LOCAL RECORD.

THE SODAVILLE R. R.—The petition heretofore mentioned in the DEMOCRAT for the continuation of the O & C branch past Lebanon to Sodaville, was duly presented to Mr Koehler a few days ago by an influential Albany gentleman, and we are informed considerable encouragement was given, so much that there is a great probability that as soon as the road is taken out of the hands of the Receiver something will be done. Mr Koehler said an engineer would be sent in a few weeks to investigate the matter, so that the present aspect of the matter is a very favorable one.

A PICNIC CROWD.—This forenoon several loads of ladies and children from the families of Mrs Walter Monticelli, Mrs Dr Tate, Mrs Elizabeth Blain, Dr Irvine, Mr S E Young, W H Gaston, L E Blain, Jay Blain, John Barrows, C H Stewart and the local editor of the DEMOCRAT, left for Oak Grove, a very pretty place on Muddy Creek, near Oakville, where they were intending to camp and enjoy themselves. The trip was made in honor of Miss Ella Barrows.

BICYCLISTS.—The bicyclists of Albany are talking up a tournament for this city in the near future. Why not have it on the 4th. With a few other attractions we could have a jubilee of our own right here at home without a celebration. As the processions, orations and reading of declarations is a tiresome business perhaps something of this kind would be a relief. No doubt our business men would contribute liberally for a few prizes for such an affair.

THE "WHYFORE."—Portland is quite anxious to know why the State tournament was changed from that city to Seattle. Here is the whyfore. On the 17th of May at a meeting of board of directors, a resolution was passed providing that the tournament be held in Portland if the money for the prizes was raised by the 24th instant, if not then it was to go to Seattle.

SPECIAL DELIVERY.—Brownell & Standard have begun a special delivery system, and will send goods to customers at short notice. Orders taken regularly at private residences where requested. Just the thing.

A NICE PLACE.—The residence being built by Mr. B. F. Tabler at the corner of Tenth and Ferry Street is not only going to be a handsome two story structure, but it is one of the best located residences, commanding a long unobstructed view of the city.

THE C. C.'s.—The county candidates speak at Waterloo to-day. Lebanon tomorrow and Albany Saturday. The canvass so far has been a moderately mild one, characterized by no go-as-you-please fights and few skirmishes.

A LIVE DAY.—Wednesday was a live day at Stewart & Sox's in this city. Besides their store trade they sold a traction engine, Russell make, to John Morgan and one of the Russell 33-inch Separators to Mr S T Crooks. These are popular machines.

MISS MINNIE BUZZELL.—Who has spent three years in China as a missionary, will address a ladies meeting at 2 o'clock, p. m. June 5th, at the Baptist Church. Also at 7:30 o'clock same evening and place will give a history of mission work in China, to which everybody is cordially invited.

MARRIED.—On Thursday, May 31st, 1888, in Albany, at the residence of and by George Humphrey, Esq., Mr. Geo. Young and Miss Rose Clark, both of Albany. The DEMOCRAT wishes them a happy life together.

A BRIDGE.—A bridge on the Sherman plan, is being built across the ditch on Ninth street, near T J Overman's residence. The city will probably adopt this kind of bridge exclusively.

ON ELECTION DAY.—The ladies of the Baptist church will give a dinner on June 4th (election day) at W. C. T. U. Hall. Dinner commencing at 11 a. m., followed by lunch and social in evening. Tickets at door 25 cents, including dinner. Ice cream or strawberries extra.

WEATHER REPORT.—For 24 hours, beginning at 7 o'clock, p. m. Generally fair, nearly stationary temperature.

FOR SALE.—One New Studcaker wagon 3 1/4 inches spindle. Also new set harness. Inquire at the Russ House. J. H. HOWARD.

You will save money by taking your sick sewing-machine to the repairer, B F Persons at Sixth and Jefferson Sts., Albany, Oregon. Good satisfaction or no pay.

FROM PRINEVILLE PAPERS.—J J Dorris, agent of the Farmers' & Mechanics' Ins. Co., informs us that he has done an excellent business in town this week, having written up about \$60,000 worth of policies. He has appointed Wm Rowan local agent for the company here. . . . E N White returned Tuesday from Albany. Mr White reports things booming about Albany, prospects fair for a good grain yield, and the land market up to high figures. . . . Wasco sheepmen will take notice that there will be no grass for their flocks in Crook county, so they had as well look elsewhere for summer range. . . . Next week A Sanders will start a number of horses to Albany to be shipped to San Francisco. . . . It is all a mistake about Crook county being "gone up" if it is not a more favorable season. Of course we will feel the effects of a drouth this year more keenly than on other years, because last season was little better than a failure.

THE ROCK CREEK TRAGEDY.—Mr. W. H. Queener arrived in Albany to-day from Strayton, and informed a DEMOCRAT man that just before leaving home he had a conversation with Dr. McCaully, of Strayton, who attended Charles Thomas, an account of the shooting of whom was given yesterday. The Doctor states that Thomas was quite seriously hurt, the ball entering the shoulder and shattering the blade in a bad manner, probably lodging somewhere near it, causing a very bad wound; but, he thought, not a fatal one unless mortification should set in. The report of the shooting received at Strayton was substantially like the one given yesterday by the DEMOCRAT. People in the vicinity of the shooting fear that the affair is only the beginning of more serious trouble, and other shooting scrapes will surprise no one. Thomas, who was shot, had one eye put out several years ago in a raw, and on another occasion had a shooting affair near Scio; but in this case he seems to have the sympathy of the community, on account of the cowardly manner of the attack on him.

WATCHING.—The following from the Oregonian of to-day is quite cute, and shows that Nelson is not yet ready to complete his contract with the O. P.: "Mr. Nelson Bennett, the well known railroad contractor, who has just completed the Stampede tunnel, was found lolled in a rocking chair at the Esmond last evening, looking as happy and contented as possible. When asked what he intended to tackle next, he said he had nothing in particular in particular in view, he was here merely to watch Billy Hoag!"

PICKING A BONE.—Our contemporary says the fellow with a bone in his throat was not a drummer but a drunken man, and had the jimjams instead of a bone. We make the correction with a profound bow in order that the wheel of events may be allowed to continue to turn.

AT COST.—C. B. Roland & Co., of this city, are selling their entire stock at cost. Those wanting bargains should call early.

SODAVILLE.

Now is the time for one and all to come to Sodaville and drink of the ever free and health giving soda water. This water never tasted better than at the present time.

Considerable work has been done on and around the soda springs; the most noticeable of the improvements made is that of the many seats which have been placed in every shady nook close around the springs, so that the young folks, when becoming tired of loitering around the springs can take their comfort and enjoy a quiet chat to themselves, thus making more room and less confusion around the springs.

The Rev Mr Jones is here making preparations to start a camp-meeting. A large tent in which the services are to be held, is being put up to-day. The meeting will begin right away.

Anyone wishing to come to Sodaville will always find good accommodations at the Fountain House, of which Mr H G Klum is proprietor. Mr and Mrs Klum are very accommodating and do all in their power to make their guests comfortable and happy.

To add to the convenience of persons coming to Sodaville, Mr H D Klum is always on hand at train time, ready to carry passengers back and forth between Sodaville and Lebanon.

Mr H Perry and sons are at Sodaville making some improvements on their property here.

Mr. Samuel Wilson, who has been lying dangerously ill for some time past, is reported as being some better.

Mr Peck and family, who have been here several months for Mr Peck's health, started back East a few days ago.

Times are some what lively here now as you will ascertain by looking into the faces of our business men. There are good many people camping here, and large crowds of people especially on Sunday, gather around the springs.
