Push It Along

At a mass meeting of the citizens held here last month for the purpose of arranging for a Fourth of July , celebration in Marshfield a committee was appointed to canvas the town and rame the necessary funds for expenses. This committee, which consisted of three of our leading buriness men, has since that time passed with a gentle gliding motion up the flume. One of its members has suffered another attack of that tired feeling, another has entered politics and gone beyond recall, while the third has purchased a span of oxen and must needs go and claim them. It therefor behooves the chair of the committee on general arrangements to lick its calf over at once if Marshfield is to have any kind of a celebration at all on yesterday. the coming 4th. If we dont take some steps in this matter pretty soon we will be called upon to step out of the way 4th of July. and make room for North Bend. The patriotic citizens of the bay are determined to have a rousing celebration this year. Let us get together and push the good work slong while all the towns of the bay are willing to unite with us in the grand celebration.

One of thr greatest blessings a modest man can wish for is a good reliable act of howels. If you are not the happy possessor of such an outfit you can greatly improve the efficiency of those you have by the judicious use of Chamberlain's Stomach and Liver Tablets. They are pleasant to take and agreeable in effect. For sale by John Preuss.
