Courage is a Matter of the Blood.

Without good red blood a man has a weak heart and poor nerves. Anemia means thinness of blood. It is common in men and young women and all those who work indoors, who do not get enough outdoor air and good oxygen in their lungs. There are too many white blood corpuscles in such cases, and there is often a peculiar sound in the heart, called a murmur, in cases of anemia. This heart murmur is caused by thinness of the blood passing through the heart. The murmur of anemia disappears when the blood regains its natural consistency and richness. It is not heart disease. Sometimes people suffer intense pain over the heart, which is not heart disease, but caused by the stomach. It is the occasion of much anxiety, alarm and suffering, for which its victim is dependent upon reflex disturbances from the stomach caused by indigestion. In the same way many bad coughs are dependent upon these reflex disturbances of what is called the pneumo-gastric nerve. To enrich the blood and increase the red blood corpuscles thereby feeding the nerves on reflex action, take Dr. Pierce's Golden Medical Discovery, which promotes digestion and assimilation of food so that the blood gets its proper supply of nourishment from the stomach. Get as near to nature's way as you can. A medicine made entirely of botanical extracts and which does not contain alcohol is the safest. Dr. Pierce's Golden Medical Discovery contains no alcohol or narcotics. Dr. Pierce's Pleasant Pellets are the best liver pills.

Unjonists who own property and are willing to become surety are quietly informed that to go on Mercers bond would make them persona non grata. The Federation will probably arrange for a cash bond this afternoon. Secretary Forbes of the Telluride union and one of the deported men were arrested last night. Three other exiles returned who have been able to elude the military.

INTEREST IN BOTKIN TRIAL

Increases as Case Progresses

Police Captain Tells of Search

San Francisco, Cal., Mar. 28—Interest in the Botkin case is increasing as the trial is progressing. As early as six o'clock this morning great crowds of men and women filled the corridor leading to the court room and stood there over four hours before the doors opened. Mrs. Botkin is in constant receipt of letters from magicians and clairvoyants predicting the result of the trial. She pays no attention to them.

The most important witness this morning was ex-Captain of police, John Seymour, who testified that he searched the rooms vacated by the prisoner, soon after suspicion attached to her, in an effort to find arsenic or other incriminating evidence, but failed.

When it was pointed out to him that after his search the seal belonging to the candy box sent to Dover had been found under the lounge, he admitted that he did not look under the lounge. Wm. Raynaud, cashier in the dry-goods store where Mrs. Botkin purchased the handkerchief which she was accused of having sent in the box containing candy, identified the handwriting on a number of money orders as that of the prisoner.

John Danning was placed on the stand this afternoon. He admitted that during January and March 1898 when not at work he spent most of the time with Mrs. Botkin. He said he told Mrs. Botkin his wife liked candy.

Identified a number of anonymous letters received by his wife in Dover as having in his opinion been written by Mrs. Botkin.

SENATOR BURTON CONVICTED

Makes Vacant His Seat in the Senate

St Louis, March 28 The Burton jury at 12:30 returned a verdict of guilty. The Maximum penalty is a fine of ten thousand dollars and two years imprisonment with perpetual disqualification from holding public offices. The sentence will be fixed by Judge Adams.

Burton Senator was found guilty on six counts, and several were dismissed during the trial. A motion for a new trial was immediately filed. The Senator spent a sleepless night at his hotel. He was nervously twirling his mustache when he appeared in court, when he was notified of the agreement of the jury. Upon announcement of the verdict he trembled slightly and spoke to his attorney in whisper, then sank back in his chair, burying his face in his hands.

Topeka, Kan., Mar. 28—Pending action on the Burton conviction, it is not probable that Gov. Bailey will take any action either in appointment a successor or convening the legislature in special session to fill vacancy.

The conviction makes it impossible for Burton to succeed himself, hence there are now talked of to take his seat in the Senate Congressman Bowersock, Curtis Calderhead, Ex-Govr. Stanley and Fourth Assistant Postmaster General Bristol.

There is much excitement throughout the state.
