SIRES AND SONS.

Mayor Fleischmann, who has been elected in Cincinnati, has for many years given away 500 loaves of bread daily to the poor.

It is reported that Marshall Field has offered to erect a museum on the Lake Front park, in Chicago, which will cost about \$10,000,000.

F. M. Messenger, a mill agent in Grosvendale, Conn., at \$15,000 per year, has given up his work to preach the "holiness" doctrine.

The "Palmer boys," as Honore and Potter Palmer, Jr., of Chicago are called, are now engaged in booming a new town, East Chicago and Indiana Harbor, on Lake Michigan.

Victor Murdock, a newspaper man who will be one of the Kansas members of the next house at Washington, is credited with being the inventor of the baseball report in slang.

In twenty-eight years' active service as a glass blower Isaac Jones of Clayton, N. J., has blown 3,214,848 bottles, a record probably unequalled by any one man in the United States.

Wool defines, veiling and French chalice are prominent this season.

The Frisella sleeve is a new model often used on tea gowns, princess dresses, coffee jackets and negligees of every description.

The garnitures used on the fichu or cape collar, stoles and sleeves of handsome spring costumes appear also on the hip yoke of the skirt.

On many of the new princess or corselet gowns the bolero is still used with good effect, made in lace, brocade, cutwork or all over passementerie.

Hip yokes lose none of their popularity, but many of them are less deep, more rounded in shape than pointed; and thus, being less pronounced, are in better taste.

A stylish effect is produced on an Eton blouse jacket of black peau de sole by the introduction of tucks about an inch and a quarter wide that extend from shoulder to belt after the manner of tucking on a dress waist.—New York Post.

For his five visits to America, his three trips to Australia and his journeyings in India and Africa General Booth is now saluted at home as "the most ubiquitous Englishman of our time."

Ex-President Cleveland will spend several weeks of the summer as a guest of James H. Eckels, former comptroller of the currency, at the Chicagoan's summer cottage at Oconomowoc, Wis.

Thomas F. Folger, for forty years driver of the prison van at Boston, died the other day, leaving a handsome fortune. He was a great reader, but never in the course of his life was he known to buy a newspaper.

Judge John J. Jackson of the northern district of West Virginia has served the United States in a judicial capacity longer than any other judge in the country. He was appointed to his present office in 1861 and will soon have served forty-two years.

GREATLY ALARMED

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Barbage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Barbage, having seen Chamberlain's Cough Remedy advertised concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of the twenty-five cent size was permanently cured." Sold by John Prouss.

Nasal CATARRH

In all its stages there should be cleanliness.

Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Balm, 50 cents at Druggists or by mail; Trial Size, 10 cents by mail.
