

# RESTRAINED OF THEIR LIBERTY West Virginia Coal Miners Kept in Condition of Slavery

Indianapolis, May 19—Editor Sexton, of the Miners Journal, the official organ of the miners, at noon says that a condition of slavery exists in the mines of the Loup district of West Virginia, and the men are restrained of their liberty. If he can get names he commences action in the courts at once. He says that if given an opportunity the mine workers will show that the United States marshals and also judges of United States courts know that these conditions of slavery but have taken no steps to stop them. He says the principles involved are the biggest fight the mine workers have yet encountered but will be fought to the end.

Of Galveston, Texas.

"Wine of Cardui is indeed a blessing to tired women. Having suffered for seven years with weakness and bearing-down pains, and having tried several doctors and different remedies with no success, your Wine of Cardui was the only thing which helped me, and eventually cured me. It seemed to build up the weak parts, strengthen the system and correct irregularities."

By "tired women" Mrs. Adams means nervous women who have disordered menses, falling of the womb, ovarian troubles or any of these ailments that women have. You can cure yourself at home with this great women's remedy, Wine of Cardui. Wine of Cardui has cured thousands of cases which doctors have failed to benefit. Why not begin to get well today? All druggists have \$1.00 bottles. For any stomach, liver or bowel disorder Theford's Black-Draught should be used.
