UP TO DATE
 Platted Skirts—Hans.
 All walking and tailor costumes clear the ground and have no trails. It is a different matter, however, in the case of smart frocks. The skirts of these are not as long as they were, but they take all up in fullness and absolutely lie in folds around the feet. The newest skirt is the platted one. This is arranged in folds around the

THE FASHIONS.
 A new twilled cloth for winter costumes resembles the weave of French vicuna.
 Silk and wool mixtures are just now quite as popular as any other dress material and are especially pretty for untrimmed tailor made skirts.
 Military effects, smartly trimmed vests, braid and button trimmed collars and ravers, these are chief characteristics of new jackets and tailor blouses.
 Many of the leading dressmakers are again closing the skirt at the back on Russian blouse and other autumn costumes and placing the opening on the left side of the front breadth under a trimmed tab.
 Russet, sable and golden brown cloth gowns are to be worn this season, and the French coat, usually made with an open front, is completed by a vest of white or cream cloth fastened with gold buttons.
 Fashionable fur trimmings still show sable, mink, marten or other tails depending like a deep fringe from stoles shaped fronts of fur wraps or yokes, peleries, collarettes, etc., of velvet, decorated with lace and fur, en applique.
 An old fad which seems likely to come into favor again this season is the application of fur on lace, both in tiny bands, which are very effective, and likewise in bits and patches outlining or covering the form of one of the designs in the lace.—New York Post.

OVER THE OCEAN.
 Few native government employees in India receive more than \$100 a year.
 Since the fall of the campanile in Venice the gun that used to announce noon and sunset is silent.
 For the first time on the Italian coast a shark has attacked and devoured a bather in the sea near Naples.
 "Majuba" was the name given to a new sulphurous yellow colored rose recently exhibited in Paris. Another black red variety was called Boer Courage.
 Nearly two-thirds of the twelve miles of the Simples-tunnel are now completed. On the Italian side 2,000 men are employed and on the Swiss side an even larger number.
 The cathedral at Gothenburg, "the Swedish Venice," which threatens to share the fate of the campanile, is only a hundred years old. It burned down in 1731 and again in 1802.
 Fuel has been employed as fuel at the Florida Steel works, Sweden, for the past thirty years, originally for the puddling furnaces and to a still greater extent subsequently for the open hearth furnaces.
 A Polish count some time ago took his automobile and his colored driver to his estate. A few days later a deputation of peasants appeared, who declared that the negro was the devil and threatened to kill him and destroy the automobile.

FRUITS AND FLOWERS.
 In setting out an orchard keep together all trees of the same variety.
 Good garden soil is good for pot plants, but can be improved by the addition of leaf mold.
 Weak rosebushes may often be made to grow by giving them an occasional watering with liquid manure.
 One advantage with small fruits is that they can be made to furnish a supply long before trees come into bearing.
 In planting a border don't plant everything in rows. A row of hollyhocks, for instance, isn't half as attractive as irregularly placed groups that break the outline.
 With pot plants in a general way too little water is better than too much. The drooping leaves, indicating drought are more easily remedied than yellow leaves, the result of being kept too wet.
 In preparing pots for plants the pieces of broken pots or crockery in the bottom should never be omitted, as without proper drainage the soil becomes sour, the plants languish and the leaves become yellowish.

Wanted a Duplicate.
 He'd had his leg cut off, and when he got another one in form of due bill from the doc.

He hobbled to the skilled M. D.
 When strength he did accrue
 And said to him, "Dear sir, I have another job for you."

"Another amputation, sir?"
 Quoth he of knife and pill.
 "Yes," came the answer, "if you please, just amputate this bill."

A Prize For Neat Premises.
 The El Paso Good Roads association offered a cash prize to the residents of any one block in the city who shall have done the best work, from July 21 to Aug. 15, in clearing away weeds, cleaning dirt boxes and maintaining a neat appearance about his premises. The idea costumed a heavy suggestion.
