IRISH LAND BILL

The Object of Enormous Interest

London, March 25—There is enormous interest in the proposed Irish land bill, which is the government's compromise on home rule. The House of Commons was crowded today, some of the most anxious claiming seats as early as midnight.

Wyndham, Chief Secretary for Ireland, said much cash would be required in carrying out the provisions of the bill, besides the \$60,000,000 already provided for. He said it would require 83 years to make the payments.

A dispatch from Dublin says: "There is great excitement all over Ireland over the land bill, which is up in the House of Commons. It is the most momentous event in Ireland's history since the union. It is confidently expected that the bill will pass. With the throwing open of fine stretches of land now held by non-resident owners, thousands of families now destitute will be made independent."

SMALL RISE REPORTED FROM NEW ORLEANS

New Orleans, March 25—The river rose one tenth of a foot since yesterday, but no levee breaks are reported.

Grip

Brought On Sciatic Rheumatism. Nervous Prostration Followed. Dr. Miles' Nervine Gave Back Health.

"I was laid up during the winter of 02-03 with sciatic rheumatism and nervous prostration brought on by a severe attack of La-Grippe. The rheumatic pains were so severe at times that it was impossible for me to turn in bed. I was unable to sleep. I had two of our best physicians in attendance, took all the advertised remedies for troubles of this kind but got no help whatever until I took Dr. Miles' Restorative Nervine. Six bottles restored me to health; I am better than for years; in fact am entirely relieved. I can say with a clear conscience that it was Dr. Miles' Restorative Nervine that restored me to health. When the pains of sciatica and rheumatism were most severe I secured almost immediate relief by the use of Dr. Miles' Anti-Pain Pills. I have recommended Dr. Miles' Remedies to many people."—Fred Myers, Redfield, S. D.

"I was taken with pain in my heart and under the left shoulder; with such heavy oppressed feeling in my chest that I could hardly breathe. I had palpitation so bad and my heart would throb so that it would shake my whole bed. I also had a weak, all-gone feeling in the region of my heart. My doctor treated me for liver and stomach trouble but I failed to receive any benefit until a friend recommended Dr. Miles' Heart Cure and Restorative Nervine. I used both and one box of the Anti-Pain Pills. I believe I am completely and permanently cured."—Mrs. J. W. Golding, Noblesville, Ind.

Wirona, Minn. March 25—John Freeman, the aged negro orator, informed Congressman Tawney today of an alleged plot to kidnap Secretaries Shaw and Root, and Attorney General Knox while in Montana on the Roosevelt trip with the object of obtaining a ransom. Tawney considered the information sufficiently reliable to send full details to Shaw.

FRISCO MURDER MYSTERY

Clues Which May Lead to Solution

Society Women Mixed Up in Case

San Francisco, March 25—The woman who accompanied Hayes, who was found dead near the Cliff House, is now supposed to have been Mrs James O'Connell, daughter of Congressman Loud. She attempted to help him, but finding him dead ran to the Cliff House and was discovered by the bar tender. It is known that Hayes called for Mrs O'Connell with a buggy at 9 o'clock that evening.

Hayes was engaged to Mrs Messner, and was waiting for her to get a divorce, to marry her. Mrs Messner, who is extraordinarily beautiful, is completely prostrated. A diamond ring found on Hayes is said to be her engagement ring.

Mrs O'Connell acknowledged that she was with Hayes. She visited the coronor today and asked to be excused from attending the inquiry. She was accompanied by Grace Loud.

FIND SOME FAULT

Irish Papers Criticise Land Bill

Dublin, March 25—Irish papers today are going into details of the proposed land bill and generally criticise some of them, but generally allow a grudging admiration of the whole scheme.

As a general thing acknowledgment is given that the Wyndham plan is purely economical, not political, and it is believed that it will not arouse passion on either side.

SPANISH CABINET CRISIS

Minister of Finance Resigns

Madrid, March 26—Villaverde, Minister of Finance, has resigned, causing a precipitation of the long-expected cabinet crisis. The resignation is made on the grounds that he could not agree to the large expenditures demanded by the other portfolios.

HIGHER WAGES GRANTED

Demand of Railroad Men Successful

New York, March 25—The directors of the New York, New Haven and Hartford railroad today answered their employees' demand for higher wages by announcing that a committee would meet a committee from the men, for the purpose of granting a new schedule of wages.

The motion to take such action was made by Pierpont Morgan and seconded by Rockefeller.

A Boom in California.
The movement for improved roads started some three years ago at Hollywood, Cal., has accomplished remarkable results, especially in the boulevard line. It is said to have been a veritable boon to the suburban region, and the beneficial results realized at Hollywood have inspired similar movements in numerous other localities, and boulevard building has become a popular public movement.

LIANG CHENG COMES

Wu's Successor Lands at San Francisco

San Francisco, March 25—Sir Liang Cheng, the new Chinese minister, and Minister Wu's successor arrived on the steamer Korea this morning. He is accompanied by Yang Kwe, secretary of the legation, and a numerous suite.

Cheng says the relations of China with the United States were never more friendly than at present, principally on account of the successful mediation of Uncle Sam in the Boxer trouble. He says the recent Boxer troubles are not serious, and no more danger is likely. He declares that it is not wise for Chinese laborers to be allowed to come to this country without limit. As to his policy, he said: "I can follow no better example than that of Minister Wu."

MURDERER BELDING HANGED

Dies Without Making a Statement

Portland, March 27—A. L. Belding the triple murderer, was hanged this morning. His neck was broken, and there was not a quiver of a muscle. His heart beat 16 minutes. He made no statement, and was on the verge of utter collapse when the signal was given.

Tea Drunkards.
Tea drunkards are nearly as numerous as opium fiends and social gamblers among our less guarded maids and matrons of the idle aristocracy of wealth. It is a terrible dissipation. Some of the victims boil the tea until every bit of the quercitanic acid is extracted from the leaves, which renders the beverage bitter and dangerous. It is so astringent that no mucous membrane can readily overcome its effect. Women who revel and luxuriate like it because it is a good "pick me up."—New York Press.

Boards of Trade.
A board of trade is a necessary adjunct to the welfare of every community. Its objects should be primarily to foster present industries, develop local resources, publish practical information, solicit and encourage immigration, investment and the establishment of new manufactures and to secure to the town and incidentally to its members the benefit of co-operation in the furtherance of legitimate projects. Its work is coextensive with the particular interests of the town in which it is located. It should have a salutary effect upon municipal affairs if needs required it and be at once the recognized factor capable of building, sustaining and insuring to perpetuity the best interests of all the people.

FIRST VOTES TAKEN

Jackson County Backs Vawter

Albany, March 27—The primaries will be held in Linn county precincts this afternoon and tomorrow. A large part of the county delegates will be for Kelly. It seems now certain that Linn county will send a strong delegation to Eugene to back up Kelly.

Ashland, March 27—The Republican primaries throughout Jackson county discredit the political stories that the influence of Senator E. V. Carter was to be arrayed against Hon. I. W. Vawter, in the latter's aspiration for the congressional nomination. The reports never were entitled to credit and did not receive it at home, where it was well known that Senator Carter was favorable to Mr. Vawter's candidacy, and the convention today he throws his influence enthusiastically to Mr. Vawter's support. He will have the solid delegation of the county convention. Josephine county will follow suit.

Town Improvement.
There are always certain citizens in a town who begrudge paying out a cent for improvement, even where they are to be directly benefited, but let half a dozen start in to paint and fix up their residences and the chances are that fifty others will follow and thus work a general improvement.

CUBA TAKES VOTE

May Amend Reciprocity Treaty

Havana March 27—The vote on the reciprocity treaty is to be taken at 4 o'clock this afternoon. It is almost certain that the Senate will adopt the amendment, defeating all efforts of Palma and Squires and commercial interests representing \$100,000,000.

Washington, March 27—It was officially admitted today that Roosevelt recently, through the State Department, promised Cuba that if the Cuban congress should ratify the reciprocity treaty without amendment, he would call the United States congress in extra session prior to the regular meeting, in order to make it complete and effective by ratification.

This morning Secretary Hayes received a cablegram from Minister Squires that there was a strong probability that the Cuban congress would seek to make an amendment to the treaty. Secretary Hayes replied that if such was done it would invalidate the convention.

The United States believes that there is a strong foreign influence at work in Havana against treaty ratification.

If Cuba acts favorably, Roosevelt will probably fix the second week in November as the time for holding a special session.

SHOE TALK

When buying shoes DON'T get plucked. If you buy a \$3.50 or \$4.00 shoe at a store where \$6 to \$8 shoes are sold you do get plucked nearly every time.

Satisfactory shoes for winter—shoes that please the people—shoes in which the shape will hold—won't "squash" out, or sag in the shank, or get shabby-looking in a little while.

Shoes that hold out because they're rightly built—not a skimp anywhere, inside or out—THAT'S the Walk-Over Shoe.

Must be right or wrong—no middle ground—or we couldn't everlastingly preach Money-Back Shoes—good wear or a new pair.

Why pay \$5 and \$6 for let-well-enough-alone shoes—Tom, Dick and Harry makes—that have been foisted on a long suffering public with scarcely a change—in quality nor in shape—for the last ten years. \$3.50 and \$4.00 never less.
