Last Tues-day Marshal Charlton "fired" a number of yagrants out of town, and declares his inten-tion to make all others who have no visible eans of support depart or go to work. The official canvass of the vote of Crook county shows that John Combs was elected theriff by only three majority, which is the mallest majority by which any official has eyer been elected in this county. D B Hodges, of Wells, Oregon, and Thos Hodges, recently from Kansas, brothers of Alex and tonroe Hodges, arrived here last Tuesday. It is the first time the four brothers have neet for forty years, and the re-union after o many years is indeed pleasant. CHARGED WITH RAPE. - Wednesday tht Constable S. P. Barger arrived in this city with Arthur Burton, a mulatto aged ut eighteen, brother-in-law of Minor ackson, of Brownsville. The charge rainst him was that of having committed pe on Eliza Harrington, aged about sixen, a niece of Mrs. Ziner, with whom she ad been living. The story of the girl was hat he entered her room Friday night, old her he would kill her if she made any hole, chloroformed her, and committed the act. He was arrested Monday, taken before Squire Averill Tuesday, waived examination, was placed under \$1000 bonds, and brought to this city as stated. Great excitement prevailed in Brownsville over the affair. The girl is confined to her room and is said to be out of her mind at least act of the dealers, and was before Friends. and is said to be out of her mind at least part of the time, now and even before Friday evening. Burton says he is innocent and will come out all right. As nearly as we can learn there are two sides to the case, and hence we refrain from comment, not desiring to prejudice the matter. If the charge should prove true there is no punshment too severe for the offense.

THE OFFICIAL ACCOUNT.-The Secrery of State says a Salem paper is in reript of the official election returns from enty-six out of the twenty-nine counties Oregon-Curry, Grant and Umatilla beg the ones from which no report has been ceived. If these derelict counties are eard from by next week, the Secretary rill open and canvass them in the pres-nce of Governor Pennoyer, as required y law. Every county in the State has een heard from, however, and it is defi-itely known that the next legislature will be composed of seventy-two democrats and composed of seventy-two democrats and ighteen republicans.

PAINFUL SPRAIN .- This morning two oys of the Young America variety, Char-Rader and Ben Barker were having a whole let of fun riding a pony near John Schmeer's livery stable. They were kickng and punching the peny in the flank with their heels in regular Oregonian style when the pony reared up very perpendicularly and fell backward on the boys. Charley received a very painful sprain of the ankle, and lost his package of eigarettes. Ben saved his "chaw" of tobacco nd was otherwise anhurt.

CHINESE PHEASANTS,-While we are discussing the subject of Chinese pheasants pro and con the following extract from a letter from Judge Denny to a Portland friend, will be of interest: "Upon an examination of my memorandum book, I amination of my memorandum book, I find I have expended first and last in thi venture (the game birds,) without any return, about \$518—independently of the labor, which cannot be estimated in dollars and cents—quite a tax, considering that I was not the possessor of \$5000 worth of property at the time. Notwithstanding this, I shall not regret the investment of either time or mency if the object sought is attained, for you know that it is largely due to importations of various birds that enables us to 'make the desert blossom like the rese,' and which add so much to the grandeur and enjoyableness of our young but great country."

The ST, Charles,—The subscription

THE ST. CHARLES,-The subscription ago has been nearly raised for the St. Charles hotel, Mr. Crawford refusing to al low the sale to be confirmed except on receipt of \$3000 for the property. RETOTORS,-Hon. J. H. Peery is in the city from Dotyville, and says there is general rejoicing over the change in the weather, for along the Crabtree the rains have fallen with an awful fall, probably twice as much as here. Crops look well though.
