Another Hot Game.

The North Marshfield and South Marshfield baseball teams, consisting of boys of about 14 years of age, played a game yesterday at the ball grounds re-

Sleeplessness

Is skin to insanity. Many a woman realizes this as she lies awake hour by hour, peeping through the darkness with phantoms, starting at the creaking of the bed or the rustle of the bedclothes.

Such symptoms in general point to disease of the delicate womanly organs, and a constant drain of the vital and nervous forces. This condition cannot be overcome by sleeping powders. The diseased condition must be cured before the consequences of disease are removed.

Dr. Pierce's Favorite Prescription cures the womanly diseases which cause nervousness and sleeplessness. It is the best of tonics and invigorants, nourishing the nerves, encouraging the appetite and inducing refreshing sleep.

\$500 Reward for Women Who Cannot be Cured.

Proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States for any case of Leucorrhoea, Female Weakness, Protrusion of Uterus, Falling of Womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

"My wife was sick for over eight years," writes Albert P. Fultz, Esq. of Altamont, Grady Co., Tenn. "She had uterine disease and was treated by two physicians and got no relief. At last I read about Dr. Pierce's medicine and we decided to try his 'Favorite Prescription.' I sent to the drug store and got one bottle and the first dose gave ease and sleep. She had not slept any for three nights. Being sure that it would cure her, I sent for five more bottles and when she had taken the sixth bottle she was sound and well."

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

From Tuesday's Daily.

H. Sengstacken went to the Coquille today on business.

The tug Hunter came in from the Umbqua last evening.

Mrs Mae Magee of Empire was the guest of Mrs. P. M. Wilbur over Sunday.

Dr. W. S. Holt preached to a packed house Sunday night. Special music had been provided which added much to the enjoyment of the occasion.

Rev. Father Donnelly returned from Gardner yesterday on the tug Hunter, and will hold services next Sunday in the Catholic church.

The Arcata arrived in San Francisco yesterday morning, 40 hours from this port. She sails Wednesday noon, and the Empire will sail Wednesday night.

Dr. J. T. McCormac received a new donkey engine on the steamer Alliance for his Cedar Point boom. Dr. McCormac went to the Coquille to see it put in operation.

Jack Grimes will return to San Francisco shortly, to accept a position as assistant superintendent in the construction of the new dry dock at the Mare Island navy yard.

Bandon has a case of small pox, but the man has been placed in a pest house, which is strictly quarantined, as is also the house where the case developed, and all precautions are being taken.

F. S. Dow is beginning to hear from the frozen clams he recently placed on the market, in the way of return orders, the first batch of which amounts to 200 cases. He will resume the work of putting them up this week.

There are several complaints of some boys around town who are in the habit of stealing chickens. They had better be careful as their names are known, and if heard from again they will be placed in jail.

A Small Blaze

A small fire in the old Josh Nelson house on the sawdust, now owned by John Renberg, caused the fire boys to make a quick run yesterday forenoon. The blaze was on the outside of the roof, having evidently caught from a spark from the terra cotta flue, which is entirely too short above the roof. The blaze was extinguished with a few buckets of water, and the damage was small.

North Bend Election

The first city election of North Bend takes place today.

The ticket which was nominated about 10 days ago in mass convention is as follows:

Mayor, L J Simpson; Recorder, F H Chapman; Treasurer, L M Falkenstein; Marshal, E M Shaner, Councilmen C Eckhoff, C M Byler, Peter Loggie, C Farris, Aug Tyburg, Victor Anderson. There is no opposition ticket except for the office of constable, for which W. S. Denning has been persuaded to run as an independent candidate.

On the Coast Road

(Del Norte Record.)

Two crews of surveyors are busy at work to the east of town, running surveys north and south. The route selected last year was stated by Col. Draper to be practicable in every way. The route is approximately 88 miles from Crescent City to Grants Pass. The heaviest grade on the route is between Patricks creek and the summit near the Oregon and California line. Six tunnels will have to be run. The longest will be 2800 feet. Smith river would require to be bridged seven or eight times.

Credit due the W of W.

In the round-up of the Decoration Day exercises in Marshfield, it should not be forgotten that to the Woodmen of the World and the Women of Woodcraft is due the credit for making possible such a successful observance of the day. The G. A. R. here is weak in number, and when the whole burden of Decoration Day is thrown upon that organization, as has happened heretofore, it is too much.

The Woodmen's day for unveiling and decoration ceremonies is June 8th, but they obtained permission, this year, to observe the day a week ahead, in order to help out the observance of the regular Decoration Day. They also assumed nearly if not quite all the expense incident to the occasion. Appreciation should be accorded for all this in no grudging way.

A weed pulling machine is one of the latest inventions. A farmer turned one loose in his garden the other day and before he could stop it the blamed thing had yanked up every weed in sight, pulled the tail of a disabled old rooster, milked two cows, crawled through the fence and was taking a neighbor's washing off the line when stopped.—Ex.

HIS LAST HOPE REALIZED.

From the Sentinel, Gebo, Mont.

In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his camping about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help feeling grateful. The season for bowel disorders being at hand suggests this item. For sale by John Preuss.

From Wednesday's Daily.

Geo. Wolf came in with his gasoline fishing boat last evening from Big Creek.

Allegany gave Hermann 21 votes, to 4 for Reames. Not so bad for Allegany.

Gardner precinct did its duty to Binger Herman giving him 121, to 35 for Reames.

John Porter, of Allegany, was in town last night on his way to visit Coquille City and Myrtle Point.

The A. N. W. Club will meet at the home of Edna O'Connell on Thursday afternoon. The members of the Club will be taken thither by John Bear's carryall.

Cutting prices on goods is a wise thing if it brings people to trade who have been dealing elsewhere.

The little gasoline schooner Nellie and Cressy, from the Coquille, was laying at the Marshfield dock last night.

F. W. Wegner, of the real estate firm of Kaufman & Wegner, returned on the Alliance to make an extended stay here.

The steamer, South Portland took coal at the Beaver Hill bunker yesterday, having called in for fuel on her way north.

Dr Prentiss goes over to Bandon today to spend about a month there in his practice of his profession. This will be his last professional visit to Bandon, as his practice here now demands his entire attention.

Sister's brother.—Say, Mr. Sweeten, pa told sister you were so overcast'ly windy that if you ever held your breath for five minutes you'd catch your death of cold. He was just jokin', wasn't he? —New York Sun.

J. T. Houser and Jas. Thomas of North Bend were in town last evening to complete arrangements for a benefit ball to be given at that place June 13th for the benefit of George Quigley, one of the old settlers, than whom no one is more worthy of any needed assistance.

Chamberlain's Stomach and Liver Tablets are just what you need when you have no appetite, feel dull after eating and wake up with a bad taste in your mouth. They will improve your appetite, cleanse and invigorate your stomach and give you a relish for your food. For sale by John Preuss.

All merchants do not appreciate how much good the advertisement of their store does the town in which they are located. If all merchants were careful to have good advertising there would be no doubt of the results in growth and business to the town. Making the advertising good helps to make the reputation of the town good and to get the best results from the business reputation thus created it is necessary to keep doing good advertising in order to maintain the reputation of the locality.

One Hundred in Curry

At 8 o'clock last evening Dr. J. W. Strange phoned the MAIL from Port Orford that two thirds of the precincts in Curry had been heard from, giving Hermann 66 majority and it was estimated that he would carry the county by 100. Only about two thirds of the normal vote was cast.

After Their Pensions

(Oregonian)

The Spanish War lasted only a short time, and there was very little fighting; the larger number of those who enlisted never left the United States, and yet 65,000 have so far applied for pensions. The Pension Office has rejected 18,185 claims, but there were 34,210 pending May 1. About 13,000 pensions on account of the Spanish War have been granted, including 3100 of the widow and dependent class. More pensions have been granted on account of the Spanish War than had been granted up to 1894 on account of the Civil War. In 1862 the applications numbered 2487, and 462 pensions were allowed; in 1863 there were 7884 allowed, and the number was 9977 in 1876.

STATE AND GENERAL NEWS.

Roseburg is to have a street fair.

The last of the \$35,000 of indebtedness hanging over Willamette University was pledged today and that pioneer university will close the school year with the assistance that its burden will be lifted. The work of raising this debt has taken about a year. Strenuous ef-

Hermann Elected by a Safe Plurality

Vote Shows Unusual Falling off

Salem, June 2.—Binger Hermann is probably elected to congress by a good safe plurality of about 2000 votes.

E. A. Reames probably carried Clackamas, Jackson, Josephine and possibly Polk with a standoff in Yamhill.

Marion is not complete, but gives Hermann about 200 plurality.

There was an unusual falling off in the vote, greater in the Democratic ranks than in the Republican, and Hermann's election is due rather to the Democratic stay at home than to republican vote in the big Republican counties.

Tame snakes are found useful in Morocco to clear houses of rats and mice.

The New York-Chicago Highway.

One of the many large projects which are making for better highways is that started by the New York and Chicago Road association, which has just been incorporated at Albany, with Colonel Albert A. Pope of bicycle fame as its president. A modern highway between the two great cities would be an object lesson of great value and an incentive to similar work in other parts of the country. This highway, it is expected by the members of the association, will be completed within a reasonable time, and that the project is regarded as entirely feasible is shown by the forces which are working for its accomplishment.

Rural Delivery Notes

Throughout the Rocky mountain region there are few rural delivery routes because of the topography and the long distances. But the system is growing along the Pacific coast. California now has 144 rural routes, Oregon 78 and Washington 50.

The development of rural postal delivery continues to contribute to the general movement toward road improvement. A notable instance is the recent passage of an act of the Indiana legislature setting aside 5 per cent of the total road tax for roads traveled by rural mail carriers.

In recent civil service examinations for positions in the rural free delivery service thirty-seven women passed the examinations and have been appointed to positions in the service. Reports at the office of the superintendent of rural delivery show that the women carriers are not dismayed by stormy weather or obstacles that fall in the way of the performance of their duties.
