W O W Entertainment

The W. O. W. entertainment given Saturday evening was a success in every way. The boys looked fine in their new uniforms and were complemented very much on their first appearance in public. Going to the Dogs

The picnic grounds on the hill above town are being slowly desecrated and step by step the landmarks are disappearing. This property belongs to the Southern Oregon Company and something should be done to stop the ruthless hand of the thoughtless despoiler of this beautiful spot. Some day it will be considered as our natural park and no doubt the Southern Oregon Co. do not sanction the work of the thoughtless boys who are cutting down the young shade trees and building cabins and making bon fires of the trees just for the fun of it. Marshfield's only hope for a beautiful park lies in some such property as this and the S. O. Co. would do well to stop the spoliation of this beautiful hill top which is one of the most exquisite sites for a park in Oregon.
