

**TIMBER AND TRANSPORTATION  
EAST OF THE CASCADES**

A staff writer of the Oregonian, writing from Klamath Falls has this to say of the timber resources of that section, and it has a direct bearing on the Great Central proposition, as the road will tap the scope of country referred to:

Another word remains to be said in relation to the transportation outlook of the Klamath country; and it is in connection with a resource which has already been referred to in this correspondence, namely, the forests. Everywhere south of the Prineville country the more elevated parts of the region east of the mountains are heavily clothed with pine forest. The whole eastern slope of the Cascade Mountain range is densely timbered, and this condition extends to the foothills and spurs throughout the Klamath country. There are no reports giving the precise acreage of timbered lands, but in a general way it may be said that from one-fourth to one-third of the whole superficial area of the country is covered with trees—for the most part a millable and very valuable yellow pine. Taking the whole area into consideration, the quantity of timber is very great. Under the conditions which prevail in the lumber market, this resource is not going to be permitted much longer to lie undisturbed.

**WORK GOES AHEAD  
ON THE HOSPITAL**

C. W. Paterson has received telegraphic instructions from Father Donnelly, who went to Portland on the last Alliance, directing him to go ahead with the foundation of the new hospital, so it is evident that Father Donnelly has over come the bishops objection to having the work started before the full amount of \$3000 was on deposit in the bank.

Mr. Paterson had a crew of men getting a 50-ton scowload of sand, yesterday for the foundation. He has the stone about ready at his Coos river quarry. Some 450 tons will be required, and it will be brought down on two large coxes.

Sickness steals more savings than the burglar. Slowly, coin by coin, the money that has been so hard earned is paid out for drugs and doctors. Sickness is the worst enemy of the working man, and the common cause of the working man's sickness is disease of the stomach often involving the heart, lungs, liver, or kidneys.

The use of Dr. Pierce's Golden Medical Discovery will stop the stealing of the savings by sickness. It cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of heart, liver, lungs, kidneys, etc., which these diseases are caused by the diseased condition of the stomach and its allied organs.

"About ten years ago I began to have trouble with my stomach," writes Wm. Connolly, of 533 Walnut Street, Lorain, Ohio. "It got so bad I had to stop work quite often and three days in a week, my stomach would bloat, and I would belch up gas, and was in awful distress at such times. I have employed and been treated by the best doctors in the city but got no help whatever. By some way or other I happened to get hold of a vial of your 'Pellets,' and I thought they helped me. It was then I wrote to you for advice. You told me that by my symptoms you thought I had liver complaint, and advised the use of your 'Golden Medical Discovery' and 'Pleasant Pellets' in connection. These medicines I have taken as directed, and am very happy to state that I commenced to get better from the start and have not lost a day this summer on account of my stomach. I feel tip-top, and better than I have for ten years."

Accept no substitute for "Golden Medical Discovery." Nothing else is "just as good."

Dr. Pierce's Pleasant Pellets regulate the bowels.

**DO GOOD—IT PAYS**

A Chicago man has observed that, "Good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You cannot possibly lose by it." Most men appreciate a kind word and encouragement more than substantial help. There are persons in this community, who might truthfully say: "My good friend, cheer up. A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever of pneumonia when you use that medicine. It always cures. I know it for it has helped me out many a time." Sold by John Preuss.
