Blue Ribbon State Fair

The premium list of Oregon's "Blue Ribbon" state fair is now out and being

A Woman's Prayer

It is notable that in the despondency caused by womanly diseases, there seems to many a suffering woman no way of escape from pain except at the price of life itself. It would be sad to record such a story of struggle and suffering except for the fact that in such dire distress many a woman has found a way back to health and happiness by the use of Dr. Pierce's Favorite Prescription. The one and only remedy for leucorrhoea, female weakness, prolapsus, or falling of the womb, so also, is absolutely specific and sure in curing these common ailments of women, as to warrant its makers in offering to pay, as they hereby do, the sum of \$500 reward for a case of the above maladies which they cannot cure.

"Your medicine almost raised me from the dead," writes Mrs. Edwin H. Gardner, of Egypt, Plymouth Co., Mass., box 14. "My urine was like brick dust, and I had pain all over me, and such a dragging feeling it seemed I could not do my house work. One day I found a little book. I read it and wrote to Dr. Pierce, and in a few days received an answer. I decided to try his medicine, and to-day I am a well woman. I have no backache, no headache, no pain at all. I used always to have headaches previously to the monthly period and such pain that I would roll on the floor in agony. I took three bottles of Dr. Pierce's Favorite Prescription and three of 'Golden Medical Discovery' and was cured. I used always to have headaches previously to the monthly period and such pain that I would roll on the floor in agony. I took three bottles of Dr. Pierce's Pleasant Pellets, and was completely cured."

Accept no substitute for "Favorite Prescription." There is nothing just as good. Dr. Pierce's Common Sense Medical Adviser—sent free on receipt of stamps to cover expense of mailing only. Send 21 one-cent stamps for the book in paper covers; or 31 stamps for the cloth bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

distributed throughout the state. The premiums offered aggregate \$12,000 in cash, and are for everything grow on the farm, including live stock, poultry, dairy products, agricultural and horticultural products, domestic and floral arts, etc. Everyone is invited to bring something to the fair this year, and help advertise the state's resources. If you have not received one of the premium lists yet, write M. D. Wisdom, secretary, Portland, Ore., for one.

New York Bridges

Interesting facts about the bridges of New York are pointed out by Commissioner Lindenthal and the magnitude of the work of the Bridge Department is surprising. There are now around New York thirty-seven complete bridges, which represents an outlay of about \$30,000,000 by the city. Seven bridges, including the three additional giant bridges over the East river are in the course of construction and their total cost, when completed, will represent an additional expenditure of about \$60,000, including land.

Game on the Fourth

There will be a game of baseball at North Bend on the Fourth, between the home team and the Portland Stars, said to be the best amateur team in Portland. The visitors are coming down overland. The North Bend team is doing good work and a most interesting game is expected.

Benefit Performance.

Only a small house turned out last evening to the benefit performance given by the Keane company for the Heppner fund. Why this was so is a mystery too deep for the MAIL to fathom, unless because the play, "Emeralds" has been given here within the past week. Mr. Keane and his company went through the performance, however, in a manner above criticism. They will present the same play at North Bend this evening.

This is the last performance here by this excellent company until their return from Eureka, whither they go on the Alliance.

GREAT GAME TODAY

When Greek Meets Greek on the Diamond

The game this afternoon between the clerks and bartenders, the proceeds from which will go to the Heppner relief fund, promises to be one of the greatest things that ever happened. Any one who misses seeing it will miss a whole lot of fun.

While the fact that the game is played on a week day may prevent the attendance of some whose business will not permit them to come, yet it removes an objection which keeps others away from Sunday games, and the attendance is expected to be very large.

As for the probable winners, the MAIL will make no prediction. Both teams are gritty and will play ball for all they are worth.

There will be a big street parade at two o'clock, with a band and all the other ceters, including Vince Prat as Side-walk comedian. Don't miss it!

All the business houses are expected to close, so that all can attend the game.

MAN LOST OVERBOARD

FROM STEAMER ALLIANCE

Third Mate Falls into the Breakers while Sounding and is Lost

As foreshadowed in the MAIL, a man was lost overboard from the Alliance when she crossed out over the bar on her last trip to Portland. The particulars are given in the following dispatch from Astoria, in Friday's Oregonian:

"The steam schooner Alliance, which arrived in this afternoon from San Francisco and Coast points, reports the loss of a man overboard during the trip. While crossing out from Coos Bay yesterday, Third Mate Swenson, who was taking soundings on the bar, lost his balance and fell into the breakers. Although the alarm was quickly given and every effort made to save the drowning man, he could not be reached.

Steve Bailey in Alaska

(Alaska Dispatch)

Steve Bailey, the well known hotel and mining man, is the latest heavy operator attracted toward the Kyak oil fields. Some months ago Mr. Bailey acquired several hundred acres of oil land on the Chilkat river. Recently decided to visit the district in person and accordingly left Seattle for the north accompanied by a competent oil driller, whose mission it is to select a place in which to sink a well. On the Excelsior's next voyage he will ship up a large quantity of oil drilling machinery.

Other Kyak operators accompanying Mr. Bailey are J. E. Young and F. W. Knupp. Young goes to direct the developments of the oil properties of E. D. Kilbourne and associates.

Jolly Batchelors Tennis Club

Among the recent noteworthy organizations of Marshfield, is the "Jolly Batchelor Tennis Club," recently organized with a membership of fifteen ladies, composed of Misses Margaret and Evelyn Anderson, Agnes Hutchinson, Grisen, Gene McClure, Elsie Bennett, Mrs. Seabrook, Alice Butler, Beth Criqui, Alice and Grace McCormack, Edna and Stella O'Connell and Genevieve Singstacken.

The racquets have already arrived, coming in on the Alliance this morning, and the grounds, which are to be in the vacant lots east of the M E church, are being rapidly prepared for the court. It is expected that the club will have their opening game about the first of next week. The ladies want every one to know that the club was started and directed entirely by themselves, and in no way connected with the gentleman's club which will be organized in the near future. The MAIL hopes that it will be able to publish more in regard to the club soon.

Notice to Mariners

The following is an extract from the "Notice to Mariners No 25:" On May 1, 1903, the master of the coasting steamer Ruth reports that at 5.15 p. m. his vessel, drawing 13 feet of water, struck a sunken rock which lies southeastward of and near the entrance to Coquille river, on the following bearings: Coquille River lighthouse, N. 71 E. true (N. E. 1/4 E mag.), distant about 1 1/2 miles. Wash rock, S. 51 W. true (S. W. 1/4

Vessels are cautioned that it is dangerous to venture among the numerous out lying rocks and reefs which make out from Coquille point and should pass westward of Coquille buoy when making a passage either northward or southward.

Fisher Company Opens.

The Margarita Fischer company arrived on the Alliance, and opened their engagement here last evening in the comedy of A Country Girl. The attendance was not so large as it would have been but for the fact that the last two weeks has been pretty well filled with theatrical exhibitions, and the benefit engagement the evening before and the ballgame yesterday had given the public an unusual surfeit of amusements.

The audience, however, were well entertained by the comedy, and the Fischer company made new friends. The company has been strengthened since its former visit, when it placed itself in the good graces of the theater-going public here, and is even better than at that time.

Margarita Fischer, the phenomenally talented young actress, the star of the combination, who made herself a favorite on her former visit, is as pretty and perfect in her part as ever, and will undoubtedly repeat her triumph.

The new members of the company gave evidence last evening of their ability to entertain and amuse, and all may rest assured that they will make no mistake by liberally patronizing this excellent company during its engagement here.
