J. W. Ingle, Socialist	103
A. E. Reames, Democratic	525

One Thing at a Time

Don't try to advertise the whole stock at a single clip but advertise one thing well that it will appeal to the individual who is looking for it. See that the one good advertisement is followed by others which will make the other things of a stock stand out so that they will be appreciated by those who ought to be interested. If one-thing advertising is persisted in there will be a time when many things have been covered and in that way everything will have been well covered.

Hurt by a Fall

L. D. Scott, of South Marshfield, suffered a very severe accident yesterday while pruning trees for Is. Lando. It seems that he was up in a tree sawing the limbs off, and went to jump to the ground when his feet caught and he fell on his back on another limb. He got up and started to work again, but as he began to feel sick thought he had better go home, after reaching home he suffered so badly that Dr. Horsfall was sent for, and it was found that he was suffering from a bad strain in his back, and otherwise shaken up.

After a Gusher.

(Coquille Herald)

W. H. Button and Elbert Dyer returned by the last Chico from San Francisco with the necessary machinery to proceed with the oil well proper, (latter prospecting being deemed unnecessary. This is certainly encouraging and we have good reasons to hope to see a real gusher flowing there in the very near future, which will certainly mean a great deal to Coos County. These gentlemen surely deserve great credit for the persistent courage and industry displayed in their prosecution of the work thus far.

Cutworms Coming

Every one will remember the visitation of cutworms with which this section was afflicted three years ago, and it seems that some such danger is threatening the gardens again this year. It is said that millions of worms something like a caterpillar are noticed on trees and shrubs in the outskirts of town, and their effect is seen in blighted leaves and dead branches.

It seems that the woods are full of them also. Archie Kruse and Alex Hall, who returned from a cruise in the timber above Allagany, noticed a they came down the road, countless myriads of worms in the road, all traveling together and all headed toward Allagany. In places they formed a column several feet wide and many yards long and so

thick that they practically covered the ground. So look out for your gardens.

States at the World's Fair

The Michigan Legislature has appropriated \$50,000 for a state exhibit at the World's Fair St. Louis. A state building will be erected, and an extensive exhibit of the states industries, products and resources will be made. Michigan's appropriation brings the total of the state and territorial appropriations for the fair up to \$4,317,000, with several states still to be heard from.

The total appropriations by Wisconsin to date for the World's Fair amount to \$100,000 and now the citizens of the state purpose to raise \$40,000 more by private subscriptions in order that the state may be adequately represented at St. Louis 1904.

Thirty-five miles of roadway have been constructed within the World's Fair grounds. A large portion of this is asphalt. Most of the roadways are generously shaped, and all are elaborately treated by the landscape architect.

The Margarita Fisher Co

The theatre goers of Marshfield will have an opportunity for one week, beginning Monday June 29, to witness an entertainment of the distinctly refined class. Miss Margarita Fisher will be in the city and will put on her high class repertoire assisted by her metropolitan company. Press comments everywhere on Miss Fisher's work both as a leading lady and as a sobriety are to the effect that it is of the really great class. Instructive while entertaining; humorous while refined, her performances are thoroughly enjoyable to all classes, as is attested by heavy business increasing throughout the engagement where ever she

ROBBED ON OCEAN STEAMER

Twenty Thousand Dollars Gone

New York, June 12—Robert Neill of Los Angeles, arrived on the Germania this morning, and reports that he had \$20,000 in drafts of \$50 each stolen from his stateroom on Wednesday last. No trace of the thief or property has been found.

Neill sold property in Ireland, thus securing the money. He left the money in his state room while taking a bath. He is now practically penniless, and on his arrival had to leave his trunks at the pier until he could procure money.

Fought

Death all Night—Grew Worse. Doctor Said Baby Would Die.

Dr. Miles' Nervine Revived and Cured Her.

When your nerves are tired and degenerated, your troubles begin and remain with you until your nervous system is toned up and regulated. Dr. Miles' Nervine is the great Nerve Tonic and Regulator. Read what a grateful mother writes of what it did for her baby: "My baby had sinking spells so bad we despaired of her life. Four or five times she would faint away and be to all appearances dead. When she was eight months old she took a very severe cold and the doctor and all who saw her thought it impossible for her to recover. We hardly revived her from one sinking spell until she would go into another. One morning after a most wretched night spent fighting death and when all symptoms were growing worse, I remembered an almost empty bottle of Dr. Miles' Restorative Nervine and without saying anything about it I gave the baby nearly a half teaspoonful. Then I noticed she slept more naturally. She had no more spells that day, and on the evening I gave her a few more drops, which was all there was, and now though she is three years old she is well and strong and has never had the slightest symptom since the first attack. I know of several persons, among them relatives, who have used the Nervine with excellent results. It saved my baby's life. You have my permission to publish this as I wish to do all I can to benefit others."—Mrs. W. I. Totten, Portland, Ind.
