cures are lasting.

"For about two years I suffered from a very obstinate case of dyspepsia," writes R. E. Record, Esq., of 15 Eastern Ave., Toronto, Ontario. "I tried a great number of remedies without success. I finally lost faith in them all. I was so far gone that I could not bear any solid food on my stomach for a long time; felt melancholy and depressed. Could not sleep or follow my occupation (business). Some four months ago a friend recommended your 'Golden Medical Discovery.' After a week's treatment I had derived so much benefit that I continued the medicine. I have taken three bottles and am convinced it has in my case accomplished a permanent cure. I can conscientiously recommend it to the thousands of dyspeptics throughout the land."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

and his army, asked Patterson, would he have accepted the surrender of Manila when offered by the governor general. Dewey replied in the affirmative, and added that he would have placed Aguinaldo in charge of the city.

DISSENSIONS ARISE IN PORTLAND STRIKE

Portland, Oregon, June 28—Discussion has arisen among the unions affiliated with the Building Trades Council, and each threatens to prove a serious menace to the success of the strike.

The Carpenters' union, the largest in the council has refused to enforce the boycott, and has proclaimed that it will handle material furnished by non-union employes.

CONVICTS SEEN IN THEIR DAILY WALK

Report of Tracy's Death now Acknowledged to Have Been a Mistake

Winlock, Wash., June 28—Two men believed to be the escaped Oregon convicts were seen here last evening by section men.

The men were armed with rifles and were walking along a wood road near Ainslie, a small station two miles west of Winlock.

Salem, June 28.—The report from Whatcom, Wash., yesterday that Tracy was killed there was a mistake.

Red Men at Sioux Falls.

Sioux Falls, S. D., June 30—This city experienced an invasion of Red Men today in the person of some 300 delegates to the annual meeting of the grand lodge of the order. The visitors were royally received by the enjoyment of the occasion. After the formalities of receiving the visitors were concluded the delegates went into executive session to transact business pertaining to the affairs of the order in South Dakota, officers' reports, though not officially given out, are understood to show a gratifying increase in membership during the last twelve months.

Get a Crusher

Marion county is doing some permanent road building. The county has provided a rock crusher and the rock is crushed and put on about twelve feet wide and ten inches deep, making a smooth and permanent road. This method is worthy of emulation in other places and Coos county should fall in line and secure a crusher. There is plenty of good rock convenient and should the county get a rock crusher the farmers and others would assist in

placing the rock on the roads, thus carrying on the work of improvements without heavy outlay to the county and in a few years making a road that could be traveled at all seasons of the year. The purchase of a crusher by the county has been much agitated, but for some reason the county court has never seen fit to purchase one. They should have the matter brought up before them so forcibly that they would be compelled to move in this direction.—Myrtle Poir Enterprise.

POSSE SURROUNDING THE CONVICTS AGAIN

Men Seek Food and Take to the Woods Again--Blood Hounds Sent Home

Portland, June 30—The escaped convicts are being surrounded by a large posse near Bueda, Wash. The men were seen last evening near Bueda where they asked for food. The posse later found tracks leading into the woods and planned to surround the section.

Guard Carron with the blood hounds started back to Walla Walla this afternoon. A dog from Tacoma is to be used.

500,000 Immigrants

New York, June 30—There is no truer indication of national prosperity than the volume of immigration. As the conditions of prosperity in this country have become more pronounced during the last few years there has been a steady increase in the number of immigrants. Figures for the fiscal year ending today at Ellis Island show that nearly 500,000 aliens have landed at this port, the present month alone bringing more than 50,000 from the various countries of Europe. A noticeable fact is the increase in the number of Italian arrivals, due in all probability to the unprecedented volume of railroad construction, which employs large numbers of the newcomers from King Victor Emmanuel's domain.

POOR OUTLOOK FOR PORTLAND STRIKERS

Boycott Being Disobeyed and Mills Starting with Non-union Labor

Portland, June 30—The outlook for the striking employes of the planing mills is discouraging. One mill started up today with non-union help.

Many union carpenters have disobeyed the boycott and are working unfair material.

There seems to be no immediate chance for a settlement of the strikes of the teamsters and the employes of the Portland City & Oregon electric railway.

With three strikes on, and over 1000 men out, the labor difficulties are seriously affecting business.

The strikers are receiving help from other unions on the coast.

Indianapolis Arsenal Abandoned.

Indianapolis, Ind., June 30—The official life of the government arsenal located in this city terminated today when Major Schaler, the commandant, transferred the control from the ordnance department to a small detachment of troops who will look after the property until it is sold by the government. The career of the arsenal extended over a period of nearly half a century and

during the civil war it served on a large scale as a manufactory and depot for arms and supplies.

Minnesota Republicans.

St. Paul, Minn., June 30—Governor Van Saft will have a walkover in the matter of securing a re-nomination at the hands of the Republican state convention tomorrow, and as little difficulty is expected in filling the remaining places on the ticket the gathering bids fair to be a harmonious one. Among delegates and other politicians already on the field considerable talk is heard regarding an indorsement of President Roosevelt's reciprocity policy and the discussion of this matter may tend to liven up the proceedings on the convention floor tomorrow.

FINAL ADJOURNMENT THIS AFTERNOON

Congress Finishes its Work for the Present--Elkins on Annexation

Washington, June 30—The Senate and House leaders today agreed to adjourn at 3 o'clock tomorrow. Adjournment would have been had today but it was not possible to enroll the Philippine bill in time.

Elkins addressed the Senate on his resolution providing for annexation of Cuba. He said the resolution had been misunderstood. His sole intention was to annex Cuba only in the event that Cuba would take the initial step. He declared annexation to be to the interest of both countries.
