Southern Oregon State Normal.

"The Southern Oregon State Normal School is making thorough preparations for the coming year's work. The buildings are being remodeled and repaired, and extensive additions to the chemical and physical department are being made. The faculty is composed of strong teachers consecrated to the work, and each department is in the hands of a specialist.

A year's course in Latin and in Economics has been added to further prepare teachers for high school work. The training department will be especially strong. A man of splendid education and wide experience will be at the head of this department. Much attention will be given to Oratory, and athletics will be made prominent. The citizens of Ashland have guaranteed some \$200.00 as prizes for excellence in these lines. The City Library, of 3000 well selected volumes, is thrown open to students of the institution. Board and lodging can be had at from \$2.50 per week to \$4.00. Climate healthy. Course of study practical and exhaustive. For catalogue of announcements, write B. F. Mulkey, President, or Clifford Thomas, Secretary, Ashland, Oregon.
