

Late General News

Berlin, June 4—At Riga, in the Russian province of Livonia, workmen and students organized a revolutionary movement and made demonstrations. Cossacks were summoned and riots ensued in which five Cossacks and twenty-three rioters were killed. One hundred and twenty-seven arrests were made.

Simla, June 4—Following the contemptuous rejection of the ultimatum sent by Col. Younghusband to the Grand Lama of Tibet, it is reported an engagement occurred between the British and Thibetan forces in which the British captured two of the Thibetans' four pounders and killed a Thibetan general.

San Francisco, June 4—In the presence of his young bride, Peter Hanson, of Petaluma, Cal., shot and killed himself in a room of the Grand hotel, at 4 o'clock this morning. He left a note saying that God called him.

Fairmont, W. Va. June 4—Natural gas leaking from a rubber tube in rooms occupied E. M. Whraffy in a tenement house came in contact with a night kerosene lamp and the explosion following blew out all four walls of the house, allowing the roof to settle upon the thirteen occupants. Mrs. Whraffy, Wm. Dent and Lillie Dent were injured fatally and the others seriously.

San Francisco, June 4—The Gelatine plant of the California Powder works at Hercules blew up this morning, resulting in the death of Alexander McCollough, a machinist, John Smith, foreman of the Gelatine plant and a Chinese laborer. The debris took fire and the gelatine and ice plants were destroyed. Loss, twenty thousand dollars.

New York, June 4—A strike of all the members of the Atlantic Coast Marine Firemen's Union has been ordered for Tuesday unless the company agree to come to terms. Eighteen thousand men will be affected. The men demand the abolition of the "Crimps", and wage increases.

MILLIONS FOR A NEW STOMACH

One of the greatest American millionaires once said to his physician, "A million dollars, Doctor, for a new stomach," and then the sick man groaned and turned away. One of a man's greatest pleasures is that born of a keen appetite, vigorous digestion and a good dinner, and this belongs to many a good fellow who is living on small wages, but the rich man without a stomach has to forego the good things of the table because his stomach rebels. Without a healthy stomach and a good digestion, our blood is thin, watery and poor, our heart action is weak, our liver does not do its duty, and man is miserable and unhappy. In this condition man is prey to the germs of influenza, consumption, malaria and all the ills that he is heir to. Consumption can be treated by natural methods which are as close to nature as possible.

Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., years ago understood this disease, and after a long period of experiment discovered certain roots and herbs which were nature's remedies, and succeeded in putting them up in a form that would be easily procured and ready to use. This he called Dr. Pierce's Golden Medical Discovery. It gives no false stimulation because it contains no alcohol and no narcotic. It helps digestion and the assimilation of such elements in the food as are required for the blood, instead of a cod liver oil, against which the already sensitive stomach will declare open rebellion, this tonic has a pacifying action upon the sensitive stomach and gives to the blood the food elements the tissues require. It maintains the patient's nutrition by enabling him to eat, retain, digest and assimilate nutritious food. It overcomes gastric irritability and symptoms of indigestion, and in this way fever, night-sweats, headaches, etc., are done away with. It fortifies the body against the germs of consumption, grip and malaria, and it builds up the tissues and puts on healthy flesh.

When the druggist says he has something that is "just as good" as Dr. Pierce's Golden Medical Discovery, he says so because he hopes to make a better profit, but his own mixtures have not stood the test of long experience nor had the success that Dr. Pierce's medicines have had.

Kansas City, June 4—Southern Kansas floods are subsiding today leaving the farmers in a ruined condition. The unanimous opinion is that wheat and corn crops in the richest farm districts are totally ruined. Chanute and the oil districts are under ten to twenty feet of water.

Sultan's reply demands release Perdicaris expected Monday.

North Texas damaged severely by cyclone, George Davis and two children fatally injured. Several miles Southern Pacific track washed out.

Miss Nellie Cram, of San Francisco, and Lieut. Ralph Pope, United States battleship, Wisconsin, married today at Rome.

720 persons took advantage now ten dollar steerage rates by American line today and sailed for New York on the Philadelphia. Six hundred were Jews from Manchester and London.

Princess Mary Ernestine, of Hanover, second sister ruling Duke of Cumberland died today.

Cesar Young, the best known horseman and bookmaker who ever operated in California, and who for the last few summers had control of betting at race meetings in Oregon and Washington, commits suicide at New York.

Kansas, Mo. June 4—August Blooma, of Clear Lake, S. D., was killed and nineteen people injured in a head-on collision of two Missouri Pacific passenger trains near Mastin, Kansas, last night. The colliding trains were the west bound Colorado Flyer, and an east bound accommodation. Both were behind time and running fast. The engines and three cars were demolished and both trains derailed. The passengers were hurled about by the impact but strangely enough none were fatally hurt. Blooma was riding the blind baggage and was fatally injured, being brought here this morning. The Flyer was to meet the accommodation at Mastin, but apparently overlooked the orders.

Among the injured are Irene and Louis Palmer, of Los Angeles, heads bruised; Mrs. Mary Burnside, Portland, Or. knee bruised; Wm. Nichols, Fort Douglas, Utah, slightly.

Buchanan, W. Va. June 4—Baltimore and Ohio passenger No. 18 plunged over a trestle at Newton thirteen miles east this morning. The structure gave way. Engineer Randall and Baggage-master Jeffries were fatally injured. Nearly a score of passengers were hurt in a minor degree. The train is a total wreck.

Victor, Colo. June 6—Three hundred pounds of dynamite placed in a mine by unknown assassins under the depot at Florence and Cripple Creek stations, was exploded at 2 o'clock this morning, while twenty-five non union miners employed at Findley mine, located on Bull Hill, were standing upon the platform, instantly killing fifteen and fatally injuring eight; two others were slightly injured.

The list of the dead is: Gus Augustine, 33, of Victor, Arthur Muhlesien, 35, of Victoria, Henry J. Haeg, Fleck McLean, Shift Boss Charles E. Barbor, Herber Mc Coy J. P. Hatstock, 55, Fred Buckley, and Wm. Shankland.

The mine was discharged by electricity, by a man concealed in the shaft house of the Delmonico mine. The deadly wire has been traced to that building. The fiend used a chair leg with which to pull the wire.

As soon as the news was received here a company of the national guard

was ordered out and a police train was sent from Cripple Creek, carrying doctors, nurses and officers.

The work of removing the dead bodies began at 4 o'clock. The scene about the depot is horrible in the extreme. Portions of human bodies are scattered over the right of way of the railroad, and in a twenty foot hole made by the explosion are several skulls, arms, legs and hands. Every object within a radius of 50 feet of the hole is bespattered with blood, and eight men are lying at the Victor and Red Cross hospitals in a terrible condition from wounds received; and all will die.

The plotters evidently did not want to injure any of the train crew. The train started from Alta Vista and picked up various 4 o'clock shifts who wished to return to their homes. When within seventy-five feet of the depot at Independence the engine whistle sounded for the men at the depot to get ready to board the train and to make haste. As the shrill whistle sounded, a muffled roar came and the

mountain trembled as if shaken by an earthquake. The detonation was loud and long and was heard for miles. The train, which was running slowly, was brought to a sudden stop and the crew hastened forward. Terror stricken at the sight, it took a few seconds for the train men to appreciate the terrible results of the explosion, and the messengers then rushed for assistance.

The Findley mine was controlled by A. E. Carlstone, president of the First National bank, who is prominent in the councils of the mine owners association and stubborn enemy of union labor.

Victor, Colo. June 6—The Mine Owners Association at a secret meeting this morning sent an urgent request to the governor to rush in troops. If refused an appeal will be sent to President Roosevelt for federal soldiers. The last trooper left Cripple Creek only Friday. Fifty thousand dollars reward will be offered for the arrest and conviction of the fiend.

News of the War

ANOTHER FORCE LANDED

Rome, June 4—A Tokio telegram reports another force of 25,000 Japanese and sixty guns landed at Lakhian.

The Japanese now hold the entire line from Feng Huang Cheng to Kai Ping twenty-five miles southeast of New Chwang. One hundred and fifty thousand troops are spread along this line prepared to oppose any Russian movement.

RUSSIAN RAIDERS

Seoul, June 4—Three hundred Russian raiders are reported to be in the neighborhood of Ping Yang, one hundred miles north.

ALARMING REPORTS

St. Petersburg, June 6—Alarming reports are current today that the Trans-Siberian railway has reached the limit of its capacity in transporting supplies for feeding the Russian army in Manchuria.

SINKING OF RUSSIAN GUNBOAT CONFIRMED

London, June 6—The Japanese minister has a dispatch from Tokio confirming the report of the sinking of a Russian gunboat. Destroyers and launches engaged in clearing the mines outside, hastily fled inside the harbor.

JAPANESE SHIPS SUNK

Lioyang, June 6—It is persistently reported that the Port Arthur squadron in a sortie yesterday caught the Japanese fleet off its guard, sinking four Japanese ships.

SMALL SCHOONER CAPTURED

Tokio, June 6—A small Japanese schooner has been captured by the Russians off Saghlien island. The crew of sixty-three were made prisoners.

THREE MORE DIVISIONS

Rome, June 6—Tokio dispatches say three more divisions of the Japanese army are being mobilized to operate against Vladivostok.

BLOWN UP BY MINE

Cheefoo, June 6—It is reported that a large Japanese merchantman was blown up off Tallienwan by a mine.

MINOR ENGAGEMENTS

Tokio, June 6—Three engagements between Japanese and Russian forces from the north occurred Monday between Port Adams and Kaeping. In each case the Russians were compelled to turn back, the Japanese following.

COSSACKS TAKE PASS

St. Petersburg, June 4—Gen. Sakaroff reports that the Cossacks attacked a strong Japanese position in Fenchun Lang pass near Sinatise, sixty miles north of Feng Hung Cheng, and drove the Japanese from the heights. The Russian loss is six killed and twenty wounded, including a colonel.

JAPS CHEER RUSSIAN HEROES

St. Petersburg, June 6—A telegram from Lioyang gives an interesting incident in the battle of Kionleuchang on May 30. During the fight, Gen. Kashtalansky ordered the tenth East Siberian regiment to advance, thus covering the retreat of the general Russian army.

The order was obeyed, and as the regiment marched forward with the utmost steadiness in the face of almost certain annihilation, the Japanese on the neighboring heights observed the move and saluted the Russian heroes with cheers, in reply to which Kashtalansky ordered the battery trained on the Japanese to cease firing, and during the lull the armies separated.

PROMOTIONS

Tokio, June 6—The following promotions have been announced: Vice Admiral Togo and Camamoto to be Admirals and Lieutenant General Kodami Nochiand Erwan Lishi Okasawa to be generals.

RUSSIAN CAVALRY WINS

St. Petersburg, June 6—Kuropatkin reports that June 3rd the Japanese tried to cross the river at Koulindshir, but the Russian force opposed and fighting continued on the heights of Lotayapudza for four hours. The Russian cavalry won, losing one officer killed and two officers and 73 men wounded.

Nasal CATARRH

In all 25 states there should be eliminated. Key's Cream Balm cleanses, soothes and helps the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Drug-gists or by mail; Trial Size, 10 cents by mail.
