

New Enterprise for Marshfield

Mr. J. H. McKnight, special agent of the Phoenix Savings and Building & Loan Assn., having its head-quarters at San Francisco, Cal. is visiting our city for the purpose of establishing a branch at Marshfield.

Mr. McKnight has extended to us the courtesy of a complete explanation of the association's plan of operations, from which it is plain that it does not promise greater returns than can be legitimately earned. We can endorse both its plan for lending money and receiving deposits.

It is proposed at the branch here to receive applications for loans and the deposit of savings.

In a former issue we took occasion to criticize a representative of the Phoenix because, according to his representation, the returns from deposits were greater than could be earned from safe investments. Mr. McKnight now makes it clear that the party then referred to misrepresented the plan and promises of the Phoenix, and that the company does not promise the impossible.

As a matter of fact the plan seems to be a safe and legitimate business proposition and we regard the plan of lending money a very liberal one and the interest paid on deposits no larger, but as large as can be legitimately and safely earned.

Mr. McKnight is exceedingly well informed on questions of finance, and appears to be an energetic and reliable business man.

RUN OVER BY A

LOGGING TRAIN

Henry Franklin Sanford, of Haynes slough, who has been in the employ of the Gardiner Mill Co. at their logging camp, on Schofield creek, was fatally injured Monday morning.

It is customary for the crew to ride on the logging train to their place of work about a mile from the camp, and this was done last Monday.

The train was at the end of the road and about to stop, some of the men began to jump off the cars and Mr. Sanford, who was riding on the first car, lost his balance as he reached the ground and fell across the track. His legs were run over just above the ankles and his body, particularly the chest, mangled between the ties of the roadbed and a block of wood on the log truck, the space between the two being about 8 inches.

He was unconscious when picked up, but soon rallied and was taken care of by comrades and John Patterson, a medical student and brother to Dr. Alex Patterson, of Gardiner. It was the intention to convey the injured man to Gardiner by row boat, but he expired before reaching Decker's Point, about half way between the camp and town.

The remains were taken from Gardiner to Marshfield on the tug Hunter, Tuesday, arriving at Dean & Co's wharf about 6 o'clock, and were conveyed to the home of Ed. Robertson in West Marshfield.

The funeral will be conducted under the auspices of Coos Bay Camp, No. 196, W. of W., Wednesday Aug. 20, at 2 o'clock. Rev. Thos. Irvine officiating. The remains will be interred in I. O. O. F. cemetery.

Capt. Edwards, has bought two lots at Allegany and will build a house in which to live when he moves out of the hotel.

NEWS NOTES GLEANED FROM EMPIRE PEOPLE

Empire is about as lively a place just now as there is in Coos county and many quiet deals are taking place and much curiosity is evinced by many as to R. R. movements. It is thought by many here that no matter which way the R. R. goes it cannot help but make Empire a town of some magnitude.

The Empire Construction company has moved its headquarters today to the Lockhart hotel, where they will feed their gang of workmen.

The Great Eastern R. R. engineers have moved their camp to the new townsite of Bangor and will continue the work of laying out lots and making preparations for terminal work.

Gus Engblom of the Life-Saving crew was brought to Empire Tuesday in bad shape on the sick list.

C. H. Marsh has been visiting at the Life-Saving station and sporting in the bay for several days.

A. W. Neal the pile driver man of Marshfield is here driving the piles for the new wharf for the Belt Line R. R.

F. Saunders, who has been away, returned on the Alliance and has accepted a position on the engineering force of the Great Central R. R.

J. F. Anderson of Portland, has leased the Pioneer hotel for a year and will take possession on Sept. 1. The house will be fitted up in first class shape.

Every hotel in town is filled up with strangers and more coming in every day.

Sheriff Gallier came over to Empire Tuesday and served papers on the town, notifying the authorities that a suit would be instituted by John Flanagan for the ownership of certain property now occupied as a street.

Party at Enegren's Grove

F. Timmerman took a party of twelve persons up to Enegren's grove on South Coos river, Tuesday, and all report having had a fine and exciting trip. When opposite Mr. Enegren's farm, Max Timmerman saw a bear on the river bank, and the only weapon aboard the boat was a 22-calibre rifle, he thought for a moment and then blazed away at the bear, bringing it to the ground. The carcass was brought to town in the evening where it was viewed at the wharf by quite a large crowd. Among those going were: Mr. and Mrs. Timmerman, Mr. and Mrs. Humbert, Mrs. Duebner, Susie Elckworth, Anna Johannesen, Martha and Nellie Bernitt, and Max Timmerman.

Mrs. James Durant of Flagstaff is seriously ill with pneumonia.

Dan Eating is developing into quite an artistic sign writer. He spends his leisure moments writing signs for Mr. George the Drygoods merchant, who by the way, is doing some extensive advertising, of his growing business.

BY THE BLAZE OF

A BIG BONFIRE

Last evening a number of Marshfield young people met at Knob Hill in response to invitations and took part in a grand bonfire sociable. The evening was passed away in all kinds of games and at the proper time refreshments were served. The affair is reported as a very enjoyable time. Mrs. J. T. McCormac chaperoned the party.

A YOUNG LADY'S LIFE SAVED

At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy

Dr. Chas. H. Utter, a prominent physician, of Panama, Columbia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better, inside of three days she was upon her feet and at the end of one week was entirely well." For Sale by Jno Prouss.

Shot the Wrong Deer.

Hon. E. Dickson, one of Myrtle Point's councilmen and H. H. Hampton one of the leading contractors and builders of that town went out to the mouth of the Sandy, on the Middle fork for recreation and a little shooting. Both the gentlemen are good shots and kept after big game. They were on a stand when they saw the brush wiggle and simultaneously 'crack, crack, and both men rushed to the spot, Lo, and behold, they had killed a fine two year old steer belonging to Mr. Teller, Well, sportsman-like, the gentlemen paid all damages and never peeped, but there happened to be a COAST MAIL man 'way back in the brush, who knew something about it and that is how the story leaked out.
