

THE SHORTCOMINGS OF ARBITRATION

By GALUSHA A. GROW, Ex-Speaker of Congress

VOLUNTARY arbitration of disagreements between employer and employee, well enough in itself, ONLY SETTLES THE EXISTING DISPUTE, which may occur again in the same or a different form as often as the old disagreement may have been settled.

There can be no war or even conflict between capital and labor when their real interests are rightly understood and fully appreciated. They are mutually dependent on each other, and NEITHER CAN ACCOMPLISH ANY GREAT RESULTS WITHOUT THE OTHER. Of what use is labor, beyond the supplying of mere physical wants by the cultivation of the soil, without capital to furnish transportation to market for the products of labor, as well as for the development of all industries? And of what use would capital be without labor? In the world's commerce the locomotive is of no use without cars filled with the products of labor, and such cars would be of no use without capital to build the railroad and buy the locomotive.

The grievances of labor in free elective governments like ours are to be removed in the same way as other grievances are removed—BY AN APPEAL TO THE INTELLIGENT JUDGMENT OF PUBLIC OPINION. In free elective governments, with free speech, free press and universal ballot, there can be no excuse for a resort to lawless violence. No matter what the grievance complained of may be, a resort to lawless violence is an attack on the rights of every law abiding citizen and upon organized society itself, and if successful it would be THE FIRST STEP IN THE ROAD THAT LEADS TO ANARCHY and national ruin.

AN ENLIGHTENED PUBLIC OPINION IN A FREE GOVERNMENT WILL IN THE END CORRECT ALL REAL GRIEVANCES IF PEACEABLE MEANS ONLY ARE EMPLOYED.

WHY THE NEGRO LIKES THE CITY

By BOOKER T. WASHINGTON

THERE are several influences that are constantly exerting themselves against the negro growing up on the soil at present. One of these is THE LACK OF PUBLIC SCHOOL FACILITIES. In the cities the negro parent finds a comfortable schoolhouse and a school in session eight or nine months.

Another thing which sends a larger number of negroes to the cities than many realize is the surety of getting police protection when one is charged with a crime.

FOR EVERY LYNCHING OR ATTEMPT AT LYNCHING IN THE COUNTRY A SCORE OF NEGROES LEAVE FOR THE CITY.

The Doctor's Part In Race Suicide

By Dr. ROLAND C. CURTIN of Philadelphia

HAVE never heard any one who has given explanations of the question of "race suicide" speak of the PART THE DOCTOR TAKES IN THIS GREAT TRAGEDY.

By high fees he may increase the family expenses to such an extent as to plunge the young husband into debt. Where formerly in maternity cases the usual charges were from \$10 to \$25, they have advanced to as high as \$250.

In the matter of nursing practice has changed. Formerly but little nursing was needed. Now it is necessary to have a trained nurse for weeks.

THE LARGEST NUMBER OF CHILDREN COMES FROM THE UNASSIMILATED FOREIGN POPULATION. Therefore it occurs to me that in thirty years the balance of political power will be in the hands of these children and not in those of the "strain" that has brought our country to its present position among nations.

Among the causes of the diminished birth rate not generally mentioned are the changes in the method of living. The apartment house, which is growing in favor, is a bad school for good wives and mothers, especially those that are young. CHILDREN ARE NOT WANTED in such quarters. The servant girl question often drives families to these houses. The population in the apartment houses, as a rule, turns a cold shoulder upon the woman who is a fond mother or commiserates her for her enslaved position.

ANOTHER CAUSE IS THE PURSUIT OF MANLY CALLINGS BY WOMEN. First, it makes them feel independent of marriage, and, second, they take the work from the man, so that THE MEN CANNOT AFFORD TO MARRY.

Another cause is the nervous trades, which bring on exhaustion and unfit women for maternity and housekeeping. CLERKS, STENOGRAPHERS AND SHOP AND FACTORY GIRLS ARE TO BE INCLUDED IN THIS CATEGORY.

Man Faith in the Bicycle.
Colonel Albert A. Pope, head of the new company that has succeeded the bicycle trust, believes the wheel can be restored to popular favor by liberal ad-

vertising. Colonel Pope is a firm believer in the virtues of printers' ink as a medium for reaching the public and hopes by its means to make the wheel what it has been in the past.

New Bishop of Buffalo.

Right Rev. Charles H. Colton, who has just been named bishop of the Ro-

man Catholic diocese of Buffalo, was for many years pastor of St. Stephen's church, New York.

Iowa's Popular Governor.

Governor Albert B. Cummins, exponent of the "Iowa idea" of tariff reform, is probably the most popular man in Iowa.

Manchuria.

Manchuria rivals Oregon in fertility, timber and climate and has abundance of gold, silver, iron and coal.

How a City Got Its Name.

Bon-Oxus, a city on the Ganges, is said to have been so named because a gigantic serpent 200 cubits long and having a double head was killed at the present site of the town about the year 861 A. D.

Churchyard Watchers.

In two of the corners of the churchyard of Warlington church, Hants, England, stand small, forbidding looking structures belonging to the truly Gothic period of the immediate past. They were erected as watchhouses for the prevention of body snatching.

Quick Music.

In Chopin's "Etude in E Minor" it is necessary to read 3,950 signs in two minutes and a half, which is equivalent to about twenty-six notes a second.
