REPUBLICAN STATE PLATFORM.
The Republican party, Oregon, in state convention assembled, deems it necessary, in view of the present condition of labor and human rights, its great and imperishable names which lead labor and glory to the American Nation, at home and among the nations of the earth, and as assurance of the continued fidelity to the great principles for which it has contended in the past, to take this opportunity in its state platform to declare the principles by which it is hereby guided and affirm the following declaration of its principles:
The events of the late war with Spain carried us into the Philippines Islands. We hold to be consistent with the principles of liberty and of our National history, to assert the rights of the people of the Philippine Islands to self-government. These principles are beyond the control of the State of Oregon.
