J. P. Wilson, of Sumner went to San Francisco for the removal of a small growth on his nose, which he feared was cancer, returned on the Arcata, minus the little joker that has been causing his anxiety, and much pleased therewith.

The Berkshire, Mass., Courier tells of the chopping down of a tree six and one half feet in diameter by Wm. A. Hall a man over 80 years of age. Mr. Hall is brother of Mrs. G. Winn, of South Marshfield. He is one of a family of eight brothers, all but one of whom are living, the youngest being 63 years of age. At his advanced age, Mr. Hall reads without glasses, and his physical vigor is indicated by his felling of this tree, a veritable giant in that location.

Fischer Company Coming

The MAIL is in receipt of a letter from Chas. Pyle, agent of the Margarita Fischer Company, saying that they have decided to return to Marshfield in June, and will play in the opera house one week, commencing June 29th. They expect to be in Coos about four weeks and are hoping for better luck than they experienced last summer. They are looking forward with pleasant anticipations to their visit to Marshfield, and the people here who witnessed their excellent work on their former visit will be glad to hear that they are coming and will give them a warm welcome.

Banner Day Exercises

Friday was Banner Day at the Marshfield public school. The attendance by visitors was fair, and the programs in the various departments were well received. "The Brownie school" by pupils of the second grade received generous applause and was one of the best features. While one and all did well, the club singing by four boys of the fourth grade deserves especial mention. The banners were awarded to the pupils of the Second and Fifth grades, under the instruction of Mrs. Anderson and Miss Engle, respectively. There will be but one more Banner Day as the exercises for next month will be omitted, owing to the large amount of work in connection with the closing of the school year.

Coffee Club

On Monday and Tuesday the Coffee Club will be in charge of Mrs. J. H. Taylor, Mrs. Wm. Nasburg, Mrs. J. A. Matson and Miss Edna O'Connell. These ladies are making preparations to break the record in the way of dishing up things that will appeal to the hearts of every one who comes within the circle of their influence. And if they don't make it pleasant for visitors it will be because they have forgotten the charm with which they worked the editor for this advance notice.

Foot Cut off

Andrew Olsen, aged about 13, lost a part of his left foot at the Porter mill about 4 o'clock yesterday afternoon, by bringing it in contact with the knives of a planer. He was employed to drive a horse, about the place, and stepped into the mill and was standing by the planer. He took hold of a piece of lumber to pull it from the rollers, and as it struck, he raised his foot to brace himself and thoughtlessly reached his leg under the machine and placed his foot against the lower cylinder. The knives instantly took off his foot back beyond the toe joints. He was brought up to town on the Flyer, which was just landing, and Dr. Horsfall assisted by Dr. Prentiss, attended to the wound. It was necessary to take off the foot back into the arch, but the young fellow will not be very badly crippled, and with a spring shoe will be able to walk very well.

Lund's Troubles

The troubles of the Lund family of East Marshfield were aired in Justice Hyde's court again yesterday, Chas. Lund having been arrested, charged

with assaulting his wife with a hoe handle.

There were no other witnesses to the occurrence on which the charge was based, excepting the two parties concerned, and as their testimony naturally conflicted on the main point, Judge Hyde did not feel justified in imposing any punishment, so the defendant was discharged.
