The Alliance will leave Eureka tonight and will endeavor to get away from here for Portland Sunday evening.

The finishing touches are being placed on J. W. Bennett's new house, and he expects to move in the last of this week.

Sunset Encampment of Odd Fellows contemplate having a fine time on March 19th; it being their annual celebration.

W. A. Crane goes to Coquille tomorrow morning where he will deliver temperance addresses Monday and Tuesday evenings.

The residents on the hill in West Marshfield are trying to secure some of the old plank from Broadway for sidewalk extension.

The North Bend school is progressing nicely and has now about 30 pupils. Miss Carrie Rodine is the teacher at present.

The streets in West Marshfield are in a very bad condition. A delivery team was stuck for some time yesterday in front of the electric light works.

An effort is being made to have the Fourth street bridge over Mill slough raised two feet to allow the more convenient passage of scows under it.

J. J. Burns, who has a contract for grading streets at Yarrow, was in town yesterday. He is about to send part of his outfit to work on the Bangor town-site.

The schooner Western Home arrived yesterday. While crossing the bar, Captain Lembke was caught by the hawser and had his leg quite severely bruised.

Rev. and Mrs. Horsfall returned from Bandon on Friday's train. Mr. Horsfall will hold services at the Episcopal church today, morning and evening, at the usual hours.

The new schooner, Annie E. Smale finished loading lumber at the railroad wharf yesterday. She is loaded down to a draft of 17 feet and has about 900,000 feet on board.

The nomination of W. B. Curtis for postmaster at Marshfield was one of those which failed of confirmation at the regular session of the U. S. Senate, through not being called up, but will be acted upon at the special session.

WELL AGAIN

The many friends of John Blount will be pleased to learn that he has entirely recovered from his attack of rheumatism. Chamberlain's Pain Balm cured him after the best doctors in the town (Monon, Ind.) had failed to give relief. The prompt relief from pain which this liniment affords is alone worth many times its cost. For sale by Jno. Preuss.

Named Deeds Commissioner

Governor Chamberlain Wednesday appointed John A. Peck, of St. Louis, as Commissioner of Deeds for the State of Oregon. The appointment was made upon Mr. Peck's application, supplemented by the recommendation of Governor A. M. Dockery, of Missouri.

Maiden Trip

The steam schooner Aurelia arrived in Portland Wednesday evening from San Francisco for a cargo of lumber. She will load at the Portland Mill. This is the Aurelia's maiden trip. The vessel was recently built at Coquille River and is owned by Russell & Rogers of San Francisco.

Range War On

The range war between sheep and cattlemen has begun earlier than common in Crook county. It is reported that W. W. Brown, one of the largest sheep raisers in the county, had 500 head of sheep killed at Hampton Butte recently, and that George O'Neil had 100 killed on Crooked river. It is this rate of killing keeps up, sheep will be scarce in Crook county by fall.—The Dalles Times-Mountaineer.

Ungrateful Dog

Peter West, a well-known attorney, of Pendleton, has a homestead near town, and last November allowed a passing claim seeker from Dayton, Washington, named Brummett, to occupy the homestead cabin through the winter. The claim is well improved. When it came time for Brummett to vacate, he decided to lay claim to the place on the ground of residence, and refused to get out. West was forced to take the case into a justice court, where he won out.

Basket Benefit Social

A Basket Social will be given at Daniels Creek school house on Friday night March 13th, by the Daniels Creek public school. The proceeds will be devoted to adding to the furniture of the school. The evening will be spent in games and a splendid literary program has been arranged. Great interest is being taken in the coming event and some of the baskets will bring handsome sums. Miss Fannie Gettle is teacher of the school at present. Some expect to attend from Marshfield.

If it's bilious attack, take Chamberlain's Stomach and Liver Tablets and a quick recovery is certain. For sale by Jno. Preuss.

Miss James Married

Miss Gertrude James, late of Coquille City, was married at Berkeley, Cal., on Feb. 19th to Mr. Walter Casad. The marriage took place at the residence of Mr. and Mrs. Bagley, former schoolmates of the bride. Miss James has taught school in several of the Bay districts and has many friends here to wish her all happiness.

Norway Creamery

(Myrtle Point Enterprise)
Carl Bros. of Norway, the proprietors of the combined butter and cheese factory, have enlarged their plant one-half its capacity, and received some machinery a few days ago, including a new boiler, and they will have it in operation by March 15th. When their factory is completed it will be one of the most up-to-date plants in the county. Their creamery has been run on the cooperative plan and will continue the same this season as it has given excellent satisfaction.

Trial Postponed

It has developed that Mrs. E. E. Lyons, wife of the convicted murderer of Sheriff Withers, cannot be brought to trial at this term of court. She was bound over by the Justice of the Peace to appear before the grand jury on a

charge of complicity in a felony, and spent some time in jail. She was released about ten days ago, however, through the efforts of her attorney, J. K. Weatherford, by furnishing \$1000 bonds. It now develops that she is in a delicate physical condition, which precludes her being brought to trial at this term of court. She has not yet been indicted by the grand jury.

WANEFUL CHILDREN

For a long time the two year old child of Mr. L. L. McPherson 59 N. Tenth St., Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these Tablets have effected a permanent cure and she is now well and strong. For sale by Jno. Preuss.

Rusty Mike's Diary, March 11, 1903—When a dog itches he scratches—when you have something to say, say it, and use the space that it requires.

A large boiler and other machinery arrived on the Caarina for the electric plant at the Beaver Hill mine, where electricity is to be largely utilized as a motive power.

R. A. Church was down from his North Coos river farm over night. Mr. Church was formerly one of the force in the COAST MAIL office and he made a very pleasant call here last evening.

Captain Burns has changed his plans and will not have the Copper Queen overhauled as thoroughly as contemplated when she was hauled out on the ways in Reed's yard. Her bottom will be painted, however.

The hallway in the Holland building is being repaired, and Otto Schetter is putting white paint on the woodwork of the telegraph office, on himself and mostly on his young lady assistant in the office.

The little son of C. J. West of East Marshfield had quite an adventure a few days ago. He fell down a deep well but fortunately escaped without serious injury, being rescued by Abbie Noah, who slid down the well rope and sent the kid up.

New Landlord

W. H. Short has leased the Blanco hotel of J. L. Ferry and assumed charge yesterday. Mr. Short has had experience in this line and will undoubtedly sustain the reputation and popularity of the house.

ARCATA COLLIDES WITH

ANNIE E. SMALE

As the Arcata came down from the bunker Monday evening, she took a sheer from the mud flat and before her course could be changed or headway stopped she collided with the new schooner Annie E. Smale, lying loaded at the railroad dock. Some of the schooner's planking was damaged, but there is naturally some disagreement as to the extent of the injuries inflicted on the vessel.

Captain Nelson, of the Arcata, is known as a careful man and is not blamed for the accident.

New Reliable Nursery Stock

Mr. E. J. Coffelt agent for the Oregon Nursery Co. has a large order of trees to arrive on the Alliance. The trees are mostly all for the Coos river farmers and citizens of Marshfield.

The stock consists mostly of shrubbery and fine berries. Some fine varieties of apple and pears are in the order and this cannot help but improve the fruit output on Coos Bay. The replacing of some worthless orchards by first-class stock is what this country needs and then it will have no competitor for first class fruit, as there is no other place on the Pacific Coast which can compare with Coos county and especially Coos river for fine fruit.

You Bet,

The Condon Globe gets even with some one as follows: After you get on your ear and make up your mind to stop your paper to make the editor feel humiliated just poke your finger in water and pull it out and look at the hole. Then you will know how sadly you are missed. The man who thinks that a paper cannot survive without his support had better get off and stay a while and when he comes back he will find that half of his friends didn't know he was gone. The other half didn't care a cent, and the world at large didn't keep account of his movements whatever. You will probably find something in your home paper you cannot endorse. Even the Bible is very plain and hits some hard licks. If you were to get mad and burn your Bible, the hundred of presses will go on printing them, and if you were to stop your paper and call the editor all sorts of ugly names, the paper would still be published. And what is more you would sneak around every week and borrow a copy of your neighbor. It is better to keep your vest pulled down, your temper under control and your subscription paid up.

Heart Beats Per Minute. Weak Heart

Complicated With Kidney Trouble.

Dr. Miles' Heart Cure Cured Me Permanently.

"Your medicine is worth its weight in gold, and I cannot recommend it too highly for the good it has done me. I was troubled with heart disease complicated with a weak back and kidney complaint for a number of years. Although five of our best doctors waited on me I grew worse instead of better, until at last nothing seemed to do me any good. I had a rapid pulse varying from 100 to 150 beats per minute, a choking and burning sensation in the wind-pipe, and pain in the heart. At the time I began taking Dr. Miles' New Heart Cure I weighed but 130 pounds. After using the remedies six months I weighed 180 pounds and felt well, and strong and hearty. My nerve, heart and kidney troubles are all gone now and at this time I have performed nearly seven years ago I know that it is permanent."—Edward Knapp, Wilkesville, Ohio.

"For many years I have been a great sufferer from heart disease. I was subject to faint and sinking spells, with a clutching, oppressive or full feeling at the heart, that is difficult to describe. I was unable to attend to my household duties and was thoroughly wretched and miserable. I doctored with some of our best physicians but got no relief until I tried Dr. Miles' Heart Cure and Nerve. I experienced benefit from the first few doses and finally was completely cured."—Mrs. J. M. Holloway, Geneva, Ind. All druggists sell and guarantee first bottle Dr. Miles' Remedies. ROGUE RIVER BAR!
VERY MUCH IMPROVED
(Curry County Recorder.)

The Copper Queen arrived in from Port Orford Saturday afternoon laden with machinery and groceries and feed for the Rogue River Packing and Navigation Co. Capt Burns informs us that he made thorough soundings in coming over the bar and found it a depth of 24 feet—a depth sufficient to permit the coast steamers plying between Coos Bay and San Francisco to come in over the bar into Rogue river. He states a natural jetty of sand is forming from the north running in a south westerly direction to a distance of a quarter of a mile and another one of about one-eighth of a mile in length forming just south of the channel, causing a deep channel to cut out to and beyond the bar. The prevailing nice weather is to a great extent responsible for this, and states storms would have no material effect in filling up the channel as the sand jetty has now made such progress and the channel cut so deep that no fears are entertained that the channel is likely to fill up at a very rapid rate. This is a matter of much gratification to the shipping interests here as the poor and shallow condition of the bar as heretofore been a great detriment to the Rogue river interests, and a source of much annoyance to captains and pilots generally. A regular line of steamers calling in here on their up and down trips would be of much benefit to this vicinity and an important factor in the encouragement and development of the resources of this county, which at present is in a somewhat dormant state owing to the unreliable and irregular state of our shipping at this time.
