

Day at North Bend

FINE WEATHER
FOR CELEBRATION
Sister Town Filled With Visitors
Who are Entertained in
Royal Fashion

The celebration at North Bend, Sunday was a brilliant success in every way, and all who attended speak highly of the whole affair.

The program, as it has been advertised for the past two weeks, was carried out without a hitch, commencing at 10 o'clock a. m. and lasting until some time after midnight.

The people began to go down from Marshfield by the steamer load in the morning and crowds were going and coming all day. They also came and went from all points in launches and small boats, and it would be hard to make even an approximate estimate of the number of people, who enjoyed the hospitality of the North Bend people, first and last.

The weather was all that could be desired, and in fact all conditions seemed to be favorable for the day's enjoyment. Everything passed off without any unpleasantness or notable accident.

The North Bend concert band furnished inspiring music throughout the day and evening, and the residents did all in their power to make it pleasant for their guests, who were welcomed by Mr. L. J. Simpson in a few well-chosen remarks delivered in the grove.

This grove, by the way, is an ideal place for a picnic or celebration of this kind, and it had been fixed up especially for the occasion.

Tables, seats, swings, a merry-go-round, refreshment stands, etc. had been built, as well as a fine shell-shaped music stand and open pavilion with a large dancing floor, on which those so disposed could, and did, disport themselves.

The races and athletic sports took place on the beach, with the exception of the tug-of-war, which was pulled off at the picnic grounds. This was a great test of strength and endurance. It resulted in a victory for the Marshfield team, though the North Bend team was somewhat the heavier. The Marshfield team weighed 1705 pounds, an average of 170 1/2 pounds each, while the eight members of the North Bend team who were weighed footed up 1388 pounds, an average of 173 1/2 pounds, and the two who were not weighed were said by their friends to tip the scales at about 185 pounds each.

The barbecue and shellfish festival was all that was promised, and hundreds paid their respects to the free meat, clams, crabs and coffee.

The fireworks display which was set off by Carl Albrecht and assistant from a scow anchored in the bay north of the town, was a brilliant spectacle and kept the people entertained for something over an hour.

In the evening the band stand and pavilion was lighted up by colored electric lights, and Chinese lanterns throughout the grove made a very pretty effect.

THE SPORTS
The winners in the sports are given as follows:
100 yd dash, prize \$5; J Bergman, Jr.
3-legged race, prize \$5; F Hague and J Moss.

Bandon Wins.

The ball game at Bandon Sunday between the Bandon and Marshfield teams resulted in a victory for the former by a score of 9 to 4. There was a large attendance, quite a number going over from here. The game was a good one and the best of feeling prevailed. The next game will be played at Coquille next Sunday between the Coquille and Marshfield teams. If Marshfield loses this game she will be out of it, so far as the pennant is concerned.

THE STAR ROUTE

BOX MAIL DELIVERY

Notice is hereby given to the public that the contracts in effect July 1, 1902, for the performance of mail service on the star routes in the states and territories hereinafter named provide that, in addition to carrying the mails to the various post offices, the carrier will be required to deliver mail into all boxes and hang small bags or satchels containing mail on cranes and posts that may be erected along the line of the route, under the following regulations of the department:

Any person living on or near the route and not within the corporate limits of any town or within 80 rods of any post office, who desires his mail deposited at a given point on the line of the route by the carrier may provide and erect a suitable box or crane on the roadside, located in such manner as to be reached as conveniently as practicable by the carrier without dismounting from the vehicle or horse, and such person shall file with the postmaster at the post office to which his mail is addressed (which shall be one of the two post offices on the route on either side of and next to the box or crane) a request in writing for the delivery of his mail to the carrier for deposit at the designated point, at the risk of the addressee. The small bag or satchel above described, as well as the box or crane, must be provided by the person for whose use it is intended without expense to the Department.

It shall be the duty of the postmaster at every such post office, upon a written order from any person living on or near the route, to deliver to the mail carrier for that route any mail matter—placing in the respective satchels, where such are used, the mail for the persons to whom such satchels belong—with instructions as to the proper mail box or crane at which said mail matter shall be deposited; but registered mail shall not be so delivered unless expressly requested by the addressee in his written order. No mail matter so delivered to the carrier shall be carried past another post office on the route before being deposited into a mail box or hung on a crane or post.

The carrier on the route will be re-

quired to receive from any postmaster on the route any mail matter or private mail satchel that shall be entrusted to him outside of the usual mail bag, and shall carry such mail matter or private mail satchel to and deposit it into the proper mail box or hang it on the proper mail crane placed on the line for that purpose; such service by the carrier to be without charge to the addressee.

The mail carriers must be of good character and of sufficient intelligence to properly handle and deposit the mail along the route.

The Department does not prescribe any particular design of box or satchel to be used for this service, but the person providing either should see that it is of such character as to afford ample protection to his mail. If there is a lock attached to the box, a key is not to be held by the carrier, as he is expected to deposit the mail without the necessity of unlocking the box. The box or crane should be so located on the roadside that the carrier can deposit the mail without leaving his vehicle or horse, and yet not where it will obstruct public travel.

The carrier is not required to collect mail from the boxes, but there is no objection to his doing so if it does not interfere with his making the schedule time. The law provides that every carrier of the mail shall receive any mail matter presented to him if properly prepaid by stamps, and deliver the same for mailing at the next post office at which he arrives, but that no fees shall be allowed him therefor.

The box delivery above described is required by the contracts effective July 1, 1902, on all the star routes (with but few exceptions) in Arkansas, Louisiana, Texas, Indian Territory, Oklahoma, Kansas, Nebraska, South Dakota, North Dakota, Montana, Wyoming, Colorado, New Mexico, Arizona, Utah, Idaho, Washington, Oregon, Nevada, California, Alaska, and Hawaii.

HOUSEWORK

Too much housework wrecks women's nerves. And the constant care of children, day and night, is often too trying for even a strong woman. A haggard face tells the story of the overworked housewife and mother. Deranged menses, leucorrhoea and falling of the womb result from overwork. Every housewife needs a remedy to regulate her menses and to keep her sensitive female organs in perfect condition.

WINE OF CARDUI

is doing this for thousands of American women to-day. It cured Mrs. Jones and that is why she writes this frank letter:

Glendane, Ky., Feb. 10, 1901.
I am so glad that your Wine of Cardui is helping me. I am feeling better than I have felt for years. I am doing my own work without any help, and I washed last week and was not one bit tired. That shows that the Wine is doing me good. I am getting fiesher than I ever was before, and sleep good and eat hearty. Before I began taking Wine of Cardui, I used to have to lay down 3 or 6 times every day, but now I do not think of lying down through the day.
Mrs. RICHARD JONES.

Everlasting Teeth

The enamel of teeth is ten times harder than bone. If kept perfectly clean it could not decay in a century. Enamel will resist any amount of wear, but it can't resist acid. Certain germs that frequent the mouth convert the starch and sugar in your food into lactic acid. The acid makes the cavity.

OUR PERFECT TOOTH POWDER

is antiseptic. It destroys the germs and prevents decay. This is the quality that most dentifrices lack, but is it not a most important one? Perfectly harmless. Delightful to use. Price 25 cents.

Dr. Pierce's GOLDEN MEDICAL DISCOVERY Restores LOST FLESH AND STRENGTH

"I was a total wreck—could not sleep or eat," writes Mr. J. C. Beers, of Berryman, Crawford Co., Mo. "For two years I tried medicine from doctors but received very little benefit. I lost flesh and strength, was not able to do a good day's work. I commenced taking Dr. Pierce's Golden Medical Discovery, and when I had taken one bottle I could sleep and my appetite was wonderfully improved. I have taken five bottles and am still improving."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicine. He gains; you lose. Therefore, accept no substitute for "Golden Medical Discovery."
