and Governor Stone. He says contributions are sufficient to enable the miners to hold out indefinitely.

Des Moines, Sept. 22.—The withdrawal of candidates Pickett, Court and Wright from the congressional race to succeed Henderson, renders it certain that none of Henderson's adherents will be nominated at Thursday's convention.

No Cummins tariff sympathizers will be left in congress.

Congressman Henderson would have been nominated by acclamation for the eleventh time in his district, and was reasonably sure of election as speaker.

He suddenly declined the Republican nomination on the ground that, with many Republicans, he was not in accord with the party on the tariff question.

He is a protectionist and repudiated that part of the platform which demands tariff revision of any schedule affording shelter to a trust.

Parkersburg, W. V., Sept. 20.—Three miners were shot and killed during a riot in a saloon here last night.

Brown Sieton, Tony Merrick and Anton Merrick were fatally wounded, and Anton Sieton and many others were less seriously wounded by stabs and bullets. Fifty shots were fired.

The trouble was caused by an altercation over the strike situation.

Tamaqua, Sept. 20.—Strikers massed this morning and waited for the non-unionists. Archie McMichael, a lone deputy, was intercepted and pelted with stones. He fired his revolver once but no one was hit. He stood his ground and defiantly threatened to kill the first man who moved a hand.

McMichael held his position until the troops arrived and dispersed the mob.

General Gobin arrived this morning to view the situation. Trouble constantly menaces.

Norfolk, Sept. 24.—The cruiser San Francisco sailed this morning with a guard of marines for Panama.

Saratoga, N. Y., Sept. 24.—Governor Odell was renominated by an unanimous vote in the Republican convention today, amid the greatest enthusiasm.

The platform strongly endorses Roosevelt, for renomination in 1904 and pledges the support of New York.

It cordially approves the Philippine policy of the administration and the consummation of the work in Cuba.

The platform includes a protective plank.

Scranton, Pa. Sept. 24.—Mobs ruled the Wyoming valley all night, and this morning the guards and deputies had a dozen or more clashes with strikers, some resulting seriously.

Exeter colliery, Summerville, was besieged during the night, and this morning when the guards attempted to escort non-union men to work they were attacked by a mob of 200, using revolvers and clubs.

Deputy Sheriff Williams was shot down and clubbed. He lay on the ground when his companions charged the rioters, and managed to rescue him. He is now dying.

A fireman was shot in the leg, and the deputies were driven inside the stockade, while the non-union workers were driven back.

At Avondale and Bliss collieries large mobs attacked the men, stoning and firing on them, and continuous rioting prevails.

Mobs assembled at Maltby, North Wilkesbarre, Ashley, Parsons and Mill creek.

In a conflict this forenoon near Pittston, David Richards a fire boss was shot in the leg. David Harris, a policeman was badly beaten, John Stoh, a deputy was beaten and Thomas Burke, a deputy, was clubbed.

Calls for aid continue to be made by the sheriff as his men are exhausted, many having been on duty for 36 hours.

A company of troops was sent at 10:30 this morning to Priceburg in response to urgent demands stating that strikers were congregating and an attack was feared on the Johnson colliery.

Indianapolis, Sept. 23.—President Roosevelt took sick this afternoon and has been removed to St Vincent's hospital.

Logansport, Ind. Sept. 23.—President Roosevelt made the most important speech of his trip here this morning.

He discussed tariff revision and admitted the necessity of full consideration of the subject. He declared his own personal preference to be for the estab-

lishment of a non-partisan commission to consider the entire subject and make a report to congress.

He said: It may be too much to expect the entire elimination of political partisanship, but the proper aim of the party system should be to observe the public good. We must inevitably decide the questions on party lines, but we be unto us if we are not Americans first, party men second.

"We want a tariff system that will assure stability without fossilization."

The speech was held during a heavy downpour of rain, the President declining to use an umbrella.
