Rusty Mike's Diary, July 29, 1905—Some advertising like the dorky's bray can be heard a long ways, but this does not argue that it is good advertising.

The summer broke her rudder on the home trip yesterday afternoon by contact with a snag, and will be disabled until repaired, the launch Garland taking her place.

Parties coming from Myrtle Point yesterday report that work is in progress on the rebuilding of the bridge across the north fork of the Coquille at that place.

Captain "Jimmy" Burns is giving his team of ball tossers hard practice. Their practice at batting last week showed up in their game Sunday with North Bend.

J. H. Milner, Chas. and Frank Cavanaugh have returned from a 15 day hunting trip to Golden Falls and vicinity. Five deer and several blisters on J. H.'s feet is the total of the game.

A gentleman who come in over the Drain route yesterday says that the force of railroad surveyors who are working in from Drain are setting grade stakes and making a business-like job of it.

Puts an End to it All

A grievous ailment comes as a result of unbearable pain from over taxed organs, Dizziness, Backache, Liver complaint and Constipation. But thanks to Dr. King's New Life Pills they put an end to it all. They are gentle but thorough. Try them only 25c. Guaranteed by Red Cross Drug Store.

There is a persistent rumor along the Coos Bay Wagon road that a seabee is on foot to again change the Roseburg-Marshfield mail route to the Middle Fork road. The people of the Bay better watch this matter pretty closely.

Real Estate Deals

The following real estate deals are reported by I. S. Kaufman & Co., the real estate agents: The fine home of Mr. P. L. Phelan to Father Donnelly; The Johnson ranch on Ross and Isthmus sloughs to a Mr. Thomsen from Spokane Wash.; the Thomson property on tenth street to Mr. Johnson; and five lots in Block 40, Railroad addition, to Rose M. Phelan.

Board of Road Commissioners

F. F. Norton, who was recently appointed by the county court as one of the three county road commissioners, under the new law, went to Coquille City, Tuesday. There he met S. B. Cathcart and Cash Hermann, of Myrtle Point, the other two commissioners and organized the board. Part of the board is the location of the county roads. The Ben Figg road was to have been relocated Tuesday, but the matter was postponed until Aug. 17th.

Summer Notes

Farmers in this vicinity have about finished haying, and have saved their crop in better order than might have been expected, considering the weather.

The schooner, Esther Buhme, of Eureka, which has been loading lumber at the depot will be ready for sea Saturday. The lumber goes to San Francisco.

Miss Nellie Tower entertained a few of her friends last evening in honor of her birthday. After a most delightful evening spent the guests departed wishing Miss Nellie many happy returns of the day.

Suicide Prevented

The startling announcement that a preventative of suicide had been discovered will interest many. A run down system, or dependency invariably precede suicide and something has been found that will prevent that condition which makes suicide likely. At the first thought of self destruction take Electric Bitters. It being a great tonic and nerve will strengthen the nerves and build up the system. It's also a great Stomach, Liver and Kidney regulator. Only 50c. Satisfaction guaranteed by John Preuss druggist.

Returned From Alaska

The Homer has returned from the Alaskan Islands, where she had been employed to take supplies for the construction of a lighthouse. She has been chartered by the government to take up another load.

NORTH BEND MARRIED MEN

Demonstrate Their Superiority as Baseball Players.

The married men's baseball game which was played at North Bend yesterday was another victory for North Bend over Marshfield, by a score 20 to 10.

Most of this surprising number of runs was made in the last two innings. At the end of the 7th inning the score stood 8 to 8.

Seven innings was to constitute the game but the tie score caused it to be prolonged. In the eighth North Bend substituted Brummell for Flanagan, as pitcher, but Marshfield's attempt to put Boynton in the box, hitherto occupied by Short was resisted, so, Flanagan pitched the ninth for the Bend.

The distinctive feature of the game was the work which devolved on the fielders, from the fact that both pitchers were batted to an unusual extent. Hillis Short, in the box, got a sweat on the upper lip from a batted ball that causes quite a distortion to his usually clean-cut profile.

The attendance at the game was about 150, and the game was enjoyed by the spectators, who all stayed until the last run was made.

About \$75 was realized for the new Presbyterian church at North Bend.

Counting their Chickens

For an aggravated case of counting your chickens before they are hatched we will back the following extracts from a letter received by Chas. Snedden from an old friend in Glasgow, Scotland: "I expect the next time I am writing

you, I will be able to give you a description of the fine cup that Sir Thomas Lipton is away to bring home, for he has promised to exhibit it for some time on his return and then we will perhaps have the contest on the Clyde, next year when our American cousins will be over here in Legions in an attempt to wrest that cup again from the Queen of the Seas. If you can take it I will not grudge you all honor for your determination and pluck for you will surely have to work to get it across the water again you may depend. Three cheers for Shamrock III."

NOT ENOUGH FREIGHT NOW

Coos Bay Steamer May Not be Had for Months

(Portland Telegram)

While little has been said of late with reference to the prospects of another steamer line between this city and Coos Bay, the idea has not met its demise. On the contrary, there is every reason to believe either an opposition boat will be put on or the company operating there now, the C. & O. C., will add to its passenger fleet by placing one of its small steamers upon the route.

There is a new woolen mill now in course of construction at North Bend, and the Simpson Lumber Company is in the midst of labor attendant upon the erection of a building and installation of a sash and door factory therein, while other enterprises said to be but a short time off will add to the shipping from that point. At the present time there is not an amount of northbound freight from Coos Bay sufficient to warrant the inauguration of this special service. Portland does supply many tons of merchandise and machinery monthly for the points to be touched by the steamer, and no doubt could furnish enough business from this end of the line to pay expenses, but the total trade this way other than that already cared for, is not of such magnitude that it would prove a "get-rich-quick" venture.

By Fall it is thought two mills will be running, and their trade will be large with Portland, and the line will prove a more lucrative proposition.

[The fact that there is not more northbound freight is not the fault of Coos Bay. The products are here for Portland to buy but she apparently has no use for them. They must find a market in San Francisco, and as long as this condition exists, Portland can not expect Coos Bay merchants to fall over themselves to buy goods of her. If Portland wants Coos Bay trade, let her exhibit some inclination to buy Coos Bay products. Ed, MAIL.]

About three o'clock p. m. Saturday Drs. Horver and Hosok with Dr. F. W. Haynes to handle the anesthetic, began the work of amputating the leg of Henry Martindale of Camas Valley, which was seriously injured by the accidental discharge of a revolver a week ago. The injury interfered with the proper circulation of the blood, rendering amputation necessary just above the knee joint, as gangrene had appeared in the foot and lower part of the limb. The operation was successfully completed and the patient revived in good condition.—Roseburg Review.

End of Bitter Fight

"Two physicians had a long and bitter fight with an abscess on my right lung" writes J. F. Hughes, of Dalget, Ga. "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." It conquers all Coughs, Colds and Throat and Lung troubles. Guaranteed by Red Cross Drug Store. Price 50c, and \$1.00. Trial bottles free.

True Account of the Langlois Killing
(Bandon Recorder)

On Saturday of last week, news reached here of a frightful tragedy enacted on Elk River, Curry county, in which Henry Keller shot and killed his wife and then ended his own existence.

Keller and his wife, so it appears, had trouble over the attention a young man named Adolphsen had been paying to Mrs. Keller and a separation had taken place. Then on Friday Keller had gone to his wife and the two had come to an agreement and started for home, and on passing the mill on Elk River, Mrs. Keller stopped on some errand while her husband was to wait for her some distance ahead. Keller waited but his wife did not come. He finally went to a neighbor's house and stayed all night. The next morning his wife came along riding on Adolphsen's horse. Keller chid her for not coming as she had agreed to do, she giving as the reason that there was a dance at the mill and the folks there would not let her come. It seems that they started on and what followed was gleaned from a couple of men ahead of them, who were driving teams, Ace Carey being the foremost of the two.

The man immediately in front, whose name we could not get, heard the couple quarrelling, then it seems Keller pulled his wife off the horse and the men heard a noise behind them, and on looking back saw the woman running from Keller, who shot her in the back. Carey grabbed a rock and ran back, but Keller raised his revolver and stopped him, but a moment or two later raised the gun to his own head and fired and fell dead. Mrs. Keller died almost immediately after being shot. One of her hands was powder burned and it is supposed that she knocked or pushed the gun aside at the first attempt.

The funeral took place at Port Orford, on Sunday, and was very largely attended. Those having it in charge desired to bury both in one grave, but Mrs. Keller's mother would not agree to it and they were put in separate graves, the body of Mrs. Keller being borne to the cemetery at the head of the procession, and the remains of Mr. Keller at the rear end.

The two children are left as a result of this unhappy union.

Lucky Author

Stewart Edward White has been traveling on the Pacific Coast with President Roosevelt in the President's private car. White was annexed to the

presidential party at Santa Barbara in a rather informal manner. When the party reached there one of the men remarked that he had a friend in town, Stewart White, and that he was going to take an hour off and run up and see him.

"Is that the fellow who wrote 'The Bland Trail'?" asked the President.

"That's the man," said White's friend "Do you know him?"

"No but I want to," replied President Roosevelt. "I know his work well. See if you can bring him back with you. Tell him to pack a grip and come along."

Thus it happened that the young author, on very brief notice, found himself a member of the Presidential party. He spent several days with the President, and when he finally left, Mr. Roosevelt remarked to the man who had introduced White:

"That's the kind of young American who is making our new literature."
