

GEER GAINS TEN

Complimentary Votes for Him
Multnomah Delegation Switch

Salem, Feb. 17.—There was an interesting break in the senatorial situation today when Multnomah gave nine complimentary votes to Geer.

The taking of the joint ballot at noon today disclosed some changes. Paulsen left Fulton and voted for Geer. There was nothing unusual in this save for the fact that he did not change back to Fulton before the vote was announced.

In addition to Paulsen nine members of the Multnomah county delegation today voted for Geer. They were Senators Holman, McGinn and Myers, Representatives Cobb, Gill, Hudson, Hutchinson, Nottingham and Reed.

The announcement of the name of Geer as these members were reached was greeted by applause from the lobby.

The ballot resulted as follows:

Fulton	83
Geer	25
Wood	15
Williams	6
Scattering	6
Absent	5

Representative Hume's smoker tonight at the executive mansion on Chermeketa street is the talk of the lobby.

A Wet Umbrella.
Never leave an umbrella standing on the point in the ordinary way when wet. The water trickles down, spoiling the silk and making the wires rusty. It is also a mistake to open it and leave it standing, as this stretches the silk, making it baggy so that it is impossible to fold it smoothly. The proper way is to shake out as much of the water as possible, then stand the umbrella on its handle to drain.

Sun

Stroke Shattered My Nerves.

Gave Up Preaching For Two Years.

Dr. Miles' Nervine Put Me On Active List.

Are you well? Do you sleep well? Do you get up rested, fresh and vigorous? Is your mind clear and active? If not read the following. See what another has suffered and how he recovered.

"Some years ago I was afflicted with sun stroke which left me with a shattered nervous system and exceedingly poor health. I suffered terribly with pain in my head, the top of my head would feel hot. I could not study, and after striving for two years to wear the trouble off, I was compelled to give up my pastoral labor and retire to my farm where I spent nearly two years trying to recuperate. It was all of no avail. Physicians' treatment and patent medicines failed to relieve me. I was exceedingly nervous and irritable and sometimes would shake terribly. I could not bear any noise. At the least excitement the blood would rush to my face and head. Two years ago I was induced to try Dr. Miles' Restorative Nervine. After using one bottle I could see improvement in my condition so I continued taking it for nearly a year. I am happy to say I no longer have those pains in my head or nervous spells. My appetite is good and I am able to preach three times on Sunday without fatigue. I consider Dr. Miles' Nervine the most wonderful medicine ever discovered."—Rev. D. Alex. Holman, Pastor U. B. Church, Marion, Ind.

RICH PAGEANTRY ACCOMPANIES OPENING

King Edward Starts Parliament Off With A Grand Flourish

London, Feb. 17.—King Edward opened Parliament this afternoon with a ceremonial in all essential respects similar to that of the two preceding sessions of his reign. The procession to the House of Lords was of the same character as that witnessed on the occasion of the opening of the session of last year, and within was seen the same state pageantry, historic dresses and revival of ancient forms. The journey to Westminster was made in a gorgeous state coach, drawn by eight cream-colored Flemish ponies, with footmen and outriders in scarlet livery. When the King and Queen drove out from the courtyard in front of Buckingham Palace, they were greeted enthusiastically by the multitude. His Majesty appeared entirely recovered from his recent illness. With the two central figures so easily seen and so gorgeously clad, with the brilliant escort of Life Guards, whose bands kept constantly playing, the crowds seem to feel rewarded for their long wait by a spectacle of considerable interest.

The procession in the House of Parliament was strikingly picturesque. Pursuivants, heralds, gentlemen usher, squerries and grooms in waiting led the way. Conspicuous positions were occupied by the Prime Minister, the Lord Chancellor and the Lord High Chamberlain in their robes of office. In the House of Lords a brilliant assemblage awaited their appearance. The peers wore robes, the judges of the high court their robes of scarlet and full bottom wigs. Behind the bishops were the diplomatic corps and the peeresses.

After robing, King Edward and Queen Alexandria entered the House of Lords and occupied their thrones, beneath a canopy, with other members of the royal family seated about them. The Gentleman usher of the Black Rod having summoned the speaker and the members of the House of Commons, the King read the speech from the throne. The speech referred to the satisfactory status of the Venezuelan affair and to the work of Mr. Chamberlain in South Africa. Other topics touched upon were the expedition against the Mad Mullah and various questions of home interest. Referring to Great Britain's relations with foreign countries, the King said: "My relations with other powers continue to be of a friendly character."

The speech concluded with mentioning proposed legislation of solely domestic interest. The King and Queen then retired, and a fanfare of trumpets and attended by the same pageantry that accompanied their entry into the House.

Colonel Miller Dead

Clement F. Miller, the first white man born in the city of Chicago, a veteran of the Civil War and civil engineer of distinction, passed away last week at the residence of his daughter, Mrs. John Lablane, in Alameda, after an illness of many years standing. This is the same Col. Miller who visited the Bay with R. A. Graham at the time of the inception of the C B R & E railroad.

Great Expectation

Do not expect too much from your newspapers advertising. Your advertisement should do all that could be expected of it when it brings people to the store.—Printers' Ink.

GROUND BROKEN FOR NEW WOOLEN MILL

North Bend Celebrates The Inauguration Of The New Enterprise

Yesterday about six or seven hundred people congregated at North Bend to witness the driving of the first pile for the new woolen mill which is to be built as fast as mechanics can construct it. This is one of the initial steps of several industries which are to be put in operation in the near future at this new town, the first town in Oregon where manufacturing will be established, and pay rolls exist before there are buildings enough to house those employed, which is causing more interest just now than any other proposition on the coast.

Mr. Simpson's proving himself a man of action and deeds and his theory that the town will soon follow the pay roll will be practically demonstrated.

There were many present from Empire and some from Bandon and the day was beautiful. The first drop of the hammer was at 3:25 and the pile went down in good solid bottom and when it was at the proper depth a cheer went from one and all and the band played and everybody was enthusiastic.

Mr. Simpson caused his mills to be put down so the workmen and their families could take in the breaking of ground for the new enterprise.

The new mill will be built facing the new city dock and it will be a fine location as far as shipping facilities go as the product of the mill can leave the mill door and in a few minutes be safe aboard a steamer. It will occupy a block of ground. A pile driver is now on the ground and another one will be at work there in a few days and work will be advanced as fast as possible. It is the intention of Mr. Clark to have the mill in operation and weaving cloth within 90 days.

The event was celebrated last night by a banquet and speeches were made and toasts, responded to by various speakers. It will be long remembered. While Bandon will lose an important manufacturing establishment, which has been a great benefit to the town. North Bend will gain one of the important stepping stones to various other industries.

PROTECTS AMERICAN CLAIMS

Protocol Signed by Hay and Bowen

Venezuelan Customs as Security

Washington, Feb. 17.—Hay and Bowen have signed the protocol providing for the adjudication of the claims of American citizens against Venezuela by the commission and the setting aside of thirty per cent of the customs receipts at LaGuayra and Puerto Cabello for the payment of all foreign claims in such manner as shall be determined by the Hague tribunal.

The Commissioners are to be appointed one each by Roosevelt, Castro and Queen Wilhelmina after May first and are to meet at Caracas on or before Jan. first, and their labors are to be concluded within six months from that date. Each country is to share jointly in the expense of the commission.

Rain and sweat have no effect on harness treated with Fureka Harness Oil. It keeps the leather soft and pliable. It does not break. No rough surface to chafe and irritate. The harness not only keeps looking like new, but wears twice as long. Sold everywhere in cans. Made by Standard Oil Company.

ALMOST INCREDIBLE STORY OF SWINDLING

San Francisco Ticket Scalper Sends A Man to Seattle to Get Here.

A family arrived from Texas on the Homer, consisting of a couple, advanced in years, with several children, and the old gentleman tells a hard-luck story of the way he was buncoed by a cut-rate ticket agent in San Francisco.

He arrived with his family in San Francisco on his way to the Coquille from some place in Texas, where he had been farming the most of his life. He seems to have been almost incredibly ignorant of how to proceed to reach his destination, and he wandered into a cut-rate ticket office to buy a ticket to Coos Bay. The sharper into whose hands he fell told him that there was no steamer running between San Francisco and Coos Bay and that his only way to get to Coos Bay was to go to Seattle, then go from there to Astoria, where they could take a steamer to Coos Bay. Incredible as it may appear the old man says he took this advice, bought of the sharper a ticket to Seattle and followed the route mapped out.

We would take this story with a grain of salt, but it hardly seems that one would tell such a yarn on himself unless it were true, and further the story is corroborated by the fact that a gentleman now in Marshfield saw the family at a San Francisco hotel at the time they claim to have been there.

Not Concerned.
"Why don't you try to hand an honored name down to posterity?"
"I don't know," answered Senator Forghum. "Maybe I don't look far enough ahead. So long as my signature is honored at the bank I can't see that my credit with posterity makes much difference."—Washington Star.

NO MAN IS STRONGER THAN HIS STOMACH

When Sandow poses and the muscles ridge his back and knot his arms, we think we have before us the very secret of strength in those magnificent muscles. But we haven't. Starve Sandow, or what is practically the same thing, let him be dyspeptic, and his muscle would soon fall. Strength is made from food properly digested and assimilated, and no man is stronger than his stomach, because when the stomach is diseased digestion and assimilation are imperfect. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food so that the body is nourished into perfect health and strength.

"I had what my physician called indigestion. He gave me medicine for the trouble but it did me no good," writes Mr. W. H. Wells, of Willard, N. C. "I wrote to Dr. Pierce and stated my case. He sent me a descriptive list and hygienic rules. I carried out these as best I could, bought six bottles of his 'Golden Medical Discovery' and commenced taking it. A few days later I noticed a great change. Felt like a new man. Before I began the use of the 'Golden Medical Discovery' I suffered greatly with pain in stomach, my nerves seemed all 'run-down,' I was very thin in flesh, but now can eat heartily and sleep good at night."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send twenty-one one-cent stamps for the paper-covered book, or thirty-one stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

TIMBER LAND, ACT JUNE 3, 1878—NOTICE FOR PUBLICATION.
United States Land Office, Roseburg, Oregon, Feb. 10th, 1903.
Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extended to all the Public Land States by act of August 4, 1892.

CARL A. MAGNEY, of Harrison, county of Kootenai, state of Idaho, has this day filed in this office his sworn statement No. 4433, for the purchase of the NE 1/4 of NE 1/4 of Sec. 10, and N 1/4 of SW 1/4 of R 11 west, and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before L. H. Hazard, County Clerk of Coos County, Oregon, at Coquille, on Tuesday, the 15th day of June, 1903.

He names as witnesses: John I. Magney, of Harrison, Idaho, John Michelbrink, Henry Michelbrink, E. F. Fuller, of Allegany, Or.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 15th day of June, 1903.

J. T. BRIDGES, Register.

TIMBER LAND, ACT JUNE 3, 1878—NOTICE FOR PUBLICATION.
United States Land Office, Roseburg, Oregon, Feb. 12, 1903.
