LOCAL RECORD.

SEVEN FAMILIES.—An intelligent Minnesotan is in the city as advance agent for six or seven families, who wish to leave their long, severe winters for our short, mild ones; but he doesn't believe in leaping in the dark, and wants to know what can be done when he gets here.

SEATTLE.—Yesterday afternoon Mr Hoffman received a dispatch from Director Kellogg that the tournament and State Firemen's Association would be held at Seattle instead of Portland, as the latter place had failed to raise the necessary funds, and the date has been changed to July 2nd to 6th.

FIGURED OUT.—An Ohio man writes to an Albany man about our country. He has the matter well figured out. He wishes to sell his farm, consisting of 185 acres, for \$80 to \$100, the prevailing price there, as he believes that is too much money to have invested in farm property, and buy one here for \$20 to \$40.

ONE WAY.—Mr. Wallace, who has been President of the Board of Trade of Greeley, Colorado, while in the city told an Albany man about how they attracted attention for a small outlay.

AT HALF MAST.—In order to place No. 1's flag at half mast in this city yesterday Mr Holman, the handsomest one of the boys, climbed the flag pole and tacked the flag to it.

ON ELECTION DAY.—The ladies of the Baptist Church will give a dinner on June 4th (election day) at W. C. T. U. Hall, dinner commencing at 11 a. m., followed by lunch and social in evening.

HELD.—Geo. and Frank Cook, the half breeds were held yesterday under \$100 bonds for selling liquor to Indians and are now boarding with Sheriff Smith.

LANDRETH.—The Polk county murderer was given a trial yesterday, a short, pointed defenseless one, and found guilty. He was to be sentenced at one o'clock to-day. Hanging is almost too good for men like him.

LOOKS LIKE.—The last Harper's contains a page picture of Gov. Alger, of Michigan, who is a candidate for the Presidency, and who passed through Albany with the Logan party.

REMOVED.—Yesterday Dr. Maston performed a successful operation in removing a tumor from the face of J. R. Stockman, and Mr. S. said that if he had known it would have been as safe he would have had it done years ago, and is now quite happy over the result.

MARRIED.—At the home of Mr. J. W. Ellison, Sheeds, Linn county, Oregon, May 27, 1888, by Rev. H. Gould, Dr. W. M. Thompson and Miss May B. Graves.

WEATHER REPORT.—For 24 hours, beginning at 7 o'clock, p. m.

\$5000 worth of boots at lowest cost at BROWSE & STANARD.

TO-MORROW.—The program for the decoration services to-morrow will be as follows as mapped out by the committee from the G. A. R. and W. R. C.:

The procession will form in front of the G. A. R. hall and be ready to march at 10 o'clock in the forenoon, and will be made up of marshal music, "P" Co. O. N. G., W. R. C., Mrs. Brink's class of little girls, members of G. A. R., old soldiers, Sons of Veterans, Sunday school children, citizens.

The line of march will be up Ferry to Seventh, thence to the city cemetery, where the services will be held at the grave of Comrad E. Hand, and will be, music by choir, G. A. R. ceremony, song by class of little girls, address by Hon. L. H. Montanye, followed by the decoration of the graves of deceased soldiers and return march to hall.

Our citizens should be liberal in supplying flowers, and should turn out generally during the exercises of to-morrow.

FIRE MATTERS.—Last evening the board of fire delegates held a special meeting, received \$118 net from the committee on the excursion to Salem and voted the use of the same for tournament purposes.

The following resolution was passed: "Resolved. That the thanks of the board of fire delegates be extended to the Salem firemen for the very cordial reception given the Albany excursionists while in that city last Saturday, also to Mrs. L. E. Gray, Mrs. H. Lampman, Mrs. Backensto and Mrs. Dr. Gray for flowers and decorations; to the juvenile band for their splendid music furnished during the trip; to the officers and crew of the steamer, Wm. M. Hoag, and especially, to Captain Raabe, for their uniform kindness shown during the trip, and to all others who so kindly assisted in making our excursion the grand success, both socially and financially, which it proved to be."

NEWS TO US.—The following is from the Portland Telegram, and if anybody in Albany knows anything about the matter they will please raise their right foot: "A large excursion party from Albany passed down the river this morning about half-past 10 o'clock. The steamer 'Multnomah' was well crowded with excursionists. The boat stopped a short time at Alder street dock and then proceeded on its journey to the Cascades. The round trip will be made to-day. The excursion is given under the auspices of an Albany Sunday School. The Albany band played a number of selections as the steamer passed along the water front."

A BOOM.—To-day's Oregonian booms Seattle with a terrible boom that can be heard from the surf beat bar of the Columbia to the dusty plains of Southeastern Oregon, and through W. T. Likewise the Walla Walla Statesman, and how many other papers we do not know. Somebody evidently intends to make a city of the Sounds principal seaport; but there is an enormous prevarication when its population is put at 20,000.

NOTICE.—Those receiving invitations to the flag presentation will meet at the W. C. T. U. Hall, Tuesday evening at 8 o'clock p. m. Please present invitations at the door.

COMMITTEE.

HOME AND ABROAD.

Warm weather. Fresh strawberries every morning at F. L. Kenton's.

Judge Strahan came up this noon from Salem on business.

Watt Monteith returned this noon from a several days trip down the road.

Patronize home industry. Try one of Joseph's 5-cent cigars. First of his own make.

Columbia Baking Powder warranted by the manufacturers is sold at 25 cts per pound by F. L. Kenton. 3 lbs. tin for 65 cts.

Mr. Swift, the California gentleman, left this noon for the next place, almost unobserved, unknown, reading the Oregonian.

The Oregon Blood Purifier is Nature's own remedy, and should be used to the exclusion of all other medicines in all diseases of the stomach, liver and kidneys.

We have received a copy of the Polat Arena Record, a land office paper published in California. If we are not mistaken it is the paper of which Walter Porter, formerly of this city, is foreman.

Mr. Henderson, of Spring Valley, Minn., is in the city, with a view of locating in Oregon. As he is an enterprising young man with some style to him we hope he will condescend to remain among us.

On being interviewed in Portland Eli Perkins said Blaine would be nominated and elected. You all know Eli's characteristic feature in his make up, and hence comment is unnecessary.

At the regular meeting of Safety Lodge No. 13, A. O. U. W., held last night, A. D. Barker and W. F. Reul were elected delegates to the Grand Lodge, which convenes at Seattle on the second Wednesday in July.

HALESEY.

Editors Democrat: In weekly DEMOCRAT of May 25th an item needs correction. It is true that Halsey has a room; we have a new school house; we have a new store; we have a new butcher-shop; we have a half barrel of whiskey; but that whiskey had not reached the aforesaid butcher-shop when last heard from. It rests quietly in the depot and is quite an object of interest to the average Halseyite.

May 25th was Patriots Day at Halsey. Picnic under auspices of the Band. Fine day, big crowd, good music, Corporal Tanner, good dinner county candidates, Col. Irish; and through it all that whiskey stood in the depot a united example of innocuous desuetude. This incident is only another evidence that the liquor traffic must be destroyed, and regulated. Prohibition is better enforced in Halsey than the law forbidding the sale of liquor to minors is in Albany. We all know that the use of strong drink takes the manhood out of the manliest of men, and it is equally true that a liquor seller becomes by association with the stuff a law-breaker. There is no law regulating the liquor traffic that is not defied and broken. The only way to destroy the "evils" of the liquor traffic is to destroy the business. If association with the stuff so degrades men, what effect has it on the manhood of those who have their taxes paid by it? What effect does it have on the manliness of any city to have its streets sprinkled, and its lamps lighted at the price of the degradation of the weak and vicious.

LYNNE.

Halsey, May 28th.

VALUABLE WATER.—We are reliably informed that the Albany water works, ditch and mill property could be sold were they not bonded, and could the price be agreed on. This, when developed, will make a good property, and it is to be desired that before many years the water that comes rushing down from the Santiam may turn the wheels of woolen and other mills in our city, instead of going into the Willamette with a lazy, almost fruitless splash. As we understand the owner, on account of his increasing years wishes to sell, it is to be hoped it will get into the hands of men with money to improve it, and as well who can bring to its aid the wheels of the factory.

THE PRINTER'S LOT.—An exchange says that Peter the poet has sold his interest in the Long Creek Eagle and is again at large. He says he only made two hundred dollars and a suit of clothes in the two years he ran the paper, and besides got shot full of holes for speaking his sentiments, hence his retirement.

NOT BURNED.—Among those in business at Palouse City during the fire was Mr. Ed Settlemyre, son of Mr. A. Settlemyre, of this city. Very fortunately for him he was not burned out, and with one other store, was all that was left of the business houses. As a result he has been doing a rushing business. His brother George is in business at the booming city of Rosalia and is doing a fine business.

RAIN.—The weather signal says local rains may be expected, and the farmer who gazes at the flag smiles a smile of satisfaction, for the article is one that would come very handy, though it is not absolutely needed. We hope the signal will prove true, though the moon falled several days ago.

DELIVERY WAGONS.—The delivery wagons will only make two trips to-morrow, one at 8:30 and the other at 10 o'clock. Customers of our merchants will govern themselves accordingly.
