WISE JUDGE ADAMS

Grants Trainmen Right to Strike

St. Louis, April 1—Judge Adams, in the United States circuit court this morning granted the application of the Wabash Railway trainmen for a dissolution of the temporary order, issued recently preventing them from calling a strike.

Indianapolis, April 1—Mitchell is jubilant over the Adams decision. He says it is one of the greatest, if not the greatest victory ever fought out in the courts. It establishes the right of unionism and is a blow at injunctions, and a distinct triumph for labor.

INDIANA MINERS CELEBRATE Anniversary of Eight Hour Day

Terre Haute, Ind., April 1—The thousand miners, who quit work last night, pending a settlement of the wages scale, today are celebrating the anniversary of the eight hour day granted four years ago. The joint conference with Mitchell takes place tonight.

PORTLAND CARPENTERS QUITTING

Special to the Mail.
Portland, April 2—Carpenters are quitting work, because of the refusal of contractors to pay \$3.50 per day, as demanded by the union. Twelve hundred men are involved.

CONTRACT COMES TO CHICAGO

London, April 2—The London Omnibus Company, today, forwarded the contracts for the new line of motor omnibuses to an American firm, Bush & Co., of Chicago, in competition with French bidders.

MINERS WAGES RISE

Three Hundred Thousand Effected

Pittsburg, April 1—Today an agreement providing for an advance of wages to the bituminous coal miners of Pennsylvania, Ohio, Indiana and Illinois goes into effect. Every man about the mines will get an increase of 10 percent and some 20 percent. The change will effect nearly 300,000 men.

CORBETT BESTS McGOVERN

After Eleven Rounds of Hot Fighting Usual Cry of Robbery by Losers

San Francisco, April 1—Young Corbett remains the feather-weight champion of the world. He knocked out Terry McGovern of Brooklyn, last night after a furious battle in the 11 round.

McGovern and his backers say he was on his feet before the timekeeper had counted 10, and the decision is a robbery. Corbett's friends deny this, and say even if it were so, McGovern was as nearly out that another blow would have finished him.

MITCHELL SETTLES QUARREL

Bituminous Miners to Resume Work

Indianapolis, April 2—President Mitchell this morning says he is not at liberty to tell the result of the conference with the bituminous operators last night. He feels confident that the 10,000 men now out in the Indiana fields will be working tomorrow, under satisfactory conditions.

W. D. Wilson, brother of Mrs. F. M. Friedberg, was badly burned by the burning of an oil tank where he was at work in Oakland Cal., recently.

GATCH BEATS DAVEY

In Marion County Primaries

Salem, April 1—The Republican primaries were held in Marion county Tuesday to select delegates to the county convention. Nearly all precincts elected Gatch slater.

Yamhill county has gone anti-Hermann.

CHALLENGER IN HEAVY WEATHER

Proves Herself Good in Rising Sea

Glasgow, April 1—Late this afternoon Shamrock I and III took a spin on the Clyde.

A strong wind and rising sea proved the new challenger to be as good in heavy weather as in a light breeze. She beat the old boat by a mile.

SNOW STORM RAGES

Throughout the Middle States

Chicago, April 3—A snowstorm of unusual severity is raging in the middle states, accompanied by a decided drop in temperature. For several hours the city was entirely cut off from communication with the outside world. The railways are badly crippled.

Kansas City, April 3—Two inches of snow fell here this morning, followed by a downpour of rain. The mercury fell 46 degrees in 12 hours.

San Francisco April 3—The East reports a regular blizzard. Telegraph service is sadly interfered with and communication with the East is almost shut off.

In our report yesterday of the operation performed upon Fred Barker for appendicitis, we inadvertently omitted the name of Dr. Mingus, who assisted in the operation.

SHE'S A JIM DANDY

Shamrock III Has Her Final Trial

Glasgow, April 2—The final trial of Shamrock III against Shamrock I on the Clyde today again demonstrated the marked superiority of the new challenger. She beat the older boat handily in windward work, proving exceptional sailing qualities over any challenger ever built.

Running before the wind the challenger gave the Shamrock I a long lead then took in sail, and closed up the wake in a surprising manner. She departs tomorrow for trial races in southern waters. Yachtmen are now enthusiastic in the belief that she will win the cup.

CHRISTENS NEW CUP DEFENDER

New York, April 3—Miss Nora Iselin, daughter of C. Oliver Iselin, it has been decided will christen the new cup Defender Reliance. Mrs. Iselin christened the Defender and the Columbia, and now Miss Iselin will name and wish the greatest success to the Reliance, which will be launched Saturday, April 11th.

ANY ONE TO BEAT HERMANN

Salem, April 3—The Washington county delegation is anti-Hermann to a man and will vote for any one to defeat Hermann. This may be Vawter, Harris, Kelly, Gatch or Eddy. It was the sense of the convention that Oregon cannot antagonize the Roosevelt administration.

The Republican county convention of Linn county met at the court house in Albany Thursday and elected delegates to the Republican congressional convention. The delegation was instructed to use every honorable means to secure the congressional nomination of Hon. Percy R. Kelly, of Albany, the unanimous choice of Linn county Republicans.

Lincoln county primaries were held Thursday. Hermann will have a solid delegation. Marion county convention was harmonious, and named a Gatch delegation.

SIMON STILL TALKS

Reiterates Charges of Bad Faith

Portland, April 2—Former United States Senator Simon again attacks President Roosevelt, charging bad faith, and violation of pledges. He says the President has been doing small politics and is now trying to squirm out of a bad predicament.

Senator Fulton, who is in Baker City, speaking on the subject last night, said: "When the Oregon delegation agreed to recommend Mr. Dresser for register of the Oregon City land office, we were not aware of the fact that President Roosevelt had some time previous promised the place to Senator Simon's friend, Steel. The President told of the promise to Senator Simon and of a letter he had written. We were also aware of the fact that Mr. Simon had refused to accept the appointment for Steel unless his name should be sent in at the same time as Bybee's."

"We told the President we had nothing against Steele, but having agreed on Dresser, would not withdraw our support. The President also understood that, under the circumstances, Steel could not be confirmed."

"If Dresser has not already been appointed, it is practically certain that he will be."

GER- MANY MAD

Because Sternberg Saw Roosevelt off

Berlin, April 3—The leading papers this morning bitterly attack Minister Sternberg because he accompanied President Roosevelt to the train when the latter started on his western trip.

They accuse him of servility, and say Germany is made ridiculous by trucking to America.

Washington, April 3—General surprise has been aroused by the criticism of Minister Sternberg because he was the only foreign representative to bid Roosevelt good bye.

There were many similar precedents during McKinley's administration. The facts are that Sternberg and Roosevelt are old friends. The former asked Secretary Hay if it would be improper for him to go to the depot, and Hay cordially invited Sternberg there, unofficially, merely as a friend of the President and himself.

Remove the fences. In almost every state in the Union and in almost every town and village there are laws and ordinances to prevent live stock from running at large. This being the case, there is no excuse for maintaining fences on a resident street. What is saved in their first cost and yearly repair can be spent on lawns and flower beds to the great improvement of the property.

SHOE TALK

IN buying shoes DON'T get plucked. If you buy a \$3.50 or \$4.00 shoe at a store where \$6 to \$8 shoes are sold you get plucked nearly every time.

Satisfactory shoes for winter—shoes that please the people—shoes in which the shape will hold—won't "squash" out, or sag in the shank, or get shabby-looking in a little while.

Shoes that hold out because they're rightly built—not a skimp anywhere, inside or out—THAT'S the Walk-Over Shoe.

Must be right or wrong—no middle ground—or we couldn't everlastingly preach Money-Back Shoes—good wear or a new pair.

Why pay \$5 and \$6 for let-well-enough-alone shoes—Tom, Dick and Harry makes—that have been foisted on a long suffering public with scarcely a change—in quality nor in shape—for the last ten years.
