

Coast Mail.

MARSHFIELD OREGON

From Sunday's Daily.

Dr. John A. Arnold, of Tenmile was in town Saturday.

Miss Laura Escott is filling the position of clerk in J. N. Nelson's store.

Dr. Toye and H. Wright started yesterday for the sand hills on a hunting trip.

Frank Bowron, D. F. Adams and John Steinlechner were visitors from Tenmile yesterday.

Nels Rasmussen has fallen into line the old wooden awning on the P K corner has disappeared.

Chas. Crow, Will Cross and Richard Duck, of Port Orford, came up from there Friday. Crow and Cross will remain in Marshfield.

Andrew Olson, of May, was in town Saturday. He reports the potato crop being gathered and turning out fairly well, though it is below the average in some places.

B. F. Savage closed a successful term of school in the Tenmile district Friday night with a school exhibition, which was well attended and highly creditable to teacher and pupils.

The new commissary building at Bangor is being pushed along as fast as men can do it. About 20 men are working and they will get it under roof as soon as possible. The building is 50x100 feet and will be 2 stories high.

Mr. and Mrs. F. S. Dow will go to San Francisco on the Arcata on their way to San Diego, where Mrs. Dow will visit her parents, Mr. and Mrs. E. Diment this winter. Mr. Dow will be absent about two weeks.

A special train went to Myrtle Point Friday night leaving Marshfield at 10 o'clock, and taking John S. Coke Jr. to catch the stage for Roseburg. It is surmised by some that his trip has something to do with the impending change in the ownership of the railroad for which he is attorney.

Get a free sample of Chamberlain's Stomach and Liver Tablets at John Preuss drug store. They are easier to take and more pleasant in effect than pills. Then their use is not followed by constipation as is often the case with pills. Regular 25c per box.

After Marshfield Water Frontage

The Mail is reliably informed that the Great Central has bonded of the O. C. & N. Co. the land on the water front between the Standard Oil warehouse and the ice works. This was done some time ago, but so far as the Mail knows, the fact has not been published.

The Great Central is also negotiating for the inside lots between Front street and the hill, and opposite the piece above referred to.

W. C. T. U. Meeting

The ladies of the W. C. T. U. gave a social meeting, at the residence of Mr. and Mrs. G. T. Coleman's Friday evening, a special invitation was given the honorary members, there was also a number of invited guests, twenty eight being present. After a short business

meeting, select reading, recitations and music were rendered. Rev. Strange, Peck and Irvine presented their views concerning the relation of W. C. T. U. to church, after which a general discussion was in order. Topics of vital importance to all W. C. T. U. workers were freely discussed.

Games and refreshments were the closing features of the evening, served by Mrs. Coleman, every one had a most enjoyable time. A monthly meeting of this nature will be observed during the winter.

RAN A TEN PENNY NAIL THROUGH HIS HAND

While opening a box, J. C. Mount, of Three Mile Bay, N. Y., ran a ten penny nail through the fleshy part of his hand. "I thought at once of all the pain and soreness this would cause me," he says, "and immediately applied Chamberlain's Pain Balm and occasionally afterwards. To my surprise it removed all pain and soreness and the injured parts were soon healed." For sale by John Preuss.

Work Going Ahead

Jens Hansen and Mr. Leslie, a new comer, took a ride to Bangor, Yarrow and North Bend yesterday, to see what was going on. Hansen returned with his eyes sticking out about a foot. He was surprised to find so much work under way and of such a substantial character.

The Belt Line grade near the old slaughterhouse is being pushed in an energetic fashion and constructed in a permanent and workman-like manner. The work at Bangor is also being pushed and the commissary building has reached the second story.

At North Bend the greatest activity is manifest. Streets are being graded, stumps blown out and quite a number of new houses being constructed. North Bend is certainly in the race of development, and a prettier building site would be hard to find.

From Tuesday's Daily.

Clean up your gun for Hallowe'en.

Wm. Bremer, was doing business in town yesterday.

Miss Stone attributes her rescue to prayer. To what does she attribute her captivity?

Miss Florence Twombly left for Portland Monday where she goes to study medicine and surgery.

There are still several places in town where a man can break his leg by stepping through a hole in the walk.

The salmon run seems to be getting better, and the fishermen on the bay turned in about 900 yesterday.

Mason Wilcox, son of H. E. Wilcox of McKinley, came over on Monday's train to visit a week with Ralph Coke.

That Christmas number of the Coast Mail will be a hummer. Something different from any thing ever gotten out in Coos County.

George Wesson will open up a logging camp on South slough at once, to put in spruce logs for the Coos Bay Mill & Lumber Co.

The Alliance took quite a number of passengers south, but the purser walked off with the list so that is not available for publication.

Light House Inspector A. E. Withers, who has been overseeing the work at the Cape Blanco light house, was in town last night on his way north to Heceta Head, where the government is about to make some improvements.

The COAST MAIL gang feasted last evening on Tibbett's Tamales, which Tickle The Tumtum and Terminate Tabitudo, through the thoughtfulness of that big-hearted Britisher, Chas. George, who wouldn't be a newspaper slave?

"Doctor" Anoula, of Tenmile was in town Saturday. He is taking considerable pride in showing the result of his treatment of little Eda Lund, who has been a sufferer from some hip disease, but has made a decided improvement under his care.

Yesterday was a genuine rainy, one of the kind that makes the Oregonian feel at home. They may build railroads and cities and transform the face of the country, and make us wake up or get left, but they can't deprive us of our good old moss-back webfoot climate.

Arrivals by Alliance from Portland, Oct. 26: J. McNamee, Mrs. A. Kibler, Mrs. H. Nay, J. F. Heiser, H. B. Gist, Mrs. M. Miller, A. C. Bodwell, L. A. Farmer, Mrs. E. L. Condest, Miss K. Condest, C. W. Laderole, and family, A. Seargent, W. J. Nealey, M. Wallace.

Hon. A. M. Crawford, Attorney General elect, arrived in town yesterday, having driven his own outfit in over the Myrtle Point route. He is accompanied by Mr. Gray, late of Indiana, who is taking a look at the country. They will start back tomorrow.

Iowa has a law for the benefit of inebriates which will be watched with interest. Persons who are confirmed drunkards are to be sent to an inebriate ward of the state asylum, and the first one convicted of habitual intoxication was sentenced for one year. He will have a chance to become thoroughly sober in that time, but it is a problem as to what effect it will have upon him after he is released.—Ex

Room For Both

"Like every other calling, there is plenty of room in the newspaper office for the man who has brains and knows how to use them," says an esteemed contemporary. That's encouraging anyway, but the trouble is that there seems to be plenty of room also for the man who has no brains and doesn't know how to use them.—Newspaperdom.

It is a wise advertiser who uses the most popular paper and it is a wise business man who appreciates that this anxiety on his part to be represented in the most popular paper is like that of the people in general who prefer to deal at the most popular store. The store that is popular has the advantage in buying in quantities because of the large trade means a better price and the rapid movement of stock means that the stock is fresh all the time. If it is well to be in the popular paper it is also well to have the popular store, so that the paper may benefit the store and the store the paper.

Swallowed Carbolic Acid.

On Saturday Estride, the four-year old daughter of Mrs. Josephine Holms, of South Marshfield, got hold of a bottle of carbolic acid and swallowed some of the poison. A physician was summoned without delay and administered an emetic and antidote and the little girl was not seriously injured.

The antidote used was pure alcohol and every one should make a note of the fact that this is a perfect antidote for carbolic acid. It is a comparatively recent discovery, but an important one.

The Daily Coast Mail comes out in an enlarged form today, an evidence of prosperity.—Coos Bay News.

—The Sun.

The Coast Mail reaches us today enlarged a column in size and with an entirely new heading. As we have said before, stay with the little Daily and it will stay with us.—Coquille Herald.

The Daily Coast Mail has been enlarged to a six column sheet. We are glad to note the change as it is an indication that the Daily is prospering.—Coquille Bulletin.

—Bandon Recorder.

The Coast Mail has been enlarged a column in size.—Myrtle Point Enterprise.

THE DRAUGHT'S
BLACK-DRAUGHT
THE GREAT
FAMILY MEDICINE

The Draught's Black-Draught has saved doctors' bills for more than sixty years. For the common family ailments, such as constipation, indigestion, hard colds, bowel complaints, chills and fever, biliousness, headaches and other like complaints no other medicine is necessary. It invigorates and regulates the liver, assists digestion, stimulates action of the kidneys, purifies the blood, and purges the bowels of foul accumulations. It cures liver complaint, indigestion, sour stomach, dizziness, chills, rheumatic pains, headache, backache, kidney troubles, constipation, diarrhoea, biliousness, piles, hard colds and headache. Every druggist has The Draught's Black-Draught in 25 cent packages and in mammoth size for \$1.00. Never accept a substitute. Insist on having the original made by the Chattanooga Medicine Company.

I believe The Draught's Black-Draught is the best medicine on earth. It is good for any and everything. I have a family of twelve children, and for four years I have kept them on food and healthy with no doctor but Black-Draught. A. J. GREEN, Hewan, La.

The Old Reliable Firm,

E. B. Dean & Co.
