Good news has been received from Mrs. Captain Tom White, of Bandon, who recently went to San Francisco for medical treatment. A letter received by Mrs. Jas. kind and we are informed that a large schooner will be the first vessel built and will be begun as soon as the yard is in readiness.

WELL AGAIN

The many friends of John Blount will be pleased to learn that he has entirely recovered from his attack of rheumatism. Chamberlain's Pain Balm cured him after the best doctors in the town (Monon, Ind.) had failed to give relief. The prompt relief from pain which this lidiment affords is alone worth many times its cost. For sale by Jno. Preuss.

A Painter

People on the outside are getting interested in Coos Bay. J. R. Robertson recently inserted a small ad in one issue of the Los Angeles times, setting forth some of the advantages of this section, and he has received as high as six replies in one day. Here is a hint for our Chamber of Commerce.

Work on the Woolen Mill

Piledriving has lagged some the last few days on the Woolen mill foundation, owing to a scarcity of piling. In the mean time, however, the caps have been put in and work is progressing as fast as possible. A new supply of piling will be on hand in a day or two when the work on the foundation will be completed. Workmen are framing on the building and will push construction work with all speed possible in a short time.

Dancing Class

Mrs. Jesse Farrin has been requested to give a series of dancing lessons at Empire one evening each week. Mrs. Farrin has a large class here and has met with the finest success and all pupils speak very highly of her classes here and the quality of the work. This will give the Empire people an opportunity of learning all the new dances and put the lovers of the terpsichorean art on an equal footing with the outside world.

Roseburg Review.—An agreement was signed by Mr. C. Gaffey and the Roseburg Lumber Co. Saturday whereby the former is to erect his large fruit packing house in the Kinney Addition just as soon as positive assurance is given that the proposed railway switch will be put in there. As this switch will almost certainly be constructed, Roseburg is practically assured of one of the largest packing houses on the coast.

The New Steam Dredge

The new steam dredge which was built at North Bend by Captain Bob Jones has started work dredging the log slip to the mill at Porter. The new machine is giving the best of satisfaction and works very smoothly, even exceeding the expectations of the builder.

The dredge easily handles two yards of dirt per minute and uses but a small amount of fuel to operate. It has an extreme range of about 70 feet.

Marshfield Minstrels

The Marshfield Minstrel Company have postponed their entertainment which they had announced, until a later date, owing to circumstances over which they had no control. The boys are getting in fine trim to give an excellent entertainment, as they are rehearsing regularly and adding new features which will enable them to put on a high class entertainment.

The new date set is April 18th. New music, new songs, in fact there will be as fine a program as has ever been billed in Marshfield.

A race down the Coast from Seattle between the steamers Santa Barbara and Charles Nelson resulted in a close finish and was won by the latter vessel by a scant margin. Before leaving Seattle the captains of the steamers matched their vessels for a race to the California metropolis, and money was wagered. The rival steamers left Seattle together and raced down the coast. Captain Schage, of the Charles Nelson, claims to have won by 10 minutes.

She was also presented with numerous other souvenirs in remembrance of this occasion. In all this was one of the pleasantest meetings the club has ever held. Some of the work now in hand by its members is point lace in a high degree of perfection and would rival some of the famous old laces. The club will meet next week with Mrs. J. R. Rochan.

WAKEFUL CHILDREN

For a long time the two year old child of Mr. P. L. McPherson 59 N. 10th St., Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these Tablets have effected a permanent cure and she is now well and strong. For sale by Jno. Preuss.

Sudden Death of G. B. Self

(Coquille Herald) It is again our duty to record the death of another pioneer and respected citizen of this community in the person of Green B. Self of near this city, who passed away Sunday, March 1st. Mr.

Self was born in Tennessee, March 24, 1835, and was therefore 67 years, 11 months and 7 days of age at the time of his death. In the early '60's he came to the coast, spending several years in California and Nevada, and then came to Coos county where he has since remained. He leaves two sons, Arthur and Charles, and one daughter Miss Emma, to mourn his death, his wife having preceded him across the dark river several years. BAPTIST YOUNG PEOPLES

BUSINESS MEETING

Last evening the Baptist Young People's society held their monthly business meeting at the home of Mrs. John Dolan in South Marshfield. At the conclusion of the business meeting a fine program was carried out.

Captain Oberg of the schooner Salva-tor gave a short but interesting address which was very interesting and highly enjoyed by all. Mr. and Mrs. German treated the company to a duet which was well received. Others also gave recitations. These monthly business meetings are constantly growing more popular and the Baptist Young People's Society can congratulate themselves on the interest they have been able to obtain for their meetings considering the great number the attractions. Those attending had an enjoyable time.

Refreshments were served which were pronounced exquisite by all. Those present were: Messrs and Mesdames: Geo W Claxton, V O Pratt, P M Gorman, B R Mynatt, J Dolan; Misses Constance Irvine, Mary Fosby, E L Ayre, Bessie Ayre, Susie Mynatt, Zoe Dolan; Messrs Samuel C Fotsch, G T Peterson, Capt. Oberg, G K Miller, Jack Davis, George Manning, Wm Longstaff, Edwin Dolan, Dale Mynatt, Irvine German, J Dolan, Eovan Delan, Roy Leslie.

Temperance Meeting

The following notes on Mr. Crane's meeting have been kindly furnished by one who was present: On Wednesday evening W. A. Crane, the Gospel Temperance Evangelist addressed one of the largest crowds that ever was in the M. E. Church. This was Mr. Crane's second lecture in this city and at both times the house was filled and people turned away. At the first meeting there were a 1.10 pledges signed, and at last evening's meeting about 60 most of them young men. Today blue ribbons can be seen on many young men in town. At the School House when the pupils were lined up to enter the School building a great number of the young men and boys had blue ribbons on their coats. Mr. Crane chose for his subject Wednesday evening, "Some Things I have seen in the Slums of a Great City," and he handled his subject in a masterly and pleasing manner. In the course of his remarks he gave what he called an honest sign to place over the Saloon, as follows: "Banks of Losing—Open at all hours. Nothing taken on deposit but good money. Nothing paid back but disgrace, degradation and death.

An extra dividend of delirium tremens given to old depositors.

A free pass to Hell insured to those who pay well at the counter. Tickets to all cemeteries entitling the bearer to a drunkard's grave in the pauper section. All children of depositors rent free to the Orphan Asylum or Alma house.

While fighting the saloon business, Mr. Crane does not abuse the saloon keepers. For this he has been subjected to some criticism, but he seems inclined to proceed on original and independent lines in accomplishing his work.

He expresses a preference for using the lever of love, rather than the club of abuse in bringing people into line for the good of the community.

READ IT THROUGH

'Twould Spoil This Story to Tell It in the Headlines.

To use an eighteen century phrase, this is an "o'er true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon, of Meffa Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by Jno. Preuss.

An Altruistic Storekeeper

A. F. Norton, who bought the Lancaster general store at Converse, a short time ago, has disposed of the stock of cigars and tobacco. He says that he has conscientious scruples against the sale of tobacco, and that he expects to run the store "as Christ would run it."

Norton will sell for cash; will pay his clerks at the close of each day, and will not deliver goods. The store will not under any circumstances, be opened on Sunday, and will close every evening at 6 o'clock. Should the profits any day exceed \$2.50, Norton says he will sell the remainder of the day at cost. The clerks will be given a percentage on all profits after Norton's actual living expenses are paid, and will get groceries out of the store at cost. The poor are to be charged the actual wholesale price, and those unable to pay are to be given bread and molasses free. Norton will give away bread every day. No packed eggs or butter will be sold.—Indianapolis News.

The best way to decide on how much money to spend in advertising is to do as much as is possible and crowd on more as circumstances will permit.

Rusty Mike's Diary March 7, 1903—Don't count your chickens until they are hatched—don't advertise your goods until you get them.

Mrs. Jas. Cowan will move to south slough to reside this Summer at the logging camp of which Mr. Cowan has charge.

Coos bay coal is in great demand in San Francisco, says a recent arrival from the metropolis of the Pacific, and it is not an uncommon occurrence to see coal carts lined up for five or six blocks and at an early hour in the morning to get coal from the bunkers, when a Coos Bay collier arrives.
