That is precisely the manner in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. People have found that it can always be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take. For sale by John Preuss.

In our account of the Fourth of July exercises we inadvertently neglected to state that in the street sports Dr. E. F. Straw and Archie Kruse were the judges and C. F. McKnight acted as starter. It is needless to say that there was no charge of unfairness brought against these gentlemen.

Friday's San Francisco Chronicle brings an account of the suicide of William F. Rogers, cashier of the Simpson Lumber Co., which occurred the day before. His friends are at a loss to understand the reason for the rash act. Rogers was married to a niece of A. M. Simpson, and had been in the West about two years. He bore an excellent reputation and was well thought of by his employers.

Sheriff Gallier commenced Monday to sell the property which the county has heretofore bid in at delinquent tax sales. Several Marshfield people were present and invested some of their spare cash. Some good land for raising clams passed into the proud ownership of Marshfield parties.

The Same Old Story.

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and retold by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entire satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by John Preuss.

Bright's Disease

The largest sum ever paid for a prescription, changed hands at San Francisco, Aug. 30, 1902. The transfer involved in coin and stock \$112,500.00 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases.

They commenced the serious investigation of the specific Nov. 15, 1900. They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also got physicians for judges. Up to August 25, eighty seven per cent of the test cases were either well or progressing favorably.

There being only thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address John J. Falton Company, 429 Montgomery St., San Francisco, Cal.

Runs Night And Day.

L. J. Simpson has succeeded, through his ad in the Coast Mail, of course, in securing enough men to make up a second mill crew, and the North Bend mill commenced Monday running night and day. This speaks well not only for the lumber market, but for the business energy of the Simpson Lumber Co., and its manager here.

DRUMMER GETS WHAT HE BADLY NEEDED

The city recorder's court was the center of interest Monday forenoon, when the charge of disturbing the peace, lodged against N. D. Josephson and H. G. Wright, was to have been heard. Wright was on hand, but Josephson failed to show up and Marshal Carter reported that he had been informed that the party had taken passage for Empire, leaving a heavy team sent around to a back street for that purpose. The case was accordingly postponed.

It seems that Josephson, who is a drummer of the offensive kind, has been in town several days and has conducted himself in an extremely disagreeable manner, and Sunday evening he got what he stood badly in need of. His notion that he would lick any man in town was probably modified by the time Wright got through with him, and it is likely that his expressed opinion of the women of Marshfield underwent a change at the same time.
