

PERSONAL AND LOCAL

From Sunday's Daily.

Major L. D. Kinney was up from Bangor yesterday.

Mrs. W. D. L. F. Smith and Mrs. W. H. Sammons went up Coos river yesterday.

Capt. Harris took up a load of hay yesterday for the stage station at Sumner.

R. E. Shine and Major Tower of Empire City, were visiting Marshfield yesterday.

Scarlet fever is reported in the families of J. W. Cateing and Jas. Stock at Sumner.

The L. Roccoe, the new Sinslaw tug recently built in Portland, arrived last evening.

E. A. Elworth is at work again, his sprained ankle not giving the trouble anticipated.

"Funny business" is always out of place in an advertisement unless there is a place for it.

R. Walter, Mr. and Mrs. Dr. Walter and Emma Bear went up Coos river on the Alert yesterday to try the fishing.

The schooner Alpha, which has taken part of her load of lumber at the rail road wharf, was towed to North Bend yesterday, to finish.

Mrs. A. D. Boone, of Sumner, came down yesterday, accompanied by her daughter, Miss Myrtle, who will attend the Marshfield high school this winter.

It has been decided by the members of the Epworth League not to hold a meeting until the beginning of the coming conference year. The announcement made in yesterday's paper for a league meeting Sunday evening is hereby recalled.

After a newspaper man has hollered himself hoarse persuading the people to patronize home industry and accidentally runs into the fact that some of the fellows whose interests he has been boosting are sending away for their printing and stationery, rather shakes his faith in mankind and makes reciprocity look like a penny with a hole in it.

Card of Thanks

I desire to thank the citizens of Marshfield and particularly the Marshfield Fire Department for their timely aid and assistance at the fire Sunday night, September 6th, at Porter.

The assistance of the Fire Department, in a great measure, rendered it possible for us to obtain control of the fire before any great damage was done, and the will with which both the Fire Department and the Marshfield people entered into the work by fighting the fire will always be remembered and appreciated by both the Simpson Lumber Company and myself.

Yours very truly,
L. J. SIMPSON.

Bandon Oil Well

(Recorder)

Having occasion to be in the vicinity of the oil well the other day, we hunted up Mr. Button, who showed us over the plant. We were much pleased to find the work going along with every prospect of success. They have a first class plant, the best that money could procure, and under Mr. Button's supervision, the "bits" are not allowed to remain idle very long at one time. This work should receive the support and encouragement

of every person in the district. Should it prove a success, and everything points that way at present, it would prove the biggest thing that has ever been taken hold of in this section.

The Proper Treatment for a Sprained Ankle

As a rule a man will feel well satisfied if he can hobble around on crutches two or three weeks after spraining his ankle, and it is usually two or three months before he has fully recovered. This is an unnecessary loss of time, for in many cases in which Chamberlain's Pain Balm has been promptly and freely applied, a complete cure has been effected in less than one week's time, and in some cases within three days. Farewell Party

Miss Evelyn Tyrrel gave a very delightful informal reception Thursday evening at Southern Oregon Hall, Empire, for Mrs. E. L. Robinson and mother, the occasion being a farewell.

The hall was beautifully decked with flowers, tree-fern, huckleberry vines and cedar of Lebanon.

The stage was a bower of flowers, ferns and bluish huckleberry vines, with a cozy corner laid under a miniature forest of cedars by which stood a table loaded down with delicious refreshments which were served throughout the evening reminding the youth of Empire there, of the good old Summer time.

A delightful musical program, including the brightest music and selections was rendered and received with much enthusiasm.

The gowns worn were exceedingly handsome giving a winsome appearance to a sort of a dreamy-land scene.

Dancing continued until early morning, when the merry makers departed while the stars were yet twinkling, all feeling that they had had an evening of rare enjoyment long to be remembered.

Those present were: Messrs and Mesdames Geo Bolster, Lee Cook, Dr. Cook, Morton, Chas Getty, Capt. Rooke, Mesdames Major Tower, Morton Tower, D. Morse, Lennon, Tom Lawhorn, Capt. Magee, Weekman, Weekland, J. Falkner, E. L. Robinson; Misses Mae Magee, Rose Marshall, Susie Marshall, Ida Weekman, Annie Weekman, Nettie Morse, Augusta Berry, Annie Berry, Alla Weekland, Stella Weekland, Flossie Erickson, Evelyn Tyrrel; Messrs Charlie Magee, Willie Magee, Dick Marshall, Arthur Getty, Mark Getty, Edmund Keane, Alton Sengstacken, Andrew Weekman, Henry Weekman, Michael J. Flood, John Morgan, Dell Lennon, Henry Diers.

ENGINEERS EXAMINE

YAQUINA BAY AGAIN (Oregonian)

Major Langitt returned yesterday morning from Yaquina Bay. A special board of Government engineers, of which he was a member, has inspected the harbor there with a view toward increasing the depth of water on the bar. The other members of the board were Lieutenant-Colonel Heuer, of San Francisco, and Major Mills, of Seattle. Major Langitt said yesterday that the board had not yet submitted its report to the Secretary of War.

Although Major Langitt will not discuss for publication the recommendations of the board, it is taken for granted in knowing circles that the board will advise the extension of the two jetties which now constrict the entrance to the bay. This was the recommendation of a similar board in 1895 and the conditions are practically the same now as they were then. That board was composed of Lieutenant-Colonel Amos Stickney, Major James C. Post and Major Clinton B. Sears.

From Tuesday's Daily.

Wm. Norton of Catching slough, was in town yesterday after medicine for two of his children who are sick.

The Arcata calls from San Francisco at 10 a. m. today.

Judge D. L. Watson was down from his Coos City farm yesterday.

D. W. Small was moving some of his outfit from his grading camp yesterday.

Mr. and Mrs. Wm. Croy of Coquille, are visiting at the home of Alva Westgate.

Continuous advertising carries with it the idea of reliability, since no dishonest advertiser can successfully continue in business.

The funeral of the late Fred Hagelstien will take place this afternoon under the auspices of the I. O. O. F. and A. O. U. W.

E. M. Smith, while hauling logs at Alvin Summerlin's place near Lee last week, had the misfortune to lose a yoke of cattle by a log running over them.

Miss Flossie Erickson of San Francisco is visiting with Dr. and Mrs. Murphy and family. She will remain one week and return to San Francisco on the Arcata.

The citizens of South Marshfield did some volunteer work Sunday, and raised the poles necessary for the installation of the new electric light on the corner of I and 11th sts.

Young Theodore Dow, of South Marshfield ran a splinter under his toenail yesterday with such vigor that it was necessary to bring him down to a surgeon to have it extracted.

The Marshfield School opened Monday. All the new teachers being present, one arriving on the stage shortly before school opened. The attendance was good for the first day, 314 being enrolled.

Chas. George and Robt Marsden took a brief but pleasant outing at Flagstaff Sunday, going up on a launch and walking back in the evening, after a short visit at the home of E. M. Smith, Mr. Marsden's son-in-law.

Stomach Trouble

"I have been troubled with my stomach for the past four years," says D. L. Besch, of Clover Hook Farm, Greenfield, Mass. "A few days ago I was induced to buy a box of Chamberlain's Stomach and Liver Tablets. I have taken part of them and feel a great deal better." If you have any trouble with your stomach try a box of these Tablets. You are certain to be pleased with the result. Price 25 cents. For sale by Jno. Preuss.

A Goodly Check.

W. P. Murphy, chief of the Marshfield Fire Department, received Saturday from L. J. Simpson a check for \$500, accompanied by a letter printed elsewhere. This came as a graceful and generous recognition by Mr. Simpson of the services of the fire department in saving the Porter mill a couple of weeks ago. While the Marshfield people who worked to save the big mill from destruction did so freely without expectation of a reward, Mr. Simpson's act will be highly appreciated.

Road to Loon Lake

Henry Laird arrived yesterday from Eugene to stay a short time on the Bay. He has been spending most of his time for the past two years at Eugene, where he owns a farm which he has now rented out. He came in by way of Loon Lake, visiting his property there. He reports that there is a prospect that the Loon lake country will yet be tapped by a wagon road from Allegany, though the proposed road through to Elkton, on this end of which the county has spent considerable money, has been knocked out by the refusal of the Douglas county court to do any thing on their

end. This county is willing to build the road to the county line if the settlers who live beyond will build one to connect with it there. Mr. Laird realizes that the Loon lake people can find a much better market by coming this way, than by going to Scottsburg and the others are beginning to see it.

For a bilious attack take Chamberlain's Stomach and Liver Tablets and a quick cure is certain. For sale by Jno. Preuss.

Work on Coos Bay Wagon Road.

The portable saw mill which is to saw out lumber to plank portions of the Coos Bay wagon road has been taken from Myrtle Point to the Steino place, near Fairview, where the first work will be done.

D. McIntosh, county commissioner, informs the MAIL that the intention is to work on the eastern slopes of the hills first, as the heavy mail is westward bound, and the stages go back light, so that the improvement is most needed where the loaded stages have to be hauled up.

The county commissioners, on their recent trip over the road, had ocular demonstration of the good results of cutting the timber back from the road to let in the wind and sunshine, but it seems that this year's appropriation will be expended mostly in planking the road where relief for the coming winter is most urgently demanded.

Attention, Firemen

North Box, Sept. 12, 1933.

Mr. W. P. Murphy, Chief Marshfield Fire Dept., Marshfield, Oregon.—Dear Sir:—Herewith I enclose check for \$500, which I wish to present to the Marshfield Fire Department as an expression of my appreciation of their gallant services at the fire at Porter last Sunday evening. This small token is yours to do with as you wish. I would ask you to express to each individual member of the Fire Department, who helped to fight the fire my gratitude to them for their timely assistance.

Yours very truly,
L. J. SIMPSON.

All members of the Marshfield Fire Department, who worked under me at the Porter fire, are requested to meet at the hall on Wednesday evening at 8:30.

W. P. MURPHY, Chief.

From Saturday's Daily.

Watt Short will go to Myrtle Point today for a short visit.

E. R. Hodson, of Coos river, was doing business in town yesterday.

Matt Matson was in town yesterday marketing some of the products of his Catching slough farm.

W. T. Merchant and Jack McDonald went to South slough yesterday to look at some timber.

C. Matheson, the painter, of Coquille, accompanied by his wife, are staying at the Jensen boarding house.

Wm. Eickworth has built a coal bunker at the Flanagan coal mine and is now building another at the pumping station with a capacity of 125 tons and will have it completed by the end of this week.

Contractor Clausen has the framework for the first story of the new Masonic Temple nearly all up. From the number of good large posts in the auditorium of the new theatre it is evident that there will be no danger of the upper floor falling on an audience.

Rev. F. G. Strange has handed in his resignation as pastor of the Presbyterian Church here and it was accepted at a business meeting. It will take effect after the first Sunday in October.

New Schoolma'ams

Following are the teachers employed in the Marshfield public school, which opened Monday: F. A. Golden, principal; Miss Beamis, 7th and 8th grades; Miss Howard, late of Des Moines, 6th grade; Miss Mann, of Hillsboro, 5th grade; Miss Homes, of Astoria, 4th grade; Miss Vaughan, of Portland, 3rd grade; Miss Anderson, 2nd grade; Mrs. Wilbur, 1st grade.

An Unknown Suicide

The stage arriving at Myrtle Point Monday morning reported the finding of the body of a man hanging to a tree on Camas mountain. The name of the man was not learned but his description tallied with that of a man who had stayed in Camas valley the night before, being bound toward Roseburg, walking and carrying a roll of blankets. He had taken the rope off his blankets with which to hang himself to a tree.

HIS LIFE SAVED BY Chamberlain's Colic, Cholera and Diarrhoea Remedy

"B. L. Byer, a well known cooper of this town, says he believes Chamberlain's Colic, Cholera and Diarrhoea Remedy saved his life last summer. He had been sick for a month with what the doctors called bilious dysentery, and could get nothing to do him any good until he tried this remedy. It gave him immediate relief," says B. T. Little, merchant, Hancock, Md. For sale by Jno. Preuss.

Funeral of F. Hagelstien

The funeral of the late Fred Hagelstien took place yesterday afternoon from the family residence, and was largely attended, especially by the old residents, evincing the esteem in which the deceased was held. Rev. F. G. Strange conducted the religious services and the burial was under the auspices of the Odd Fellows and United Workmen, in which the deceased held membership. The pallbearers were Geo. Stauff, Robt. Kruger, H. Sengstacken, F. Timmermann, Wm. Burnett, and A. Hagemeister.

Surprise Party

A very pleasant surprise party was given at the home of Mr. and Mrs. J. L. White Tuesday evening, in honor of the tenth birthday of their son Fay. A large number of his young friends were present and had a jolly time playing games, etc., and the little folks were also treated to a feast of good things to eat. Those present were: Misses Eliza Longstaff Ayre, Bessie Ayre, Lizale Cox, Myrtle Cox, Alice Curtis, Regina Matson, Hannah Sandquist, Alice Cox, Carrie Johnson, Ruby Campbell, Mary Lorina Woodward; Mr. C. A. Woodward, A. Johnson, H. Johnson, C. R. Woodward; Masters Fay White, Ray Campbell, Arthur Woodward, Elton Matlin, Ralph Coko, James Johnson, Schley Prentis, Gus Prentis, Amil Matson, Frank Curtis, Georgie Woodward.

And they remembered the printer.

Spilled Out.

R. E. Shine and J. B. Gilbert of Empire while on their way home from Marshfield yesterday met with a mishap which fortunately did not result as seriously as it might have.

It seems one of the thills brok while they were driving home from Marshfield to Empire and when near Ferndale the horse became unmanageable and began to kick and finally turned the buggy over, throwing the occupants out. Mr. Shine was none the worse, aside from a shaking up but Mr. Gilbert had one of his arms severely wrenched and otherwise shaken up. The horse disengaged itself from the buggy and ran into the Ferndale brewery, going right inside where some men were at work, where he knocked things endways and began to paint things horsefashion. The fractious animal was finally subdued without much damage to the building. Mr. Shine came back to town and procured another rig, returning to Empire all O. K.
